2027 Voluntary Contribution Towards Area Team Costs: As team costs continue to rise, any additional contribution in support of the team operations is most appreciated. The association is saving thousands of dollars by investing in regional team contracts with our neighboring counties and Cornell, the expertise of which we could not afford alone at the association level. 100% of your donation goes directly to support the teams.

If you are not an agri-business or county resident in the participating counties (listed below), enrollment in the Cornell Vegetable Program, Lake Ontario Fruit Program, NWNY Dairy, Livestock & Field Crops Team, and the Finger Lakes Grape Program is available to you for an additional charge. Please contact each team directly to enroll.
