Online Shower Door Configurator

mystro®
Quoting Shower Doors Made Easy.

Mystro – Mystro is Basco's online configurator designed to simplify the Basco shower door buying experience for professionals within our network.

- **Assisted Selling by Model** - Web based quoting and product selection with a "find my model number" functionality enables showroom professionals to answer customer questions immediately.
- **Visual Door Drawing** - Access to Basco's production configurator provides your customer with a unique rendering of their specific selections.
- **Dynamic Pricing** - Confidently quote based on model and your customer's configuration selections.
- **Save and Store** - Retain quotes, customer information and showroom part numbers for recurring or ad hoc use. Open text fields enable customization and quote specifics.
- **Faster, More Accurate** - "One-click" quote submission to Basco orders and receive supplemental door drawings and more professional quotes for your customers.

Warranty

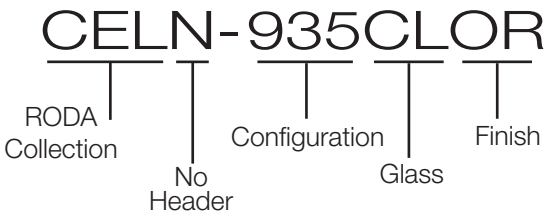
Basco offers a Limited Lifetime Warranty. For additional information and specifications, please visit www.bascoshowerdoor.com.

Different model numbers create clarity between our RODA and Basco Core lines. RODA model numbers always start with letters that represent the collection name (e.g. CEL for Celesta, DRE for Dresden, RTL for Rotolo). Basco Core model numbers always start with a number (e.g. 4500, 135, 6150). ***Logos on each page also help you identify if the model is from the RODA line or the Basco Core line.***

Build the RODA Model Number

When placing an order for a RODA (3/8" or 1/2") shower enclosure, the following items are required:

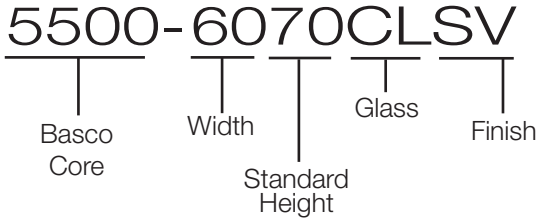
- RODA collection code, Header code, and configuration number (eg. CELN-935)
- Width desired
  - ◊ Range based units designated as "Fits Openings Between"
  - ◊ Exact width units labeled as "Specify Width Between"
- Finished height
- Glass type
- Finish option
- Any additional optional features/detailed drawing*

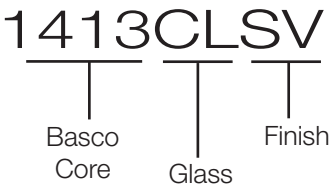


Build the Basco Core Model Number

When placing an order for a Basco Core shower enclosure, the following items are required:

- Numerical model number ***(e.g. 5500** or **1413)***
- Width desired
  - ◊ Add width for range based units designated as "Fits Openings Between"
  - ◊ Specify exact width for units labeled as "Specify Width Between"
- Finished height
  - ◊ If standard & range based unit, add height without fraction.
  - ◊ If standard and not range based, specify height
- Glass type - add code
- Finish option - add code
- Any additional optional features/detailed drawing*





***Each custom order must include a detailed drawing** that shows unit height, width (A, A+B, or A+B+C) and any out of square conditions, notched panels and/or buttresses. Shower head location may be required, depending on the enclosure. Please refer to configurations and Notes/Options for specific restrictions, requirements and recommendations for each RODA/ Basco collection. Due to certain wall conditions, some hinge options may not be available. Note that not all available options are shown in this price list and special design requests can be accommodated at an additional charge.
Contact Customer Service for additional information (inquiry@ bascoshowerdoor.com).

3/8” Glass Frameless Bypass **Tub/Shower**

ROTOLO LUX

RODA
LUXURY SHOWER ENCLOSURES

Rotolo Lux - Model RTXH-905 & **Rotolo Lux SLIM** - Model RTXS-905

No wall jambs
for a more frameless look.

Features:
- *Modern header rail with top rollers*
- *No wall jambs*
- *Exterior through-the-glass towel bar*
- *Interior pull knob*
- *Left or right configurations*

Rotolo Lux Towel Bar features a rounded bar with mitered corners.

NEW - NOW AVAILABLE!

ROTOLO LUX SLIM:
All the features of the Rotolo Lux, but with a narrow curb to fit thinner thresholds!

Rotolo “Zero Threshold” Lux - Model RZXH-905

All the features of the above PLUS:
- *Includes center guide, drip vinyls and an optional half-moon dam instead of the usual curb*

Unique to the Rotolo Lux Series, the “Zero-Threshold” Lux offers all the stylish features of the Rotolo Lux, with a no-barrier entry solution.

Rotolo Lux / Rotolo Lux Slim Optional Features

- Additional towel bar - add $132. A single-sided towel bar can be added to the interior door panel in place of the knob.
- Additional knob - add $57. A knob can be added to the exterior door panel in place of the towel bar.
- Optional vertical pulls (with rounded corners) add $165 - two 12” single-sided vertical pulls may be requested in place of the towel bar and knob.
- Glass panel out-of-square - add $87 each.

Rotolo Lux Notes

- Minimum of 2¾” curb width/threshold is required. Select Slim version for thinner thresholds.

Fillers - For best performance, Basco recommends the opening be square and plumb. Unit will accommodate up to 1/4” out-of-level before a curb filler is required. Out-of-plumb fillers are not available, so glass out-of-plumb beyond 5/16” will be cut to fit. Please refer to page 88 for part numbers and pricing.

Rotolo Zero Threshold Lux Optional Features

- Additional towel bar - add $132. A single-sided towel bar can be added to the interior door panel in place of the knob.
- Additional knob - add $57. A knob can be added to the exterior door panel in place of the towel bar.
- Out-of-square glass panel - add $87 each. Maximum out-of-level is 3/16” for this model. Out-of-plumb fillers are not available, so glass will be cut to fit for out-of-plumb beyond 5/16”. Please note any out-of-square conditions.

Rotolo Zero Threshold Lux Notes

- Minimum of 3⅜” curb width/threshold is required.
- The drip vinyls and optional half-moon dam assist with water retention, but some water may escape the enclosure.

ROTOLO LUX, ROTOLO LUX SLIM
ROTOLO, ROTOLO SLIM

Rotolo Lux - Model 5550 *(Tub/Shower)* & **Rotolo Lux SLIM** - Model 5650 *(Tub/Shower)*

No wall jambs
for a more frameless look.

Features:
- *Modern header rail with top rollers*
- *No wall jambs*
- *Exterior through-the-glass towel bar*
- *Interior pull knob*
- *Left or right configurations*

Rotolo Lux towel bar features a rounded bar with mitered corners.

NEW - NOW AVAILABLE!

ROTOLO LUX SLIM:
All the features of the Rotolo Lux, but with a narrow curb to fit thinner thresholds!

Rotolo - Model 5500 *(Tub/Shower)* & **Rotolo SLIM** - Model 5600 *(Tub/Shower)*

Features:
- *Modern header rail with top rollers*
- *Exterior through-the-glass towel bar*
- *Interior pull knob*
- *Left or right configurations*

Rotolo towel bar features a rounded bar with rounded corners.

NEW - NOW AVAILABLE!

ROTOLO SLIM:
All the features of the Rotolo, but with a narrow curb to fit thinner thresholds!

Optional Features
- Additional towel bar - add $132 (replaces pull knob)
- Additional knob - add $57 (replaces towel bar)
- Glass Panel Out-of-Square - add $87 per panel (Rotolo Lux model only)
- Optional vertical pulls (rounded corners) add $165. Two 12” single-sided vertical pulls may be requested in place of the towel bar and knob.

Rotolo Lux/Rotolo Notes
- Minimum of 2¾” curb width/threshold is required. Select Slim version for thinner thresholds.

Fillers - For best performance, Basco recommends the opening be square and plumb. Please refer to page 88 for part numbers and pricing.
Rotolo Lux or Rotolo Lux Slim unit - if the opening curb is out of level beyond 1/4” purchase tapered filler for proper fit. Out-of-plumb fillers are not available, so glass out-of-plumb beyond 5/16” will be cut to fit.
Rotolo or Rotolo Slim unit - If the opening curb is out of level beyond 1/4” or walls are out of plumb beyond 3/8”, purchase tapered fillers for proper fit.

Add - **$367**

**Not available in Brushed Gold finish.*

Optional Features

- **Custom Height and/or Custom Door Width -** For any non-standard height, add $250 to the next taller standard height. (For example, for a custom height of 74”, add $250 to the 76” height.) Use 84” height as base for anything greater than 84” tall up to 96” (max. 96”). Add $250 for any exception to the standard 28” swing door width, either greater or smaller (maximum 36”). ***Only one $250 adder will be applied for a unit with both a custom door width and a custom height.***
- **Angled Ceiling or Floor to Ceiling - add $123**, **Extra Panel** or **Transom - add $282** (ea), **Swing Out Only** (created by vinyl) or **1/2 Moon Dam** (SC889) **- add $43**.
- **Upgrade to 1/2” glass - add $425**/model. Limited to Clear, AquaGlideXP Clear, Silk, Pure Clear, Pure Silk, ShowerGuard Clear, or Pure Clear ShowerGuard glass
- **Heavy hinges, offset hinge plate on wall mount hinge, or offset closure angle on any hinge - add $80. Adjustable hinges - add $120**. **Additional standard hinge** (not required) - **add $244**/ea. **Additional/non-standard clamp** (not required) - **add $173**/unit. *Specify option when ordering.*

Notes

- Please note any **out-of-square conditions or notched panel** on drawing. *No additional charges apply.*
- Mimimum stationary panel is 6” wide.
- **These models may require additional structural support.** When using wall mount hinges, 36” is the maximum panel width before a support bar is needed. Glass-to-glass hinges always require use of a support bar and minimum hinge panel size is 12”. The number of hinges provided will be determined by the application. Adequate wall support (see pg. 86) is required.

Headerless Pivot Hinge Option

- Wall mount or glass-to-glass headerless pivot hinges require no header and position the hinges at the top and bottom of the glass (instead of vertically down the glass) providing the most frameless look possible.
- **Wall Mount pivot hinges - add $213** and note option when ordering
- **Glass-to-Glass pivot hinges - add $425** and note option when ordering. *Price includes 1/2” glass hinge panel upgrade and/or support pole if required.*
- Pivot hinge extends 5/8” above unit height.
- Units with glass-to-glass pivot hinges feature 3/8” glass door with 1/2” glass panel, and are only available in Clear, AquaGlideXP Clear, Silk, Pure Clear, Pure Silk, ShowerGuard Clear, or Pure Clear ShowerGuard glass options.

aquaGLIDE XP CLEAN THAT LASTS

Protect Your Investment.

Factory-applied AquaGlideXP is an ultra-protective coating that bonds to the glass, repelling moisture and soap film and is available with any glass option- **add $200**.

Glass Options (Code)

Add $0	Add $200	Add $301	Add $426	Add $426	Add $748
Clear (CL)	AquaGlideXP Clear (XP)	Rain* (RN), Silk (LK), Vessence* (VS)	Pure Clear (PC)	ShowerGuard Clear (CG)	Pure Clear ShowerGuard (PG), Pure Silk (PS), Tempest* (TM)

Please specify preferred panel position with all patterned glass options. **Rain, Vessence & Tempest have a maximum unit height of 80".*

Finish Selections (Code)

Add $0	Add $146	Add $301
Chrome (SV)	Brushed Nickel (BN), Matte Black (WI) Oil Rubbed Bronze (OR)	Bronze (BR), Satin Nickel (SN), White (WP)

Optional Features

- **Custom Height and/or Custom Door Width -** For any non-standard height, add $250 to the next taller standard height. (For example, for a custom height of 74", add $250 to the 76" height.) Use 84" height as base for anything greater than 84" tall up to 96" (max. 96"). Add $250 for any exception to the standard 28" swing door width, either greater or smaller (maximum 36"). ***Only one $250 adder will be applied for a unit with both a custom door width and a custom height.***
- **Angled Ceiling or Floor to Ceiling - add $123**, **Extra Panel** or **Transom - add $282** (ea), **Swing Out Only** (created by vinyl) or **1/2 Moon Dam** (SC889) **- add $43**.
- **Upgrade to 1/2" glass - add $425**/model. Limited to Clear, AquaGlideXP Clear, Silk, Pure Clear, Pure Silk, ShowerGuard Clear, or Pure Clear ShowerGuard glass
- **Heavy hinges, offset hinge plate on wall mount hinge, or offset closure angle on any hinge - add $80. Adjustable hinges - add $120. Additional standard hinge** (not required) - **add $244**/ea. **Additional/non-standard clamp** (not required) - **add $173**/unit. Any of these options must be specified when ordering.

Notes

- Please note any **out-of-square conditions or notched panel** on drawing. *No additional charges apply.*
- Mimimum stationary panel is 6" wide.
- **These models may require additional structural support.** When using wall mount hinges, 36" is the maximum panel width before a support bar is needed. Glass-to-glass hinges always require use of a support bar and minimum hinge panel size is 12". The number of hinges provided will be determined by the application. Adequate wall support (see pg. 86) is required.

Headerless Pivot Hinge Option

- Wall mount or glass-to-glass headerless pivot hinges require no header and position the hinges at the top and bottom of the glass (instead of vertically down the glass) providing the most frameless look possible.

- **Wall Mount pivot hinges - add $213** and note option when ordering
- **Glass-to-Glass pivot hinges - add $425** and note option when ordering. *Price includes 1/2" glass hinge panel upgrade and/or support pole if required.*
- Pivot hinge extends 5/8" above unit height.
- Units with glass-to-glass pivot hinges feature 3/8" glass door with 1/2" glass panel, and are only available in Clear, AquaGlideXP Clear, Silk, Pure Clear, Pure Silk, ShowerGuard Clear, or Pure Clear ShowerGuard glass options.

1/4” Glass Semi-Frameless Swing Door & Panel

FUSION, INFINITY

Fusion - Model 1435

Features:
- *Headerless*
- *1/4” glass door & 3/8” glass panel*
- *Through-the-glass 6” pull handle*
- *Full length continuous hinge provides stability*
- *Left or right configuration*

Infinity - Model 1413/1413NP

1413 Model - Includes center post. May hinge from either the wall or the center post.

1413NP Model - No center post. Wall hinge only.

Features:
- *Euro style header*
- *Available with (1413) or without (1413NP) a center post.*
- *Through-the-glass 6” pull handle*
- *Full length continuous hinge provides stability*
- *Left or right configurations*

Infinity Optional Features

- **Infinity C Pull/Towel Bar Combination - add $82.** To substitute a C Pull/Towel Bar combination option, prefix the unit number with the letter (C). For example - C1415FGOR. Specify hinge side, left or right.
- **Single-Sided Towel Bar - add $62**. To add, specify when ordering. Designed for the stationary panel - includes flat caps.
- **Buttress - add $116** ea; **Notched Panel - add $174** ea.
- **Quick ‘N Stall - add $82.** *Limited to Clear, Obscure, Rain & Eclipse glass options; not available in Brushed Gold.* Not available with no-post 1413NP model.
- **Glass Panel Out-of-Square - add $87** per panel

Fillers - For best performance, Basco recommends the opening be square and plumb. If the opening curb is out of level beyond 1/4” or walls are out of level beyond 3/8”, purchase tapered fillers for proper fit. Please refer to page 89 for part numbers and pricing.

Fusion Optional Feature

- **Infinity C Pull/Towel Bar Combination - add $82.** To substitute a C Pull/Towel Bar combination option, prefix the unit number with the letter (C). For example - C1415FGOR. Specify hinge side, left or right.
- **8” Celesta Pull Handle - add $100/ea.** To substitute, specify & add when ordering.
- **Notched Panel** - add **$174** ea.
- **Glass Panel Out-of-Square - add $87** per panel

Fusion Note

- No center post - wall hinge only.

3/8” Glass Frameless Rolling door with Fixed Panel

ROLAIRE

Rolaire - Model ROLH-935

Features:
- *Barn-door style, elevated header*
- *Exterior through-the-glass pull handle*
- *Interior pull knob*
- *Left or right configurations*

Rolaire with GridGlass - Model ROGA-935

Features:
- *Barn-door style, elevated header*
- *Exterior through-the-glass pull handle*
- *Interior pull knob*
- *Left or right configuration*

Optional Feature

- Optional towel bar - add $352/ea. An 18” towel bar can be added to the inside of the door panel or the outside stationary panel. You may substitute a knob instead of the handle for no additional cost. *(Not available with GridGlass unit)*.

Notes

- Heights shown are to the top of the header. Add 3” for roller clearance.
- Minimum suggested width is 45”. At this width, walk-through opening will be roughly 18$^{15}/_{16}$”.
- Please specify shower head side, as well as any out-of-plumb and/or out-of-level conditions to the 1/16 of an inch on drawing. Glass will be cut out of square to accommodate for any out-of-plumb/level condition. Maximum of 1/8” curb out-of-level conditions.

Rolaire with GridGlass Additional Notes

- Custom grid is not available. Available sizes are listed.
- All sales are final - non-returnable.
- Extended lead times are required. Contact Customer Service for details.

aquaGLIDE XP CLEAN THAT LASTS

Protect Your Investment.

Factory-applied AquaGlideXP is an ultra-protective coating that bonds to the glass, repelling moisture and soap film and is available with any glass option- **add $100**.

Glass Options (Code)

Add $0 Clear (CL)	**Add $100** AquaGlideXP Clear (XP)	**Add $153** Rain* (RN), Silk (LK), Vessence* (VS)	**Add $214** Pure Clear (PC)	**Add $214** ShowerGuard Clear (CG)	**Add $301** Pure Clear ShowerGuard (PG), Pure Silk (PS), Tempest* (TM)

**Rain, Vessence & Tempest have a maximum unit height of 80”.*

Finish Selections (Code)

Add $0 Chrome (SV)	**Add $146** Brushed Nickel (BN), Matte Black (WI) Oil Rubbed Bronze (OR)	**Add $301** Bronze (BR), Satin Nickel (SN), White (WP)

Optional Features

- **Custom Height -** For any non-standard height, add $250 to the next taller standard height. (For example, for a custom height of 74”, add $250 to the 76” height.) Use 84” height as base for anything greater than 84” tall up to 96” (max. 96”).
- **Angled Ceiling or Floor to Ceiling - add $123**, **Transom - add $282** (ea), **Swing Out Only** (created by vinyl) or **1/2 Moon Dam** (SC889) **- add $43**.
- **Upgrade to 1/2” glass - add $213**/model. Limited to Clear, AquaGlideXP Clear, Silk, Pure Clear, Pure Silk, ShowerGuard Clear, or Pure Clear ShowerGuard glass
- **Heavy hinges, offset hinge plate on wall mount hinge, or offset closure angle on any hinge - add $80. Adjustable hinges - add $120. Additional standard hinge** (not required) - **add $244**/ea. Any of these options must be specified when ordering.

Notes

- Please note any **out-of-square conditions** on drawing. *No additional charges apply.*
- Maximum door width is 36”.

Headerless Wall Mount Pivot Hinge Option - add $213

- Wall mount headerless pivot hinges require no header and position the hinges at the top and bottom of the glass (instead of vertically down the glass) providing the most frameless look possible. Note option when ordering.
- Pivot hinge extends 5/8” above unit height.

Inline Configurations

Single Swing Door

INFINITY - 1/4” Glass Semi-Frameless
DELUXE - Framed

Infinity - Model 1400

Features:
- *Contemporary style*
- *6” Through-the-glass C-pull handle*
- *Magnetic latch secures the door*
- *Full length continuous hinge provides stability*
- *Reversible for left or right installation*

Deluxe - Model 100

Features:
- *Traditional style*
- *Full length magnetic closure*
- *Full length continuous hinge provides stability*
- *Reversible for left or right installation*

Optional Features

- Infinity C Pull/Towel Bar Combination - add $82. To substitute a C Pull/Towel Bar combination option, prefix the unit number with the letter (C). For example - C1400-28FGOR. Specify hinge side, left or right.
- Infinity Single-Sided Towel Bar - add $62. Specify when ordering.
- Deluxe Curved Towel Bar - add $137 to add a curved towel bar to Deluxe doors. Prefix the unit number with the letter “T” *(eg. T100-32CLSV).*

Fillers - For best performance, Basco recommends the opening be square and plumb. If the opening curb is out of level beyond 1/4” or walls are out of level beyond 3/8”, purchase tapered fillers for proper fit. Please refer to page 89 for part numbers and pricing.

- **Heavy hinges, offset hinge plate on wall mount hinge, or offset closure angle on any hinge - add $80.** Specify when ordering.
- **Adjustable hinges - add $120**. Specify when ordering.

Notes

- Please note any **out-of-square conditions.**. *No additional charges apply.*
- The number of hinges provided will be determined by the application. Adequate wall support is required (see pg. 86).

1/4” Glass Semi-Frameless French Doors
Tub/Shower
INFINITY

Infinity - Model 1022 *(Tub)*, 1422 *(Shower)*

Features:
- *Contemporary rounded header*
- *Two through-the-glass 6” pull handles*
- *Full length continuous hinge provides stability*
- *1022 tub includes higher threshold curb (SC607)*

Optional Features

- Infinity C Pull/Towel Bar Combination - **add $82 ea.** To substitute a C Pull/Towel Bar combination option, prefix the unit number with the letter (C). For example - C1422FGOR. Specify hinge side, left or right.
- Single-Sided Towel Bar - **add $62.** To add, specify when ordering. Designed for the stationary panel - includes flat caps.
- Extra Panel - **add $116** ea. To add AquaGlideXP to any additional panel - **add $100** ea.
- Glass Panel Out-of-Square - **add $87** per panel
- Optional Curb (SCX607) - **add $79** ea. (adds 7/16” to the height). For applications requiring a higher threshold to accomodate fiberglass or acrylic modulars with radius corners or for out of level conditions, prefix the unit number with the letter (R). For example - R1422FGOR.

Fillers - For best performance, Basco recommends the opening be square and plumb. If the opening curb is out of level beyond 1/4” or walls are out of level beyond 3/8”, purchase tapered fillers for proper fit. Please refer to page 89 for part numbers and pricing.

Add - **$367**/ea

Optional
Oversized
Pull Handle
18” or 24”
Add - **$367**

Optional Features

- **Custom Height and/or Custom Door Width -** For any non-standard height, add $250 to the next taller standard height. (For example, for a custom height of 74”, add $250 to the 76” height.) Use 84” height as base for anything greater than 84” tall up to 96” (max. 96”). Add $250 for any exception to the standard 28” swing door width, either greater or smaller (maximum 36”). ***Only one $250 adder will be applied for a unit with both a custom door width and a custom height.***
- **Angled Ceiling or Floor to Ceiling - add $123**, **Extra Panel** or **Transom - add $282** (ea), **Swing Out Only** (created by vinyl) or **1/2 Moon Dam** (SC889) **- add $43**, **AquaGlideXP to any additional panel** - add **$100** ea.
- **Upgrade to 1/2” glass - add $637**/model. Limited to Clear, AquaGlideXP Clear, Silk, Pure Clear, Pure Silk, ShowerGuard Clear, or Pure Clear ShowerGuard glass
- **Heavy hinges, offset hinge plate on wall mount hinge, or offset closure angle on any hinge - add $80.** Specify when ordering. **Adjustable hinges - add $120**. **Additional standard hinge** (not required) - **add $244**/ea. **Additional/non-standard clamp** (not required) - **add $345**/unit. Any of these options must be specified when ordering.

Notes

- Please note any **out-of-square conditions or notched panel** on drawing. *No additional charges apply.*
- Mimimum stationary panel is 6” wide.
- **Headerless models may require additional structural support.** When using wall mount hinges, 36” is the maximum panel width before a support bar is needed. Glass-to-glass hinges always require use of a support bar and minimum hinge panel size is 12”. The number of hinges provided will be determined by the application. Adequate wall support is required (see pg. 86).

Headerless Pivot Hinge Option

- Wall mount or glass-to-glass headerless pivot hinges require no header and position the hinges at the top and bottom of the glass (instead of vertically down the glass) providing the most frameless look possible.
- **Wall Mount pivot hinges - add $213** and note option when ordering
- **Glass-to-Glass pivot hinges - add $425** and note option when ordering. *Price includes 1/2” glass hinge panel upgrade and/or support pole if required.*
- Pivot hinge extends 5/8” above unit height.
- Units with glass-to-glass pivot hinges feature 3/8” glass door with 1/2” glass panel, and are only available in Clear, AquaGlideXP Clear, Silk, Pure Clear, Pure Silk, ShowerGuard Clear, or Pure Clear ShowerGuard glass options.

Features:

- *No Header (___**N**-925) or with Header (___**H**-925)*
- *Through-the-glass pull handle*
- *Glass-to-glass hinges*
- *Left or right configurations*

Upgrade to 1/2" Glass - add $637

**At this width, a header (model ___H-925) is required.*

aquaGLIDE XP CLEAN THAT LASTS

Protect Your Investment.

Factory-applied AquaGlideXP is an ultra-protective coating that bonds to the glass, repelling moisture and soap film and is available with any glass option- **add $300**.

Glass Options (Code)

Add $0	Add $300	Add $450	Add $577	Add $577	Add $1048
Clear (CL)	AquaGlideXP Clear (XP)	Rain* (RN), Silk (LK), Vessence* (VS)	Pure Clear (PC)	ShowerGuard Clear (CG)	Pure Clear ShowerGuard (PG), Pure Silk (PS), Tempest* (TM)

Please specify preferred panel position with all patterned glass options. **Rain, Vessence & Tempest have a maximum unit height of 80".*

Finish Selections (Code)

Add $0	Add $146	Add $301
Chrome (SV)	Brushed Nickel (BN), Matte Black (WI) Oil Rubbed Bronze (OR)	Bronze (BR), Satin Nickel (SN), White (WP)

Optional Features

- **Custom Height and/or Custom Door Width -** For any non-standard height, add $250 to the next taller standard height. (For example, for a custom height of 74", add $250 to the 76" height.) Use 84" height as base for anything greater than 84" tall up to 96" (max. 96"). Add $250 for any exception to the standard 28" swing door width, either greater or smaller (maximum 36"). ***Only one $250 adder will be applied for a unit with both a custom door width and a custom height.***
- **Angled Ceiling or Floor to Ceiling - add $123**, **Extra Panel** or **Transom - add $282** (ea), **Swing Out Only** (created by vinyl) or **1/2 Moon Dam** (SC889) **- add $43**, **AquaGlideXP to any additional panel** - add **$100** ea.
- **Upgrade to 1/2" glass - add $637**/model. Limited to Clear, AquaGlideXP Clear, Silk, Pure Clear, Pure Silk, ShowerGuard Clear, or Pure Clear ShowerGuard glass
- **Heavy hinges, offset hinge plate on wall mount hinge, or offset closure angle on any hinge - add $80.** Specify when ordering. **Adjustable hinges - add $120**. Specify when ordering. **Additional standard hinge** (not required) - **add $244**/ea. **Additional/non-standard clamp** (not required) - **add $345**/unit. Any of these options must be specified when ordering.

Notes

- Please note any **out-of-square conditions or notched panel** on drawing. *No additional charges apply.*
- Mimimum stationary panel is 6" wide.
- **Headerless models may require additional structural support.** When using wall mount hinges, 36" is the maximum panel width before a support bar is needed. Glass-to-glass hinges always require use of a support bar and minimum hinge panel size is 12". The number of hinges provided will be determined by the application. Adequate wall support is required (see pg. 86).

Headerless Pivot Hinge Option

- Wall mount or glass-to-glass headerless pivot hinges require no header and position the hinges at the top and bottom of the glass (instead of vertically down the glass) providing the most frameless look possible.
- **Wall Mount pivot hinges - add $213** and note option when ordering
- **Glass-to-Glass pivot hinges - add $425** and note option when ordering. *Price includes 1/2" glass hinge panel upgrade and/or support pole if required.*
- Pivot hinge extends 5/8" above unit height.
- Units with glass-to-glass pivot hinges feature 3/8" glass door with 1/2" glass panel, and are only available in Clear, AquaGlideXP Clear, Silk, Pure Clear, Pure Silk, ShowerGuard Clear, or Pure Clear ShowerGuard glass options.

Inline Configurations

Panel/Door/Panel

INFINITY - 1/4” Glass Semi-Frameless
DELUXE - Framed

Infinity - Model 1412

Features:
- *Euro style header*
- *Through-the-glass 6” pull handle*
- *Full length continuous hinge provides stability*
- *Left or right configurations*

Deluxe - Model 125

Features:
- *Traditional style header*
- *Full length continuous hinge provides stability*
- *Left or right configurations*

Optional Features

- Infinity C Pull/Towel Bar Combination - add $82. To substitute a C Pull/Towel Bar combination option, prefix the unit number with the letter (C). For example - C1412FGOR. Specify hinge side, left or right.
- Infinity Single-Sided Towel Bar - add $62. To add, specify when ordering. Designed for the stationary panel - includes flat caps.
- Deluxe Curved Towel Bar - add $137 To add a curved towel bar to any Deluxe Framed hinge door, prefix the unit number with the letter (T). For example - T125CLBR. Specify hinge side, left or right.
- Buttress - add $116 ea; Notched Panel - add $174 ea; Modified for Steam (Deluxe only) - add $44.
- Glass Panel Out-of-Square (Infinity only) - add $87 per panel
- Quick ‘N Stall - add $82. *(Limited to Clear, Obscure, Rain & Eclipse glass options. Not available in Brushed Gold.)*

Fillers - For best performance, Basco recommends the opening be square and plumb. If the opening curb is out of level beyond 1/4” or walls are out of level beyond 3/8”, purchase tapered fillers for proper fit. Please refer to page 89 for part numbers and pricing.

3/8” Glass Frameless Panel/Rolling door/Panel

ROLAIRE

Rolaire - Model ROLH-925

Features:

- *Barn-door style, elevated header*
- *Exterior through-the-glass pull handle*
- *Interior pull knob*
- *Left or right configurations*

Optional Feature

- Optional towel bar - add $352/bar. An 18” towel bar can be added to the inside of the door panel or the outside stationary panels. You may substitute a knob instead of the handle for no additional cost.

Notes

- Heights shown are to the top of the header. Add 3” for roller clearance.
- Minimum suggested width is 53”. At this width, walk-through opening will be roughly 19 3/16”, with offset panels.
- Please specify shower head side, as well as any out-of-plumb and/or out-of-level conditions to the 1/16 of an inch on drawing. Glass will be cut out of square to accommodate for any out-of-plumb/level condition. Maximum of 1/8” curb out-of-level conditions.

Optional Features

- **Custom Height -** For any non-standard height, add $250 to the next taller standard height. (For example, for a custom height of 74”, add $250 to the 76” height.) Use 84” height as base for anything greater than 84” tall up to 96” (max. 96”).
- **Angled Ceiling or Floor to Ceiling - add $123**, **Extra Panel** or **Transom - add $282** (ea), **Swing Out Only** (created by vinyl) or **1/2 Moon Dam** (SC889) **- add $43**. **AquaGlideXP on any additional panel** - **add $100** ea.
- **Upgrade to 1/2” glass - add $425**/model. Limited to Clear, AquaGlideXP Clear, Silk, Pure Clear, Pure Silk, ShowerGuard Clear, or Pure Clear ShowerGuard glass
- **Heavy hinges, offset hinge plate on wall mount hinge, or offset closure angle on any hinge - add $80. Adjustable hinges - add $120. Additional standard hinge** (not required) - **add $244**/ea. **Additional/non-standard clamp** (not required) - **add $173**/unit. *Specify option when ordering.*
- **French Door option - add $597** for an additional swing door.

Notes

- Please note any **out-of-square conditions or notched panel** on drawing. *No additional charges apply.*
- Mimimum stationary panel is 6” wide.
- **These models may require additional structural support.** When using wall mount hinges, 36” is the maximum panel width before a support bar is needed. Glass-to-glass hinges always require use of a support bar and minimum hinge panel size is 12”. The number of hinges provided will be determined by the application. Adequate wall support (see pg. 86) is required.

Headerless Wall Mount Pivot Hinge Option - add $213

- Wall mount headerless pivot hinges require no header and position the hinges at the top and bottom of the glass (instead of vertically down the glass) providing the most frameless look possible. Note option when ordering. *Price includes support pole if required.*
- Pivot hinge extends 5/8" above unit height.

Return Configurations

Door & Return Panel

INFINITY - 1/4” Glass Semi-frameless
DELUXE - Framed

Infinity - Model 1414

Features:
- *Euro style header*
- *Through-the-glass 6” pull handle*
- *Full length continuous hinge provides stability*
- *Reversible for left or right entry*

Deluxe - Model 145

Features:
- *Traditional style header*
- *Full length continuous hinge provides stability*
- *Reversible for left or right entry*

Optional Features

- Infinity C Pull/Towel Bar Combination - add $82. To substitute a C Pull/Towel Bar combination option, prefix the unit number with the letter (C). For example - C1414FGOR. Specify hinge side, left or right.
- Single-Sided Towel Bar - add $62. To add, specify when ordering. Designed for the stationary panel - includes flat caps.
- Deluxe Curved Towel Bar - add $137. To add a curved towel bar to any Deluxe Framed door, prefix the unit number with the letter (T). For example - T145CLBR. Specify hinge side, left or right.
- Buttress - add $116 ea.; Notched Panel - add $174 ea.; Special Angle *(not 90°)* - add $116 ea.
- Glass Panel Out-of-Square (Infinity only) - add $87 per panel.
- Quick ‘N Stall - add $82. *(Limited to Clear, Obscure, Rain & Eclipse glass options.)*
- Modified for Steam (Deluxe only) - add $44.

Fillers - For best performance, Basco recommends the opening be square and plumb. If the opening curb is out of level beyond 1/4” or walls are out of level beyond 3/8”, purchase tapered fillers for proper fit. Please refer to page 89 for part numbers and pricing.

- **Glass-to-Glass pivot hinges - add $425** and note option when ordering. *Price includes 1/2" glass hinge panel upgrade and/ or support pole if required.*
- Pivot hinge extends 5/8" above unit height.
- Units with glass-to-glass pivot hinges feature 3/8" glass door with 1/2" glass hinge panel, and are only available in Clear, AquaGlideXP Clear, Silk, Pure Clear, Pure Silk, ShowerGuard Clear, or Pure Clear ShowerGuard glass options.

Return Configurations

1/4” Glass Semi-Frameless Door, Inline Panel & Return Panel

FUSION, INFINITY

Fusion - Model 1450

Features:
- *Headerless*
- *1/4” Door & 3/8” Panels*
- *Through-the-glass 6” pull handle*
- *Full length continuous hinge provides stability*
- *Glass-to-glass corner*
- *Left or right configurations*

Infinity - Model 1415/1415NP

1415 Model - Includes center post. May hinge from the wall, the center post or the corner post.

1415NP Model - No center post. May hinge from the wall or the corner post.

Features:
- *Euro style header*
- *Through-the-glass 6” pull handle*
- *Full length continuous hinge provides stability*
- *With (1415) or without (1415NP) a center post*
- *Left or right configurations*

Infinity Optional Features

- Infinity C Pull/Towel Bar Combination - add $82. To substitute a C Pull/Towel Bar combination option, prefix the unit number with the letter (C). For example - C1415FGOR. Specify hinge side, left or right.
- Single-Sided Towel Bar - add $62. To add, specify when ordering. Designed for the stationary panel - includes flat caps.
- Buttress - add $116 ea.; Notched panel - add $174 ea.
- Special Angle *(not 90°)* or Glass-to-Glass Corner- add $116 ea.
- Extra Panel - add $174. AquaGlideXP on any additional panel - add $100 ea.
- Glass Panel Out-of-Square - add $87 per panel
- Quick ‘N Stall - add $82. *(Limited to Clear, Obscure, Rain & Eclipse glass options. Not available in Brushed Gold.)*

Fusion Optional Feature

- Notched panel - add $174 ea.
- 8” Celesta Pull Handle - add $100/ea. To substitute, specify & add when ordering.

Fusion Notes

- Fusion Custom Size Door Panel - Maximum inline opening size is 66”. Maximum return panel width is 36”.
- No center post - wall hinge only.

Fillers - For best performance, Basco recommends the opening be square and plumb. If the opening curb is out of level beyond 1/4” or walls are out of level beyond 3/8”, purchase tapered fillers for proper fit. Please refer to page 89 for part numbers and pricing.

aquaGLIDE XP CLEAN THAT LASTS

Protect Your Investment.

Factory-applied AquaGlideXP is an ultra-protective coating that bonds to the glass, repelling moisture and soap film and is available with any glass option- **add $300**.

Framed Door, Inline Panel & Return Panel

DELUXE

Deluxe - Model 150

Features:

- *Traditional style header*
- *Full length continuous hinge provides stability*
- *Left or right configurations*

Optional Features

- Deluxe Curved Towel Bar - add $137. To add a curved towel bar to any Deluxe framed hinge door, prefix the unit number with the letter (T). For example - T150CLBR. Specify hinge side, left or right.
- Buttress - add $116 ea.; Notched Panel or Extra Panel - add $174 ea. AquaGlideXP on any additional panel - add $100 ea.
- Special Angle *(not 90°)* or Glass-to-Glass Corner- add $116 ea.
- Quick 'N Stall - add $82. *Limited to Clear, Obscure, Rain & Eclipse glass options.*
- Modified for Steam - add $44.

Fillers - For best performance, Basco recommends the opening be square and plumb. If the opening curb is out of level beyond 1/4" or walls are out of level beyond 3/8", purchase tapered fillers for proper fit. Please refer to page 89 for part numbers and pricing.

Return Configurations

3/8” Glass Frameless Rolling door, Inline Panel and Return Panel - ROLAIRE

RODA
LUXURY SHOWER ENCLOSURES

1/4” Glass Semi-Frameless Bypass with Return Panel **Tub/Shower -** INFINITY

Rolaire - Model ROLH-950

Features:
- *Barn-door style, elevated header*
- *Exterior through-the-glass pull handle*
- *Interior pull knob*
- *Return Panel must be at a 90° angle*
- *Left or right configurations (door cannot close into 90° angle)*

BASCO
SHOWER ENCLOSURES

Infinity - Model 4501 *(Tub/Shower)*

Featues:
- *Euro style header*
- *Exterior & interior through-the-glass towel bars*
- *Through-the-glass roller brackets*
- *Custom inline panel (24” maximum width)*

Rolaire Optional Features

- Optional towel bar - add $352 ea. An 18” towel bar can be added to the inside of the door panel or the outside stationary panels. You may substitute a knob instead of the handle for no additional cost.
- Extra Panel - add $282 each. AquaGlideXP on an additional panel - add $100 ea.
- Mitering for glass-to-glass corner is available - add $471.

Notes

- Heights shown are to the top of the header. Add 3” for roller clearance.
- Please specify shower head side, as well as any out-of-plumb and/or out-of-level conditions to the 1/16 of an inch on drawing. Glass will be cut out of square to accommodate for any out-of-plumb/level condition. Maximum of 1/8” curb out-of-level conditions.
- Minimum suggested inline width is 45”. At this width, walk-through opening will be roughly $18^{15}/_{16}$”, with offset panels. Maximum inline width is 73”. Door cannot close into the return panel, and the return panel must be at 90° angle.
- Minimum of a $2^{3}/_{16}$” curb and wall jamb width threshold is required. Maximum width and heights are shown above and model cannot be customization beyond these dimensions.

Infinity Optional Features

- Glass Panel Out-of-Square - add $87 per panel
- Substitute towel bars with single-sided pull handles - add $153. Aluminum pulls match frame color (SC4570). Specify at time of order. Showerhead side is required for pull handle option.
- Buttress - add $116 ea. Notched Panel - add $174 ea. Extra Panel - add $174 ea.; Additional Panel with AquaGlideXP - add $125 ea.
- Knobs - add $57. To replace Infinity towel bars with knobs, specify at time of order.

Infinity Fillers - For best performance, Basco recommends the opening be square and plumb. If the opening curb is out of level beyond 1/4” or walls are out of level beyond 3/8”, purchase tapered fillers for proper fit. Please refer to page 88 for part numbers and pricing.

aquaGLIDE XP CLEAN THAT LASTS

Optional Features

- **Custom Height -** For any non-standard height, add $250 to the next taller standard height. (For example, for a custom height of 74”, add $250 to the 76” height.) Use 84” height as base for anything greater than 84” tall up to 96” (max. 96”).
- **Angled Ceiling or Floor to Ceiling - add $123**, **Extra Panel** or **Transom - add $282** (ea), **Swing Out Only** (created by vinyl) or **1/2 Moon Dam** (SC889) **- add $43**. **AquaGlideXP to any additional panel** - **add $100** ea.
- **Upgrade to 1/2” glass - add $637**/model. Limited to Clear, AquaGlideXP Clear, Silk, Pure Clear, Pure Silk, ShowerGuard Clear, or Pure Clear ShowerGuard glass
- **Heavy hinges, offset hinge plate on wall mount hinge, or offset closure angle on any hinge - add $80. Adjustable hinges - add $120**. **Additional standard hinge** (not required) - **add $244**/ea. **Additional/non-standard clamp** (not required) - **add $173**/unit. *Specify when ordering.*
- **French Door option - add $597** for an additional swing door.

Notes

- Please note any **out-of-square conditions or notched panel** on drawing. *No additional charges apply.*
- Mimimum stationary panel is 6” wide.
- **These models may require additional structural support.** When using wall mount hinges, 36” is the maximum panel width before a support bar is needed. Glass-to-glass hinges always require use of a support bar and minimum hinge panel size is 12”. The number of hinges provided will be determined by the application. Adequate wall support (see pg. 86) is required.

Features:
- *No Header (___**N**-960) or with Header (___**H**-960)*
- *Through-the-glass pull handle*
- *Wall mount or glass-to-glass hinges*
- *Left or right configurations*

Optional Features

- **Custom Height -** For any non-standard height, add $250 to the next taller standard height. (For example, for a custom height of 74", add $250 to the 76" height.) Use 84" height as base for anything greater than 84" tall up to 96" (max. 96").
- **Angled Ceiling or Floor to Ceiling - add $123**, **Extra Panel** or **Transom - add $282** (ea), **Swing Out Only** (created by vinyl) or **1/2 Moon Dam** (SC889) **- add $43**. **AquaGlideXP to any additional panel** - **add $100** ea.
- **Upgrade to 1/2" glass - add $637**/model. Limited to Clear, AquaGlideXP Clear, Silk, Pure Clear, Pure Silk, ShowerGuard Clear, or Pure Clear ShowerGuard glass
- **Heavy hinges, offset hinge plate on wall mount hinge, or offset closure angle on any hinge - add $80. Adjustable hinges - add $120. Additional standard hinge** (not required) - **add $244**/ea. **Additional/non-standard clamp** (not required) - **add $173**/unit. *Specify when ordering.*
- **French Door option - add $597** for an additional swing door.

Notes

- Please note any **out-of-square conditions or notched panel** on drawing. *No additional charges apply.*
- Mimimum stationary panel is 6" wide.
- **These models may require additional structural support.** When using wall mount hinges, 36" is the maximum panel width before a support bar is needed. Glass-to-glass hinges always require use of a support bar and minimum hinge panel size is 12". The number of hinges provided will be determined by the application. Adequate wall support (see pg. 86) is required.

Neo Angle Configurations

Door with 135° Angled Panels

INFINITY - 1/4” Glass Semi-frameless
DELUXE - Framed

Infinity - Model 1416

Features:
- *Euro style header*
- *Through-the-glass 6” pull handle*
- *Full length hinge provides stability*
- *Left or right configurations*

Deluxe - Model 160

Features:
- *Traditional style header*
- *Full length hinge provides stability*
- *Left or right configurations*

Optional Features

- Infinity C Pull/Towel Bar Combination - add $82. To substitute a C Pull/Towel Bar combination option, prefix the unit number with the letter (C). For example - C1416FGOR. Specify hinge side, left or right.
- Infinity Single-Sided Towel Bar - add $62. To add, specify when ordering. Designed for the stationary panel - includes flat caps.
- Deluxe Curved Towel Bar - add $137. To add a curved towel bar to any Deluxe Framed hinge door, prefix the unit number with the letter (T). For example - T160CLBR. Specify hinge side, left or right.
- Buttress - add $116/ea; Notched Panel **or** Extra Panel - add $174/ea; Special Angle *(not 135°)* - add $116/ea; AquaGlideXP on any additional panel - add $100 ea.
- Quick ‘N Stall - add $82. *Limited to Clear, Obscure, Rain & Eclipse glass options.*
- Modified for Steam (Deluxe only) - add $44.

Fillers - For best performance, Basco recommends the opening be square and plumb. If the opening curb is out of level beyond 1/4” or walls are out of level beyond 3/8”, purchase tapered fillers for proper fit. Please refer to page 89 for part numbers and pricing.

Standard Size Models

3/8” Glass Semi-Frameless Bypass
ROTOLO & CELESTA

3/8” Glass Frameless Rolling Door/Fixed Panel
ROLAIRE

RODA
LUXURY SHOWER ENCLOSURES

Rotolo - Model RTLA-905

Features:
- *Modern header rail with top rollers*
- *Exterior through-the-glass towel bar*
- *Interior pull knob*
- *Left or right configurations*

Celesta - Model CELA-905

Formerly known as 2850A/3850A

Features:
- *Euro style, curved, modern header*
- *Interior & exterior through-the-glass towel bars*
- *Through-the-glass roller bracket*

Rolaire - Model ROLA-935

Features:
- *Barn-door style, elevated header*
- *Exterior through-the-glass pull handle*
- *Interior pull knob*
- *Left or right configurations*

Rotolo Notes
- Minimum of 2¾” curb width/threshold is required.
- See pages 8 - 9 for custom options.

Celesta Notes
- See page 10 - 11 for custom options.

Rolaire Notes
- Heights shown are to the top of the header. Add 3” for roller clearance.
- See page 26 - 27 for custom options.
- Please specify shower head side, as well as any out-of-plumb and/or out-of-level conditions to the 1/16 of an inch on drawing. Glass will be cut out of square to accommodate for any out-of-plumb/level condition. Maximum of 1/8” curb out-of-level conditions.

Rotolo & Celesta Fillers - For best performance, Basco recommends the opening be square and plumb. If the opening curb is out of level beyond 1/4” or walls are out of plumb beyond 3/8”, purchase tapered fillers for proper fit. Please refer to page 88 for part numbers and pricing.

Behind the Walls for Heavy Glass

Our intent at Basco is to ensure that our customers have access to the products they desire based on their style and preferences. As such, please refer to these guidelines for installing heavy glass doors on fiberglass and acrylic substrates.

Structural Support Guidelines

- A Celesta/Roda door on acrylic or fiberglass requires proper blocking to ensure stability.
- A single 2 X 4 stud is needed behind the wall where the header meets the wall on top and bottom pivot units.
- A double 2 X 4 stud is needed behind the wall on the hinge side for wall mount hinges.
- A double 2 X 4 stud is needed at the threshold for hinge mounting and support of the weight.

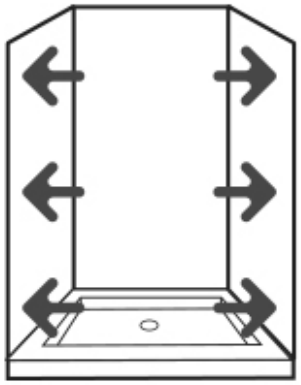
Precautionary Guidelines

- When the U-Channel or glass clamp is screwed into the threshold, the weight of the glass sits on top of the screws, necessitating the structural support.
- Without proper structural support, when the panel or door is moved this could cause the screws to move slightly. Over time, this slight movement enlarges the hole the screw is in and eventually cracks (spider webs) the gelcoat or acrylic and begins to break down the fiberglass backing.
- Acrylic or fiberglass walls have blocking installed by the manufacturer. However, the location of that backing may not match the location of where holes need to be drilled for vertical u-channel, wall mount hinges, and headers.
- Without proper backing behind the walls the door or panel(s) will eventually slip out of the thin walls.

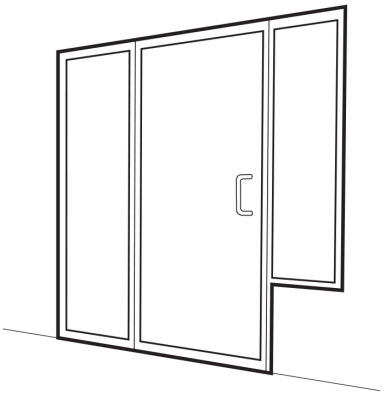
RODA Product Notes

- Products will be produced using industry best practices and techniques for all hardware, gaps and spacing deductions, horizontal and vertical securing, etc.
- The base and walls for any RODA unit(s) must be constructed with proper wood blocking prior to installation to ensure the weight of the enclosure is properly supported as it may result in product failure. At minimum, 2 x 4 blocking is required at the location of any structural member of the unit including, but not limited to: hinges, clamps, and header brackets. All fasteners at these locations are required to be installed into the blocking. Basco is not liable for cracks on the fiberglass or acrylic modules or product failure of any kind that results from inadequate blocking.
- Depending of the panel size and or door hinge layout, a support bar or header may be required for proper stability.
- Floor to Ceiling panel(s) will be manufactured to be lift and drop when using U-Channel as the horizontal securing method unless noted otherwise.
- Safety tempered glass cannot be cut and is resistant to breakage, but it is susceptible to breakage if improperly handled through unequal pressure or if an unprotected edge comes in contact with any solid surface. Basco is not liable for breakage after installation is completed.

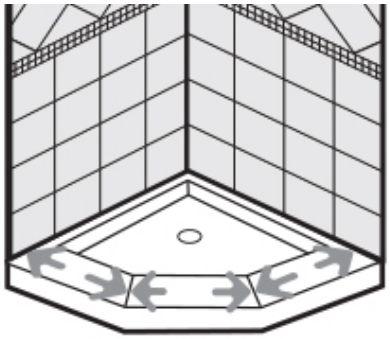
Accurate Measurement - Measure your shower door opening width at the bottom, middle, and top.



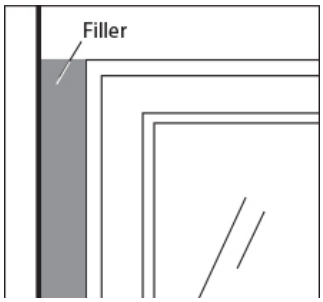
Buttress - A panel that is elevated off of the curb, sometimes called Knee Wall.



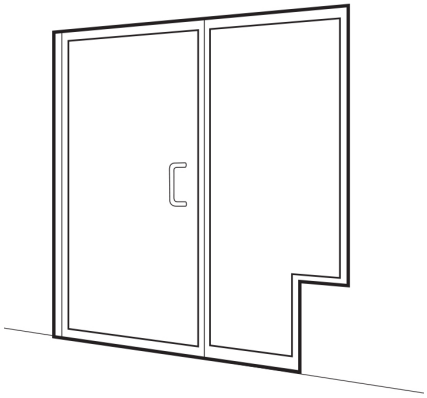
Centerline - An imaginary line used as the center point of the shower enclosure. Often times the center of the curb.



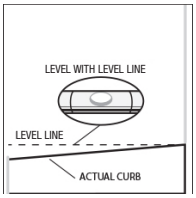
Filler - Additional material which matches enclosure lineals that is used to fill gaps or uneven openings. Fillers may be tapered if required to fill out-of-square or out-of-plumb conditions.



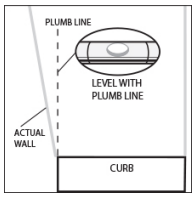
Notch - Cutout(s) or section(s) removed from a panel.



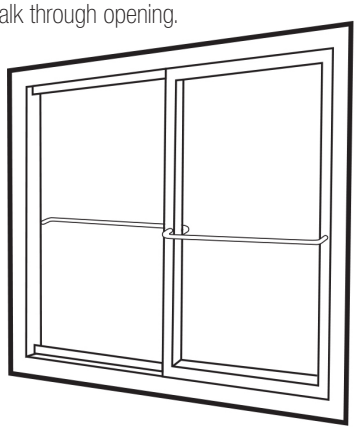
Out-of-Level - Non-level, horizontal curb, ceiling and or buttress wall condition.



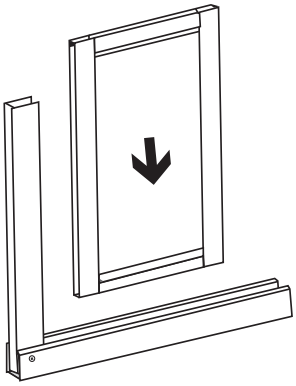
Out-of-Plumb - Non-level, vertical wall condition.



Perfect Overlap - The condition in which a Bypass Slider is sized to have ideal panel sizes to minimize panel overlap and maximize the walk through opening.



Quick 'N Stall - Features pre-assembled headers and curbs so that the panel(s) snap into place for a quick and easy installation. Learn more: bascoshowerdoor.com/installation/quickn-stall



Showerhead Position - Determine showerhead position as if looking at the shower from the outside.

Clean That Lasts

Protect Your Investment Before it Leave the Factory

Basco offers two excellent choices to keep your glass in pristine condition, both backed by warranties.

GUARDIAN SHOWERGUARD®
FOREVER BEAUTIFUL

Guardian ShowerGuard is an engineered glass that permanently protects from etching of the glass, preventing permanent water stains.

- Insures long-lasting beauty of the glass surface, which can always be returned to its original factory sheen.
- Available in 1/4”, 3/8” & 1/2” thick Clear glass as well as 3/8” & 1/2” thick Pure Clear (clear low iron) options.
- Clean the glass on your schedule - it can perpetually be restored to like-new conditions.
- **Wiping down the glass after each use is recommended.**
- When registered, installed, regularly maintained according to Guardian’s recommendations by water type, Guardian ShowerGuard glass is **backed by a lifetime warranty**.

aquaGLIDE XP
CLEAN THAT LASTS

AquaGlideXP is an ultra-protective coating that bonds to the glass, repelling moisture and soap film. For units treated with AquaGlideXP at the factory, this glass protection carries a 10 year warranty.*

- Low maintenance - requires less cleaning than untreated glass
- Effective water repellent at an affordable price point
- Minimizes mildew, soap scum and hard water build up
- Can be applied to any glass thickness or style. *For all other glass options besides Clear, please add AG in front of the model number (for example **AG**5500-6070RNWI).*
- **Wiping down the glass after each use is recommended**
- Once or twice a week, wipe down your shower door to remove body oils, soaps and shampoos from the surfaces
- **Maintain Spray Cleaner** is the recommended maintenance cleaner, which can be ordered online at: https://bascoshowerdoor.com/support/care-cleaning

*Warranty voided if rough, gritty, highly acidic or abrasive cleaners are used that may damage the AquaGlideXP coating.

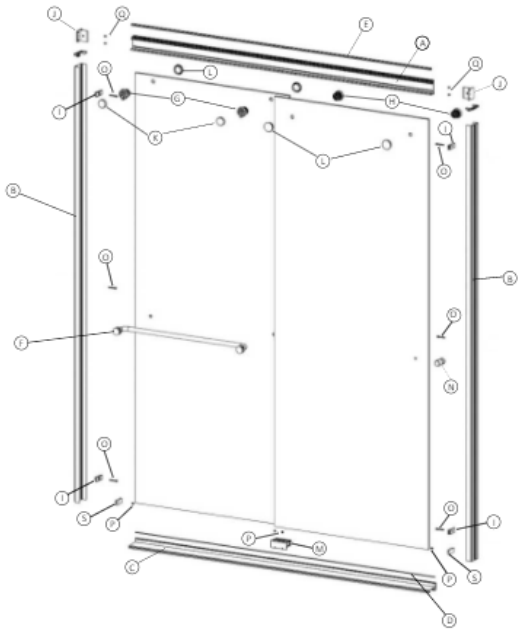
AquaGlide^{XP} Home Protection Kit is an easy three-step process that will provide added protection to any shower enclosure after installation. This innovative coating increases the sheen and luster of the glass while reducing spotting, soap scum and mineral deposits. *Please note that our AquaGlide^{XP} ten year warranty applies only to units with a factory applied coating.*

If AquaGlide^{XP} was applied at the factory, the home kit may be used to revitalize the original coating, extending its protective qualities indefinitely.

Part # AGXPKIT, $49.00 list.

Basco's **Maintain Spray Cleaner** will enhance the durability and performance of the AquaGlideXP protection when used for deeper cleaning . Most homeowners find that in addition to spraying their doors with water and towel drying daily, using Maintain spray cleaner every one to two weeks keeps their treated doors looking spot free and like new.

- Safe & environmentally friendly water-based cleaner
- Dissolves and lifts oily grime & dirt for a quick wash without water
- Refreshes the protective coating, building on the original application
- Part # RWR16, $12.99 list.



Basco's **Online Parts Store** is a great place to send customers for cleaning products and replacement parts. An easy to use "find your model" search tool will direct the customer to their door and the all the parts available for direct purchase.

- Search tool - bascoshowerdoor.com/shower-door-parts
- Cleaning products - bascoshowerdoor.com/support/care-cleaning
- Popular parts - bascoshowerdoor.com/shower-door-parts/popular-parts

Tapered Stock Fillers

For best performance, Basco recommends the opening be square and plumb. If the opening curb or walls are out of level beyond 3/8", purchase tapered fillers for proper fit. Fillers are designed to work with the adjustability of each model.

Fillers are designed to match the metal of each enclosure and are practically invisible once installed. **Each taper starts 1/16" and goes to the length designated below.** When ordering, please use the model number provided and add the desired color code at the end *(e.g. SCT891-1461SV for Chrome)*.

Additional Filler Options:

- **Straight fillers with no taper:** To order a filler of a specific width with no taper, please replace SC**T** with SC**S** in the model number *(e.g. SC**S**891-1461SV)*. The pricing below still applies.
- **Custom cut-to-size tapered fillers:** To order a filler of a taper or length different from that listed below, please replace SCT with SCX, and include the desired measurements in a note *(e.g. SCX891SV, tapered from 3/8" to 5/8", 60" length)*. Add **$45** to the SCX pricing as shown in the Parts Price list.

BASCO SHOWER ENCLOSURES

Need a quick turn around on a shower door? Try our Quick Ship Program - www.bascoshowerdoor.com/quickship

FREE FREIGHT!*

☑ Speed
Order today and we can ship it tomorrow.

☑ Convenience
Visit our website for our always up-to-date list of Quick Ship doors.
www.bascoshowerdoor.com/quickship

☑ Service
Order by 3:00 PM and the door will ship LTL the next business day with free shipping*.

☑ Quality
Expect the same high quality product from Basco - only faster.

☑ Options
Use the Quick Ship ordering form or your preferred ordering method using Quick Ship model numbers.

☑ Experience
Benefit from expertise and innovation in the industry since 1955.

☑ Simple
Put Quick Ship doors on their own purchase order.

Go to bascoshowerdoor.com/quickship to see the current list of available models. To order, please use the Quick Ship model number as shown on the web page for correct lead time and free freight*, & email to orders@bascoshowerdoor.com

**Free Freight limited to states East of the Rockies. Excludes AZ, CA, CO, ID, MT, NV, NM, OR, UT, WA, & WY.*

Optional Order Form

Quick Ship Program

Order Today - Shipped Tomorrow

Quick Ship Ordering Program Details & Requirements

- Quick Ship model numbers are required when ordering to receive the correct lead time and free freight*.
- When ordered by **3:00 PM**, Quick Ship doors will ship the next business day via LTL with free shipping*.
- Pricing shown below matches current distributor price books. MUST use Quick Ship model numbers to receive free freight.
- Quick Ship doors require their own PO# and cannot be added to other orders.
- All Quick Ship doors ship directly to the distributor - no address overrides are permitted.
- ***Please refer to the website for current availability. New doors may have been added, while slower moving doors may have be removed.***

FREE FREIGHT!*
