Jayson Keeling at Third Streaming, through Feb. 25

The photos and videos in Jayson Keeling's debut mash up high and low with unsettling results. The show's title is lifted from a Bow Wow Wow album, whose cover featured a tableau vivant of *Luncheon on the Grass*, while a video titled *The Great Masturbator* nods to Salvador Dalí. Standout images include two photos, one of a sexy, scantily clad young Latin man reading about Andy Warhol, and a black man in tighty-whitey underwear with a pistol in his mouth.
