  - **Question:** How are we feeling about our work together this far?
  - Brainstorming session to talk about what council will look like moving forward

    - Are we making equity work accessible for folks who are not in leadership/working directly with children or in classrooms (e.g., facilities, business office, kitchen, etc.)? Commitment across divisions is not equal.
    - CAC as liaisons between divisional leadership and Cabinet? Cabinet may not have extra help to support this [equity] work, and some may not feel the urgency to engage.
    - If the work is not mandated and some folks are uninterested in it, how do we get it
