TECHNOLOGY

Play while parked

A gaming console integrated directly into the MINI OLED Display, Available AirConsole, offers endless entertainment options. With up to 50 third party apps to choose from, you'll never have a boring rest stop again.

Connect with your Convertible

MINI Connected is a suite of intelligent functions, apps, and services that securely and seamlessly keep you and your passengers connected to your MINI and the world around you.

Personal Assistant

When in doubt, talk it out. Your virtual copilot, the MINI Intelligent Personal Assistant, can lend a hand with everything from switching routes to switching songs.

CarPlay® & Android Auto™

Standard wireless Apple CarPlay® and Android Auto™ allow you to seamlessly connect your media for endless entertainment.

Remote Software Upgrade

Remote Software Upgrade is a convenient, stress-free way to get the newest functions and features.

Head-Up Display

Standard Head-Up Display presents key driving information, including navigation, speed, and alerts, while allowing you to keep your eyes on the road.

SAFETY FEATURES

Active Blind Spot Detection

With available Active Blind Spot Detection, visual cues in exterior mirrors alert the driver to hazards in blind spots, with steering wheel vibration and collision avoidance systems activating when changing lanes.

Lane Departure Warning

With available Lane Departure Warning, a multi-camera array helps keep the vehicle centered in its lane and alerts the driver to any unintentional drift.

Frontal Collision Warning

Available Frontal Collision Warning alerts the driver to potential collision threats and automatically activates the brakes if immediate intervention is needed.

Rear Cross Traffic Warning

Available Rear Collision Prevention provides visual and audible alerts to help the driver avoid potential collisions when reversing.

Drive Recorder

The system detects accident situations and automatically records data around your MINI.

High Beam Assist

A driver assistance feature that automatically switches between high and low beams based on lighting conditions and traffic.

THE SHOW GOES ON

Available Active Cruise Control

Innovative camera and radar-based assistance systems transform the comfort, safety, and convenience of every drive. These systems help maintain a safe distance from the vehicle ahead, assist with smooth lane changes using the Lane Change Assistant, and ease your workload in challenging driving situations.

Rollover Safety Protection

In the event of a rollover, Rollover Safety Protection quickly deploys to provide extra head protection for the driver and passengers.

The MINI App

Learn more about how features like Remote Engine Start and Digital Key can make your mornings warmer and days easier.

Make parking your party trick

Level up your parking game overnight with assistive features like Parking Assistant Plus and Back-Up Assistant.
