Sprinkle Kindness • Mixed Media Floral Painting

With ColorSparx Sun Splash Powders TCW9056, sprinkle Gamboge, Marigold and Crimson on the 12x12 Mixed Media Board. With a wet brush, blend the colors together.

Position 12x12 TCW929 Felicia Daisy on the lower left quadrant. Starting from the center, use Gamboge, Marigold and Crimson Stencil Butter to coat the stencil. Careful to not go beyond the edge.

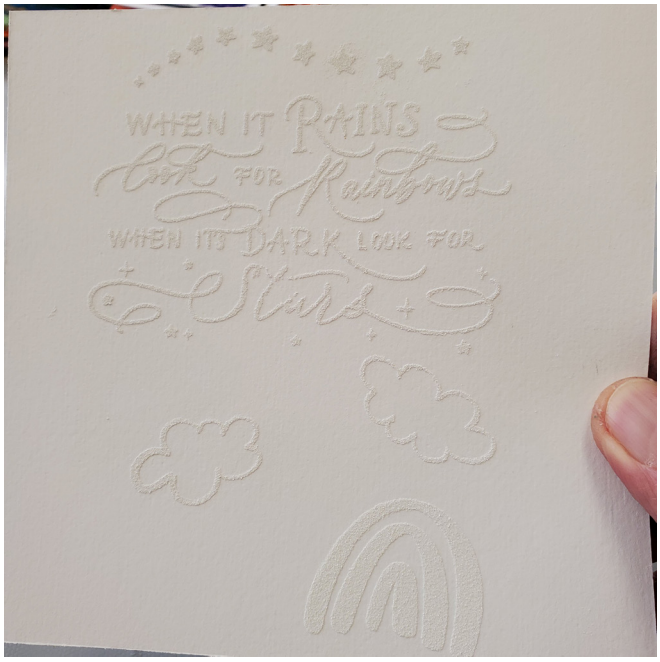
Using the edge of the palette knife, lift the stencil off the mixed media board. Place stencil immediately in water bath, wash later. Dry project with Heat Tool.

Using the 6x6 TCW929s Felicia Daisy stencil, repeat the same process with the Stencil Butters. Follow the positioning in the main photo. Use the Heat Tool to dry the image each time. Clean and dry the stencil before placing it in a new position. Be sure to leave a space for the stamped sentiment.

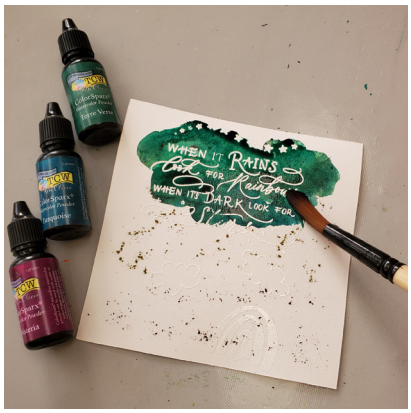
Ink the words "Sprinkle Kindness" from Stamp Set TCW2205 with your favorite permanent Black Ink. Dry with a Heat Tool.
Use the 6x6 stencil TCW932s Peruvian Lily and your favorite red inkpad, along with a stencil brush/sponge. Create a background of lilies, layering the color, being careful not to stencil over the sentiment.
Outline the words with a permanent black pen and then highlight with a white gel pen.

Using the black permanent pen, outline the petals and centers of the flowers. Then go over them with the white gel pen.

When it Rains • Square Watercolor Card



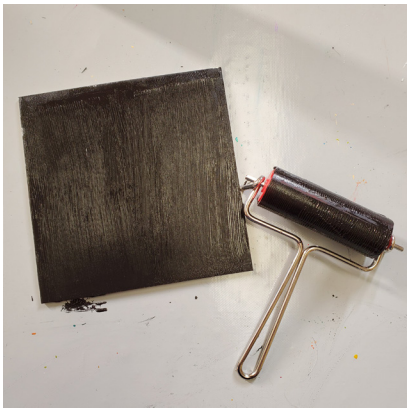
On the watercolor paper, stamp the words "When it Rains", the clouds and the rainbow from Stamp Set TCW2204 with clear embossing ink and emboss with opaque white embossing powder.

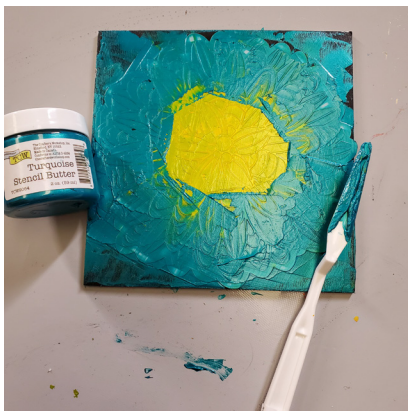


Using the TCW9058 Alpine ColorSparx Powders, sprinkle the Terre Verte, Wisteria and Turquoise over the stamped/embossed image. Using the brush and clean water, create a wash, blending the colors from top to bottom. Let dry. Again using clean water, drop droplets of water onto the image. Roll paper towel over the image to create lights and darks.
After the watercolors have dried, mount the piece onto the enclosed black square, and mount again onto the 6x6 card.

Peacock Floral Mixed Media Board

Using a brayer or brush, paint the entire surface of the 6x6 Mixed Media Board TCW9053 with Black Gesso TCW9002. Allow to dry.





Place TCW927s 6x6 Cactus Dahlia onto the board. With a palette knife, apply Chartreuse Stencil Butter to the center. Layer out the Turquoise Stencil Butter and the Ocean Blue Stencil Butter. Using the edge of the palette knife, lift the stencil off the mixed media board and place into water (wash later). With the palette knife and excess Stencil Butter, finish the edges of the mixed media board.
