## ***The best hack for Garena Free Fire - Generate Unlimited Diamonds***

It's not secret that hackers have been trying to manipulate the system and exploit the in-game store by creating brute force methods and other methods to get themselves a nice amount of loot. Nowadays some of those codes and ideas have leaked from those secretive forums and are available for the majority of the public to abuse. In that regard we are going to keep this hack available for a few days for some lucky players to get their hands on plentiful of diamonds while they can. A parting gift from a chaotic year that was 2020 with hopes that 2021 will be a much better time to be alive.

In order to start the Christmas celebrations on Free Fire, Garena began, on Monday, an event that yields up to 100% bonus on the refills of diamonds made from the battle royale itself. The promotion is scheduled to take place until December 25th and is valid only through the reload interface present in the game.

## ***Our Free Fire Garena Hack is still working in 2021!***

With the new amazing features coming for the game you don't want to miss on this opportunity to get hundreds of free diamonds for your Free Fire account. Our generator is still undetected and undetectable, take this chance to boost your account without the fear of getting it banned.

Free Fire receives the new Elite Pass from January 2021 next Friday (1). Called the "Ghost cover", the package brings a theme related to two agents who were attacked by ghosts hidden in an abandoned laundry. Highlights are the necromano pack and necromine character skins. The Elite Pass can be purchased for 600 diamonds, but players can purchase it during pre-order – between December 29th and December 31st – for 1200 diamonds. Players who purchase it during pre-order win the exclusive Granada Explode Heart item.

In general reloading diamonds in Free Fire can be done through the game app, Reload Game or using a gift card. However, the specific event exclusively includes the space made available within the game.
