PET

# Deli Containers

Choose from hinged-lid, round or square PET containers.

## Exceptional clarity

The PET material provides a clear view and superior merchandising to increase impulse sales. These containers are also freezer-safe, allowing you to store and sell all in one container.

## Outstanding strength

Containers are strong, stackable, and provide a secure lid fit for display and transport.

## Sustainable

These containers are also recyclable, but check locally, they may not be recyclable in your area.

**Polyethylene Terephthalate** (PET & RPET)

Better. To Go.

RPET (Recycled PET)

# Tamper Evident & Resistant Hinged Lid Containers

The sustainable way to keep your customers' food safe.

## Tamper evident and leak resistant seal

This patented design improves safety by minimizing risk of food tampering and has no loose pieces to throw away. Be confident your container is sealed when you hear the "click" while closing it. There are no shrink bands or wrap-around labels required. The leak-resistant seal locks in product freshness and reduces messy spills. The containers are resealable for convenience and flexibility.

## Sustainable

The recyclable* containers are made with a minimum of 25% post-consumer recycled materials (PCR), which reduces environmental impact by using materials previously destined for landfills. They also eliminate the need for shrink bands, also bound for landfills.

## Great for merchandising

Tamper evident containers allow for secure stacking for easy handling, display and transport. They are automation-capable thereby lowering operating costs. The large window panel is a prime location for brand identity and better merchandising.

** Check locally; May not be recyclable in all areas*

PLA-Coated Paper

# Deli Containers

EarthChoice® PLA-coated paper cups are made using renewable materials.

## Compostable

These cups and fiber-blend lids meet ASTM D6868 composability standards and will compost in commercial facilities only.*

## Versatile

Perfect for hot or cold food applications, these cups are moisture-resistant so they can be safely used for saucy foods.

** This item is not an EarthChoice product and is not compostable.

# Newspring™ DELItainer®

## Containers and Lids

These containers are a versatile option great for deli counters, grab-n-go merchandising and takeout. The lids and bases nest neatly for stacking in retail settings. The secure lid fit keeps the product in place during transportation.

### Premium performance

These sturdy containers are made of heavy-gauge polypropylene. They hold up to your heartiest menu items and will not bend or break when stacked for delivery or display. Bonus for your end customers, Newspring containers are safe for top rack use in residential dishwashers.

### Superior leak-resistance

Newspring products have a tight-fitting perimeter seal that provides exceptional leak resistance, so you can store and transport foods with confidence.

### Excellent temperature endurance

Ideal for a variety of food applications, both hot and cold, Newspring containers can be stored in the freezer, refrigerated or microwaved.
