REPORT OF THE NATIONAL COLLEGIATE ATHLETIC ASSOCIATION DIVISION I ADMINISTRATION CABINET

The NCAA Division I Administration Cabinet submits this report from its September 16, 2009, in-person meeting in Indianapolis, Indiana.

***KEY ITEMS*.**

1. **Cost savings bylaw review**. At the request of the Leadership Council, the cabinet engaged in a discussion of possible cost savings measures in legislative areas for which it has been assigned oversight responsibility. The group noted that any such measures ultimately identified and prioritized by the Leadership Council should be mindful of and consistent with the Association's core mission. The cabinet noted the need to balance priorities with cost expenditures.

2. **Committee Appointment Process.** The cabinet discussed the importance of providing the membership additional education regarding the Division I committee nomination and selection processes. The cabinet supported the staff's suggestion that developing a Web-based session may be the most effective way to thoroughly educate the membership and also identified several topics to be included in the presentation.

3. **Governance assessment tool**. The cabinet reviewed a draft of a preliminary tool designed to assess the 31-multisport conferences' knowledge of the goals and objectives behind the recent changes to the Division I governance structure. The group offered a number of helpful comments and approved sending the survey instrument to the conferences. The cabinet also identified a tentative course of action for conducting a broader assessment of the new governance structure.

***ACTION ITEMS*.**

1. **Legislative Items.**

   - None.

2. Nonlegislative Items.

- None.

***INFORMATION ITEMS*.**

1. Governance updates.

a. Report of the Administration Cabinet. The cabinet received the report of the June 30, 2009, Administration Cabinet meeting and approved the interim actions of the Administrative Committee of the Administration Cabinet.

b. Governance Reports. In keeping with Division I's efforts to enhance the level of governance communication and develop a more coordinated governance agenda, the cabinet received status reports from the Communications and Coordination Committee, the Board of Directors, and the Division I Student-Athlete Advisory Committee. [Note: During the discussion of governance reports, the cabinet reviewed Board identified priorities for this academic year.]

2. Cost savings bylaw review. At the request of the Leadership Council, the cabinet engaged in a discussion of possible cost savings measures in legislative areas for which it has been assigned oversight responsibility. The group noted that any such measures ultimately identified and prioritized by the Leadership Council should be mindful of and consistent with the Association's core mission. The cabinet noted the need to balance priorities with cost expenditures. The cabinet recommended that the Leadership Council sponsor a proposal to establish a process for casting override votes on legislative proposals that does not require an institution to be present at the NCAA Convention Division I Business Session. It noted that such a proposal not only would result in reduced costs, but would reflect a more accurate representation of the "one institution/one vote" principle. The cabinet also identified the following additional suggestions for consideration:

a. Conferences, cabinets and committees developing a legislative proposal should produce a "real time" [as opposed to varying or potential] cost impact as part of the proposal's budget implications.

b. Reduction in length of time for in-person cabinet/committee meetings [particularly those that involve student-athletes' missing class time].

c. The necessity for a "cultural shift" of the Division I philosophy in order to engage in successful deregulation efforts that result in cost savings.

3. Committee Appointments.

a. Discussion regarding ways to better educate the membership about the committee nomination process. The cabinet discussed the importance of providing the membership additional education regarding the Division I committee nomination and selection processes. The cabinet supported the staff's suggestion that developing a Web-based session may be the most effective way to thoroughly educate the membership. It suggested that in the Web-based session should include an overview or explanations of the following topics:

(1) The functionality of the NCAA committee nominating site.
(2) The process and timeline for committee appointments.
(3) Best practices for conferences in submitting the nominees, including a suggestion to pay special attention to committee qualifications.
(4) Cabinet selection priorities and policies.
(5) Macro issues impacting the committee appointment process.
(6) The need to present clear and complete nomination materials setting forth not only the nominee's qualifications but the factors that make the nominee appropriate for the committee.
(7) Issues that can impact consideration of a nominee's application in addition to the nominee's qualifications and the quality of the nomination materials.
(8) The politics surrounding the committee nomination process and suggestions regarding how best to appropriately address this concern, especially for those conferences that do not have a current seat on the cabinet.

b. Plans for February committee appointments. As the new Division I governance structure completed its first year anniversary, cabinet members offered their personal assessments of their work to-date. Most indicated the cabinet has made great strides in seeking to identify the most qualified individuals for committee positions. The group noted they hope to continue to make improvements to this process and agreed

that at its February 2010 meeting, the cabinet would consider the entire slate of nominees rather than only those nominees whose names were forwarded by a cabinet member for consideration. The cabinet additionally talked at length about the best way to ensure that nominees from all 31 multisport conferences receive fair consideration in the process, regardless of whether their conference is currently represented on the cabinet. The group discussed the importance of "checking their conference affiliation at the door" during cabinet meetings and encouraged the staff from the ten conferences not currently represented on the cabinet to contact cabinet members to share information regarding nominees.

c. Committee nominations. The cabinet approved appointments to Division I and Association-wide committees. A list of the appointments and reappointments is attached.

d. Request for term extension. The Administration Cabinet approved a one-year term extension for Drew Galbraith, associate director of athletics, Dartmouth College, chair of the Men's and Women's Skiing Committee. The Skiing Committee requested the extension due to ongoing discussions regarding restructuring of regional allocations and the difficulty in identifying eligible administrator nominees.

e. Length of student-athletes' terms on Division I committees once they have exhausted eligibility. The cabinet requested the Division I Men's Basketball Issues, Women's Basketball Issues and Football Issues Committees examine whether legislatively proscribed term should be established for student-athletes serving on those committees. Currently, the committees' composition does not include specific student-athlete representative term limits, yet rarely do student-athletes serve on those committees after the exhaustion of eligibility. [Note: A number of committees have specific legislative requirements that state a student-athlete may serve on a committee up to one year after completion of his or her intercollegiate athletics eligibility.]

4. Division I membership update.

a. Advancement of Reclassifying Member. The cabinet advanced North Carolina Central University to Year Three of the Division I membership reclassification process, effective immediately.

b. Waiver of Sports Sponsorship Requirements. The cabinet approved a waiver request pursuant to NCAA Bylaw 20.9.4.3.8.1 from Nicholls State regarding minimum contest requirements in the sport of women's cross country to permit the institution to use the sport to meet minimum sports sponsorship requirements for the 2008-09 academic year.

c. Feedback to the Leadership Council regarding membership issues. Based on its experience with the current process for monitoring the progress of institutions reclassifying to Division I membership, the cabinet identified and agreed to forward the following concerns to the Leadership Council as it continues its discussion of Division I membership requirements.

(1) Poor academic performance rates.
(2) The financial aid budget. [sources of funding predominantly being student fees or institutional funds outside the athletics department]
(3) The role of conferences as gatekeepers.
(4) Staffing responsibilities. [a lack of full-time staff members, full-time staff members performing multiple tasks]
(5) Compliance/monitoring rules violations.
(6) Low attendance numbers/deficient marketing strategies.
(7) Commitment to diversity.
(8) Cabinet's oversight role in the reclassifying process.

5. Discussion regarding governance activities.

a. Update on efforts to develop a governance assessment tool. The cabinet reviewed a draft of a preliminary tool designed to assess the 31-multisport conferences' knowledge of the goals and objectives behind the recent changes to the Division I governance structure. The group offered a number of helpful comments and approved sending the survey instruments to the conferences. The cabinet also identified a tentative course of action for conducting a broader assessment of the new governance structure. This course of action includes:

(1) Sending a brief survey instrument similar to the one sent to the conferences to Division I institutions;
(2) Conducting interviews with chairs of the cabinets and councils;

(3) Conducting exit interviews with departing cabinet and council members;
(4) Surveying the Board as to its understanding of the goals and objectives for the new structure;
(5) Developing a more detailed survey for both conferences and member institutions about their level of satisfaction with the current governance structure.

b. Enhancing the level of diversity. The cabinet was informed that the Leadership Council at its October 6, 2009, meeting is expected to begin its work in earnest regarding ways to enhance the level of diversity serving at the Division I cabinet and council levels. The cabinet was provided a discussion document prepared to assist the Leadership Council and it discussed the complexity of the issues, especially given the role conferences play in the nomination process at the cabinet and council levels. The group was encouraged to provide any comments or suggestions regarding the discussion document to staff in advance of the Leadership Council meeting.

c. Division I programming at the 2010 NCAA Convention. The cabinet was informed of proposed topics for the NCAA Convention's Division I Issues Forum, scheduled for January 15, 2010. Cabinet members were requested to provide NCAA staff with feedback regarding the proposed topics and asked to provide NCAA staff with ideas for additional discussion topics.

6. Review of proposal referred to the cabinet from the 2009-10 cycle. The cabinet reviewed a Division I legislative proposal assigned to it for review that will be considered by the Division I membership as part of the 2009-10 legislative cycle and offered the following comments:

2009-83 – Playing and Practice Seasons and Division Membership –Regulations For Playing Season and Minimum Contest Requirements For Sports Sponsorship-Women's Sand Volleyball Intent: In women's sand volleyball, to establish the playing and practice season and the minimum number of contests necessary for sports sponsorship purposes, as specified.

Cabinet's Comments : The cabinet supported subparagraph b of the Proposal No. 2009-83, which requires an institution's women's sand volleyball team to participate in a minimum of eight contests, of which no less than three shall be dual, one-day

competitions in which five two-person teams compete [institution versus institution on a single day on which no other competition occurs]. The group noted that the minimum eight contest requirement for sports sponsorship purposes may require adjustment if the maximum limitation of 16 contests set forth in the proposal is amended. [For-11, Against -0, Abstain -8]

7. Life and Work Balance Initiative. Over the course of this past year, the cabinet heard about the NCAA Executive Committee's charges to the division to consider possible legislative options to promote life-work balance and learned about on-going efforts to develop supporting best practices and policies. At this meeting, the cabinet was provided an opportunity to offer any recommended policy or legislative changes designed to enhance a sense of life-work balance. The cabinet elected not to recommend any related policy initiatives or legislative changes at this time. It noted that while the issue of work-life balance is exceedingly important, it felt that, given the NCAA's many other priorities and initiatives, it is more appropriate for the issues to be addressed by other entities (e.g. coaches associations, institutions, conferences).

8. Brief update from the NCAA Research Committee. Given the cabinet's jurisdiction over the NCAA Research Committee, the cabinet received an update regarding the NCAA research staff's recent activities in both academic and non-academic areas, including: research on the academic success of transfer student-athletes; research on initial eligibility issues and historical standards; study of academic support units on Division I campuses; development of financial dashboard indicators; and tracking of sports sponsorship, participation rates, and student-athlete, coach and administrator ethnicity and gender trends. Additionally, the cabinet was informed of a policy change implemented by the NCAA to permit sharing its research data with select outside entities.

Recommendation of the Leadership Council Regarding Diversity in the Division I Governance Structure

Enhancing the Level of Diversity in the Division I Governance Structure. The Leadership Council continued its discussions regarding methods to enhance gender and ethnic minority and positional representation among those serving in the Division I governance structure.

Recommendations: That the Board of Directors consider a slate of FBS nominations in April for all eight councils and cabinets that meet the following requirements (Terms on these bodies for FBS representatives expire in April and June 2010):

a. Apply the current gender (35%) and ethnic minority (20%) minimum requirements to **each** council and cabinet independently.

b. Apply a new minimum positional requirement for athletics directors (20%) and faculty athletics representatives (20%) to **each** council and cabinet independently.

c. Determine that the requirements of a and b above apply to the combined FCS and Division I, effective with FCS and Division I term expirations in April and June 2012. [Note: It is recommended that all the FCS and Division I terms on councils and cabinets expire during the same year in order to enable those conference to work together in submitting nominations that would meet the new diversity requirements.

d. That the Board adopt appropriate emergency legislation in April 2010 to implement these policies.

BOARD ACTION: **The Board endorsed the endorsed the Leadership Council's recommendations for enhanced diversity requirements for various Division I governance bodies.** (Unanimous voice vote)

NCAA Leadership Council Report Regarding Division I Membership Criteria

Background.

On August 9, 2007, the Division I Board of Directors adopted Legislative Proposal 2007-10, which established a four-year moratorium that prohibited consideration of any new institutional, conference or multi-divisional Division I members until August 2011.

The Board concluded that the time was right, following similar moratoriums in Divisions II and III, for the Division I membership to assess and study the impact of membership migration and to develop reasonable philosophical expectations and legislative requirements for membership in the division. The Board requested the Leadership Council to conduct this study and to make appropriate recommendations regarding possible NCAA legislation.

A preliminary report was provided to the Board of Directors in April 2009 and the Division I governance structure, member conferences and institutions were asked to provide reactions. The Leadership Council has continued discussions in order to report to the Board in time to sponsor appropriate legislative changes for consideration in the 2010-11 legislative cycle.

Excerpt from the Division I Manual--Division I Philosophy (Bylaw 20.9).

Athletics programs in Division I are guided by a philosophy statement that among other things:

- Emphasizes high standards of academic quality and breadth of academic opportunity;
- Strives for regional and national excellence and prominence and recognizes the dual objective of serving both the institutional community and the general public;
- Provides for extensive opportunities for participation in varsity intercollegiate athletics for both men and women (consistent with the requirements of Title IX) and sponsors at the highest feasible level of intercollegiate competition, men's and women's basketball and football, recognizing subdivisional designations in football;
- Advocates scheduling athletics contests primarily among Division I institutions;
- Emphasizes maintaining institutional control over all funds supporting athletics; and that
- Understands, respects, and supports the programs and philosophies of other divisions.

Additional Standards and Assumptions Relied Upon by the Leadership Council in its discussions included:

- Applicants for membership in Division I should be required to meet, over a period of time, prescribed criteria in order to assure compatibility and compliance with the principles and program objectives of Division I.

- Central to the mission of intercollegiate athletics in Division I is the academic and athletic success of student-athletes, as well as protection of their health and well-being.
- Division I members should be expected to demonstrate a meaningful program-wide financial commitment across its entire athletics program, including for financial aid, number of sports sponsored, recruiting, athletics facilities, rules compliance, coaching, team travel and academic support services.
- Membership standards should promote conference stability, provide access to Division I for qualifying institutions and treat institutions fairly in determining their status as members of Division I.
- The number and nature of multisport conferences in Division I are fundamental considerations in establishing the level, structure and scope of Division I championship competition, the allocation of financial benefits and access to service and governance of the division.
- There is a finite level and number of resources, benefits and good will available to current members of the division, which should be maintained or enhanced through any further expansion of membership.
- Potential new members of Division I should be expected to demonstrate a sustained commitment to Division I standards, assumptions and the Division I philosophy statement before election to membership in the division.
- Current voting ratios/percentages by conference and subdivision within Division I should be maintained through appropriate mathematical adjustments in the event the membership increases.
- The Division I brand has a value that can be approximated through a calculation of the value of direct and indirect services and benefits.

Recommendations.

The Council offers the following recommendations for further discussion and debate by Division I membership groups during the winter and spring 2010.

1. **Potential new members of Division I shall enter the division through a five-year "reclassification" process following no less than five-years of membership in Division II. Further, the process described in Bylaw 20.5 shall apply, and an application for membership in Division I will be accepted only after presenting a bona fide offer of membership from a Division I multisport, voting conference. The sponsoring conference will be expected to provide appropriate guidance and counsel to the transitioning new member, assist with scheduling, monitor student-athlete well being and enhance accountability during the transition process.**

   Comment: Requiring conference sponsorship and prior membership in Division II is intended to promote the long-term stability of the Association. There should be a check list

to assist conferences and transitioning institutions to ensure that institutions are meeting their appropriate benchmarks. The Administration Cabinet should provide additional thought to the timing of when various benchmarks should apply.

2. **The "provisional" process provided for in Bylaw 20.3.1, which now permits an institution outside the NCAA to become a Division I member through a seven-year process, shall be eliminated.**

   Comment: Multisport conferences within the Division I championships and governance structure are well suited to determine the needs of conferences and thereby the division. Experience in Division II serves as an appropriate platform to demonstrate the traits necessary to become a productive Division I member.

3. **An application fee shall be required before entering the "reclassification" process, which should either be commensurate with the estimated average value of direct services and benefits made available through Division I membership or based on actual educational and administrative costs to the NCAA. $1,400,000 is the current average value of Division I distributions and championships to a Division I member. $25,000 is the approximate educational an administrative cost of the reclassification process to the NCAA.**

   Comment: This requirement should be data-driven and may vary somewhat from year to year. Upon election to Division I membership, the application fee shall be deposited in the NCAA Student Athlete Opportunity Distribution Fund. In the event an institution withdraws from the reclassification process, the application fee would be returned to the institution, less any expenditure for educational and administrative costs related to the membership process. It should also be emphasized that conferences may require separate fees for joining the conference. Discussion occurred regarding alternatives where our application fee would be analogous to a business model tied to "brand" value or possibly tied to the educational and administrative costs of the process. It was concluded that as a higher-education association, data based on benefits received or costs to the Association would be most appropriate.

4. **Upon beginning the "reclassification" process, the institution must meet Division I sports sponsorship requirements (i.e., 50 percent of the grants-in-aid maximums in the conference sponsored sports in which the institution will participate). In addition, the alternative means of satisfying this requirement now set forth in Bylaw 20.9.1.2-(b) (c) and (d) would continue to apply. [Refer to the attached Chart 1 and Chart 2]**

Comment: This is the current requirement and no change is recommended. Data reviewed regarding a possible increase to these minimums did not appear to impact the division.

5. **A prospective member institution may not be elected to active membership in Division I if it is subject to a "historical penalty" under the APR program.**

   Comment: The Leadership Council believes a demonstrated commitment to academics should be required. The Committee on Academic Performance recommends that a numerical standard (e.g., 925) be avoided in deference to a "category" of academic penalties.

6. **A preliminary NCAA certification shall be required in year 2 of the five-year "reclassification" period and a full compliance review shall be required before final election to Division I membership.**

   Comment: There should be an expectation that the sponsoring conference will assist the institution in this process and that special attention should be given to rules compliance, academic support services, recruiting, coaches, team travel and facilities. Meeting standards early in the process and then demonstrating the ability to sustain such standards is important. The review process must make it clear that this is an evolutionary process so that there is no confusion that receiving positive marks during the certification process does not guarantee eventual Division I membership.

7. **New "active" members of Division I will not qualify to receive revenue distributions related to sports sponsorship, grants-in-aid, academic enhancement or Special Assistance/Student-Athlete Opportunity Funds for three calendar years following election to membership. Each sponsoring conference would be free to share revenues from its Division I distributions, including basketball grant funds, among its members as it deems appropriate.**

   Comment: This change ensures that sustainability in the division is not based solely on NCAA revenues.

8. **The multi-divisional practice that permits a Division II or III institution to designate one men's and one women's sport in Division I shall be discontinued upon the completion of the 2010-11 academic year, except in a sport where no championship is conducted in Division II. Division II and III institutions that sponsor sports teams in Division I in 2010-11 may continue to do so in the sports so designated but will forfeit**

this opportunity permanently if it fails to conduct the sport in Division I in any ensuing academic year. No change is recommended for participation in national collegiate championships.

Comment: It appears there is agreement to discontinue multidivisional competition, but teams that currently conduct such division I programs should be "grandfathered."

9. **A multisport conference must establish voting privileges in the Division I governance structure through legislation that places the conference among those identified in applicable sections of Constitution 4 related to representation and voting ratios on the Division I Board of Directors, Legislative and Leadership Councils and the five cabinets.**

   Comment: This is the current requirement in Division I. Refer to Constitution 3.3.3.2.

10. **The current definitions for "core" and "continuity" for Division I institutions shall be eliminated in favor of the definition and description of "multisport conference" set forth in Attachment A.**

    Comment: "Core" and "continuity" requirements for institutions are not needed if there is a meaningful definition of a multisport conference.

11. **No change in criteria is recommended for designation in the Football Championship Subdivision.**

    Comments: The FCS conferences do not appear to support additional membership requirements.

12. **The role of the Administration Cabinet and the steps of the five-year reclassification process should be modified by the Administration Cabinet to ensure coordination by the cabinet with sponsoring conferences.**

    Comments: Through coordination with conferences in providing guidance and assistance to potential new member institutions, some procedural functions performed now by the Administrative Cabinet could be transferred to conference offices.

13. Constitution 3.2.3.1 shall be amended to provide that the vote to elect an institution to Division I active membership upon recommendation of the Administration cabinet shall be taken by the Board of Directors, rather than the Leadership Council.

Comments: This should be noncontroversial legislation and is recommend by the Leadership Council.

Excerpt from the 2009-10 NCAA Division I Manual

20.4.4 Compliance Review Requirement. At least once every four years, an active multidivisional institution must engage in a compliance review (at the institution's expense) conducted by an authority outside the athletics department (e.g., multisport conference, outside consultant), subject to approval by the Administration Cabinet. A copy of the report of the compliance review must be kept on file at the institution and a copy must be submitted to the Administration Cabinet. *(Adopted: 1/14/08 effective 8/1/08)*

2009-10 DIVISION I COMMITTEE ON INFRACTIONS

Legislated Requirements: Ten members, seven of whom shall be at present or previously on the staff of an active member institution or member conference of the Association, no more than three but no less than two of whom shall be from the general public and shall not be associated with a collegiate institution, conference, or professional or similar sports organization, or represent coaches or athletes in any capacity. One of the members shall serve as chair and one as vice-chair. Two positions shall be allocated for men, two for women and six unallocated. Two members shall be elected as the coordinators of appeals. 19.1.1.3

There shall be no subdivision restrictions except that all nonpublic members may not be from the same subdivision; however the coordinator of appeals shall not be considered in determining whether such a requirement is satisfied.

Appointed for three-year term. A member may be reappointed but shall not serve more than nine years on the committee, with the exception of the coordinator of appeals, which may be filled by a former member of the committee who had previously served nine years. (Three years must elapse before a former member can be appointed to fill the coordinator of appeals slot.)

Vacancies: One immediate vacancy. Public member. Alfred Lechner resigned. **One September 2010 vacancy. Any subdivision.**

2009-10 DIVISION I WOMEN'S SOCCER COMMITTEE

Legislated Requirements: Ten members, including six representatives from the Football Bowl Subdivision and four representatives from the Football Championships Subdivision or Division I. One member shall be selected from each of the eight women's soccer regions (Northeast, Mid-Atlantic, Southeast, Great Lakes, Central, West, Pacific, South) and two members shall be selected at-large. No more than two may be from any one region. Quota of 50 percent administrators: **5**.

Vacancies: **One September 2010 vacancy. FBS. Any region except the Mid-Atlantic. Coach or administrator.**

Appoint: **Vicky Chun (Mid-Atlantic - FCS) and Matt Wolfert (Great Lakes --- FBS) to complete terms vacated due to circumstances below. Recommend September 2014 term expirations to maintain proper rotational balance.**

Due to regional realignment, Vicky Chun (Colgate) and Matt Wolfert (Ball State) stepped down from the committee in September 2009. Both individuals will be allowed to return to the committee to complete their terms when an opportunity arises for their regions. Vicky and Matt would both get three-year terms when they rejoin the committee.

2009-10 MEN'S AND WOMEN'S ICE HOCKEY RULES COMMITTEE

Legislated Requirements: Thirteen members. Six from Division I, one from Division II and four from Division III and one Division II or III at large position. Within Divisions I and III, one half of the members shall represent men's interests and one half shall represent women's interests. An additional member shall be a nonvoting secretary-rules editor. Quota of 25 percent administrators: **2**. Quota of 50 percent coaches: **6** (3 for D-I)**.** One position will be represented by either Division II or III and from the gender not represented by the specified Division II representative.

The subdivisional requirement for I-AAA is waived due to the lack of I-AAA member schools sponsoring ice hockey. Bylaw 21.2.1.1

8/05 -- Division III granted a waiver of Bylaw 21.8.1.3 to allow a conference member to immediately follow a member from the same conference (cannot be the same institution).

Policy**:** Each division will adhere to the 50 percent coaches independently.

Vacancies: **Three September 2010 vacancies. One Division I (men's interests – coach or administrator); One Division II (men's or women's interests); one Division II or III (men's or women's interests). One coach.**

SUMMARY OF COST SAVINGS BYLAW REVIEW DURING SEPTEMBER CABINET MEETINGS

1. Administration Cabinet.

At the request of the Leadership Council, the cabinet engaged in a discussion of possible cost savings measures in legislative areas for which it has been assigned oversight responsibility. The group noted that any such measures ultimately identified and prioritized by the Leadership Council should be mindful of and consistent with the Association's core mission. The cabinet noted the need to balance priorities with cost expenditures. The cabinet recommended that the Leadership Council sponsor a proposal to establish a process for casting override votes on legislative proposals that does not require an institution to be present at the NCAA Convention Division I Business Session. It noted that such a proposal not only would result in reduced costs, but would reflect a more accurate representation of the "one institution/one vote" principle. The cabinet also identified the following additional suggestions for consideration:

a. Conferences, cabinets and committees developing a legislative proposal should produce a "real time" [as opposed to varying or potential] cost impact as part of the proposal's budget implications.

b. Reduction in length of time for in-person cabinet/committee meetings [particularly those that involve student-athletes' missing class time].

c. The necessity for a "cultural shift" of the Division I philosophy in order to engage in successful deregulation efforts that result in cost savings.

2. Amateurism Cabinet.

The cabinet continued its examination of Bylaw 12 to identify bylaws that could be modified in order to provide possible financial relief to institutions. The cabinet also reviewed feedback solicited from the National Association of Athletics Compliance (NAAC). The cabinet noted the difficulty of identifying areas for cost savings within the amateurism legislation but agreed that the two primary areas of discussion during its meeting (NCAA Proposal No. 2009-22 and the legislative concepts within the task force report on commercial activities) hold the potential for cost savings and increased revenue generation.

3. Championships/Sport Management Cabinet.

The cabinet engaged in a review of Bylaws 17 and 31 and identified areas for possible cost reduction. The cabinet directed NCAA staff to develop a document containing the identified concepts and agreed to take formal positions on the concepts at the cabinet's February 2010 meeting.

4. Student-Athlete Awards, Benefits, Expenses and Financial Aid Cabinet.

The Awards, Benefits, Expenses and Financial Aid Cabinet submitted the following legislative concepts as a result of its review of Division I bylaws as directed by the Board of Directors.

a. Bylaw 15.3.3.1.1 -- Financial Aid -- Terms and Conditions of Awarding Institutional Financial Aid -- Period of Institutional Financial Aid Award -- One-Year Period -- Exceptions.

(1) Recommendation. The cabinet agreed to request consideration of legislation to create an additional exception to the one-year period legislation to specify that a student-athlete who graduates during the previous academic year (including summer) may receive athletically related financial aid for less than one academic year, provided the student will exhaust his or her remaining athletics eligibility during the fall term.

(2) Rationale. Under current legislation, NCAA rules prohibit an institution from awarding athletics aid for less than one academic year to a student-athlete with eligibility remaining who has already graduated prior to the academic year in question. The cabinet noted that it is appropriate to allow institutional discretion to determine, on a case-by-case basis, whether to provide athletics aid for less than one year to a student-athlete with eligibility remaining who has already graduated prior to the academic year in question. Currently, an institution must provide a one-year athletics aid agreement to such a student-athlete and he or she may not genuinely be interested in attending the entire spring semester. In many cases, a student-athlete may attend classes at the beginning of the spring or winter term in order to obtain their scholarship and then focus on training for their professional career. Permitting an institution to review the appropriateness of a second term of athletics aid in these situations could save the institution money if it decides a student-athlete is not engaged enough academically to provide them athletics aid for the second semester.

b. Bylaw 16.8.1.2.1.1 -- Awards, Benefits and Expenses for Enrolled Student-Athletes -- Expenses Provided by the Institution for Practice and Competition -- Permissible -- Departure/Return Expense Restrictions -- Exceptions.

(1) Recommendation. The cabinet agreed to request consideration of legislation to create an additional exception to the departure/return expense restrictions to specify that an eligible student-athlete may receive actual and necessary travel expenses to represent the institution in athletics competition, provided the student-athlete departs for the competition no earlier than 60 hours prior to the start of the actual competition, the institution can demonstrate overall cost savings, the student-athletes do not miss additional scheduled class time due to the earlier departure and the institution's faculty athletics representative certifies in writing, prior to the

travel, that student-athletes miss no additional scheduled class and that there is overall cost savings. Further, the recommendation would specify that the institution must include any additional costs incurred due to the earlier departure (e.g., hotel nights, meals) when evaluating whether there is overall cost savings.

(2) Rationale. Under the current legislation, if an institution's team would like to depart campus more than 48 hours prior to the actual competition due to a documented cost savings related to travel, a waiver must be filed with the NCAA Division I Legislative Council Subcommittee for Legislative Relief. Over the past three years, approximately 140 waivers have been filed for relief of the departure/return expense restrictions. Of those requests, approximately 30 percent involved assertions related to cost savings. Such waivers are typically granted, provided student-athletes do not miss additional class time as a result of the earlier departure and the institution's faculty athletics representative approved the submission of the waiver request. Under this proposal, if the earlier departure requires additional costs (e.g., hotel nights, meals), the institution must document that overall cost savings result from departing outside of the 48-hour period. Finally, while this proposal would result in student-athletes missing additional campus time, the requirement that such travel must receive prior, written approval from the institution's faculty athletics representative ensures an appropriate academic review.

c. Bylaw 16.8.1.2.1.1-(e) -- Awards, Benefits and Expenses for Enrolled Student-Athletes -- Expenses Provided by the Institution for Practice and Competition -- Permissible -- Departure/Return Expense Restrictions -- Exceptions.

(1) Recommendation. The cabinet agreed to request consideration of legislation to create an exception to the departure/return expense legislation to specify that return transportation following contests in NCAA championship events, National Governing Body (NGB) championships in emerging sports or licensed postseason football games that take place during the institution's official vacation period during the academic year or between regular academic terms are exempt from the requirement that a student-athlete remain no longer than 36 hours following the conclusion of the competition in order to receive actual and necessary expenses to return to campus, provided the return transportation expenses are equal to or less than the value of the return travel purchased by the team (i.e., within 36 hours following the conclusion of the actual competition).

(2) Rationale. Under the current legislation, when an institution is participating in an NCAA championship event, NGB championship in emerging sports or a licensed postseason football game that takes place during the institutional vacation period and classes are not in session, the institution may provide return transportation to any student-athlete who chooses to stay in the locale of the competition for an extended period after the competition, regardless of the cost. This proposal would modify the current rule to specify that return transportation expenses may be

provided by the institution to the student-athlete only if the cost for such expenses is equal to or less than the value of the return travel purchased by the team that occurs within 36 hours following the conclusion of the actual competition. This proposal is intended to provide some savings related to post-competition travel.

d. Bylaw 16.8.1.5.1 -- Awards, Benefits and Expenses for Enrolled Student-Athletes -- Expenses Provided by the Institution for Practice and Competition -- Permissible -- Travel to NCAA Championships, NGB Championships in Emerging Sports and Postseason Bowl Games during Vacation Period.

(1) Recommendation. The cabinet agreed to request consideration of an amendment to Bylaw 16.8.1.5.1.1-(a) to specify that an institution may only provide (in lieu of team transportation) the actual transportation costs incurred by the student-athlete to travel from: (1) campus to the event site and back to campus; (2) campus to the student-athlete's home and back to campus; or (3) the student-athlete's home to the event site and back home. Further, to specify that the institution may provide actual transportation costs only if the student-athlete either returns to campus on his or her own or travels home from the event site.

(2) Rationale. The current legislation permits an institution to provide (in lieu of team transportation) the greater of the transportation costs for the student-athlete to travel from: (1) campus to the event site and back to campus; (2) campus to the student-athlete's home and back to campus; or (3) the student-athlete's home to the event site and back home. Under this legislation, if an institution chooses to provide the greater amount of the transportation costs, the student-athlete may retain funds intended to be used for transportation expenses even though the student-athlete did not use the most expensive option of travel. This proposal would ensure that institutions are providing a student-athlete with the actual costs associated with his or her travel and would likely result in savings, particularly for bowl travel. For example, a student-athlete who travels with the team to the event site and the student-athlete travels from the event site to their home (in lieu of team transportation), the institution would be limited to providing the actual cost of the student-athlete's trip home from the event site.

In addition to the listed recommendations, the cabinet also discussed, but did not forward recommendations for, decreasing the number of complimentary tickets to championships for student-athletes and reducing the value limits for participation awards. The cabinet believes these decisions are more appropriately left to the discretion of an institution.

5. Recruiting and Athletics Personnel Issues Cabinets.

At the request of the Board of Directors, the cabinet engaged in a review of Bylaws 11 and 13 and created an initial list of possible bylaws and policy changes that could potentially be

modified to provide financial and operational relief to the membership. It is important to note each of these items will require further examination to develop specific recommendations prior to adoption. Further, they are not listed in priority order.

a. Bylaw 11:

(1) Eliminate live, in-person scouting for all sports.

(2) Reduce the number of coaches who can recruit off campus at any one time.

b. Bylaw 13:

(1) Deregulate communication with prospective student-athletes (e.g., telephone calls, text messages, electronic mail, "do not call list").

(2) Eliminate the mailing of all printed recruiting materials.

(3) Eliminate the use of express mail for delivery of the National Letter of Intent (e.g., send via electronic mail or regular mail).

(4) Limit the number of official visits for all sports.

(5) Reduce the number of official visits per prospective student-athlete.

(6) Limit the expenses associated with official visits (e.g., lodging, meals, and entertainment).

(7) Prohibit official visits for prospective student-athletes who have already signed an NLI.

(8) Limit the number of subscriptions to recruiting or scouting services.

(9) Create recruiting calendars for all sports.

(10) Shorten the July evaluation period for basketball.

c. Further, the cabinet noted the following actions or positions taken during its meeting that also fall under the Board's charge:

(1) sponsored a proposal to restrict institutional letterhead;

(2) supported efforts to eliminate printed media guides for recruiting purposes;

(3) sponsored a proposal to establish a limit of 100 evaluation days for institutions sponsoring sand volleyball;

(4) sponsored a proposal to limit the number of student assistant coaches;

(5) sponsored a proposal to specify that managers must be full-time students;

(6) continued examination of graduate assistant coaches and noncoaching staff with sport-specific responsibilities; and

(7) identified the examination of communication methods in the recruiting process as a priority item during the upcoming year.

d. Finally, the cabinet also noted two other areas outside of its jurisdiction that should be considered, including the elimination of foreign tours and the examination of current five-year clock and season-of-competition legislation.

6. Academic Cabinet.

The cabinet has not discussed possible cost savings measures within the NCAA bylaws under its purview.

REPORT OF THE NCAA HONORS COMMITTEE

***ACTION ITEM*.**

Nonlegislative item.

Appointment of nationally distinguished citizen committee member.

1. Recommendation. The Honors Committee recommends the appointment of Valerie Ackerman to serve as one of the three nationally distinguished citizens on the Honors Committee. (Nomination form attached.)

2. Rationale. The committee believes Ms. Ackerman's background as the founding president of the Women's National Basketball Association and the first female president of USA Basketball makes her an ideal candidate to serve on the Honors Committee. Ms. Ackerman also fulfills the legislative requirement as a former Honors recipient. Ms. Ackerman received an NCAA Silver Anniversary Award in 2006.

***INFORMATIONAL ITEMS*.**

1. 2010 Silver Anniversary Award Selections.
The committee selected the following individuals for the Silver Anniversary Award:

a. Gregg Carr (Auburn University).
b. Jack Del Rio (University of Southern California).
c. Doug Flutie (Boston College).
d. Jackie Joyner-Kersee (University of California, Los Angeles).
e. Maureen O'Toole-Purcell (University of Hawaii, Manoa).
f. Deb Richard (University of Florida).

2. 2010 Today's Top VIII Award Selections.
The committee selected the following individuals to receive the Today's Top VIII Awards:

a. Division I: Amanda Blumenherst (Duke University).
b. Division I: Courtney Kupets (University of Georgia).
c. Division I: Jeff Lerg (Michigan State University).
d. Division I: Brittany Rogers (University of Alabama, Tuscaloosa).
e. Division I: Sarah Stevens (Arizona State University).
f. Division I: Tim Tebow (University of Florida).
g. Division II: Venessa Lee (Pittsburg State University).
h. Division III: Kent Raymond [Wheaton College (Illinois)].

3. 2010 Theodore Roosevelt Award Selection.
The committee selected George Mitchell (Bowdoin College) as the Theodore Roosevelt Award recipient.

4. 2010 Award of Valor Selections.
The committee selected the following individuals to receive the Award of Valor:

a. Richard Phillips (Massachusetts Maritime Academy).
b. Roxana Saberi (Concordia College, Moorhead).

5. 2010 Inspiration Award Selections.
The committee selected the following Inspiration Award honorees:

a. 2007 Bluffton University Baseball Team.
b. Gregory Gadson (U.S. Military Academy).

6. Committee chair.
The committee selected Barbara Walker, senior associate director of athletics, Wake Forest University, to serve as chair at the close of the 2010 NCAA Convention.

Committee Chair: Gibbs Knotts, Western Carolina University
Staff Liaison: Sharon Tufano, Governance

REPORT OF THE NCAA RESEARCH COMMITTEE NOVEMBER 11-12, 2009

***ACTION ITEMS*.**

- None

***KEY ITEMS*.**

1. **Approval of Previous Minutes.** The minutes of the November 12-13, 2008, Research Committee meeting and the minutes of the August 13, 2009, Research Committee teleconference were approved as distributed.

2. **Nominations for new committee chair beginning in September 2010.** Dr. Beron provided an overview of his role as the committee chair. He also provided insight on the duties and time commitments involved in the role. He invited individuals to express interest in the role of chair via e-mail and notified the committee a formal election will take place via an online survey.

3. **Discussion of the Research Committee Graduate Student Research Grant Program**. Numerous issues were discussed and confirmed, including:

   a. **Monetary Amount and Number of Grants Awarded.** The committee discussed the benefit of increasing the award maximum to increase the quality of proposals and account for the current economic environment.

   b. **Role of the NCAA Research Committee in the Review Process.** The committee discussed reviewing all proposals in round two of the review process instead of dividing the workload. The committee agreed this would enhance the process and increase consistency in scoring and discussed future consideration of reviewing under the premise of forced priority.

   c. **Grant Review Timeline.** The committee discussed the following guidelines as a way to streamline the proposal process:

      NCAA call for proposals sent the week of January 4, 2010
      Graduate student proposals due May 1, 2010
      Staff reviews meeting on June 4, 2010
      Committee materials sent June 18, 2010
      Committee round one scores due July 23, 2010
      Teleconference materials due to committee on July 26, 2010
      Teleconference during the first week in August, 2010
      Notification to principal investigators on August 27, 2010

4. **Discussion of the Research Committee Collaboration Zone.** Ms. Bracken provided an overview of how the Research Committee currently utilizes the collaboration zone. She also provided options for continued use of the sight throughout the year to keep the committee engaged in the research processes and projects.

5. **NCAA Data Analysis Research Network (DARN) Update.** Mr. Petr provided an update on the most recent meeting of DARN. Mr. Petr highlighted future discussion topics that will most likely affect both the Research Committee and DARN.

6. **Overview of Research Staff Activities.** Mr. Petr led a discussion of research staff activities. The discussion centered on the activities of the staff and how they pertain to the mission of the Research Committee.

7. **Overview of Internal Research Issues.** Mr. Petr led a discussion of the implications, considerations and challenges of outside research being conducted with NCAA funding. Additionally, it was highlighted the breadth of research that is being requested both internally and by committees and suggestions as to how to manage that process were vetted.

8. **Research Updates.** Mr. Petr led a discussion of research updates.

   a. **Association-wide.**

      (1) SCORE ’96 Update. The committee received a progress report on the upcoming study. Topics discussed included the review of the final version of the survey instrument, future iterations of the survey instrument and the differences in data collection versus the 1994 SCORE survey.

      (2) “Growth, Opportunities, Aspirations and Learning of Students in college” (GOALS). Mr. Petr and Dr. Paskus discussed preparation and plans for the 2009-10 GOALS study.

      (3) 2010-11 Study. Mr. Petr notified the committee that the quadrennial study year of 2010-11 was open for a new survey to be implemented.

      (4) Wagering Survey. The committee received an update on the quadrennial wagering study.

      (5) Substance Use Survey. The committee received an update on the substance use study results.

      (6) Barriers Study for the Minority Opportunity and Interests Committee. Ms. Bracken discussed the background of the request to conduct a study for the perceptions of the barriers for minority student-athletes, coaches and administrators within college athletics.

b. **Division I Updates.** Mr. Petr and Dr. Paskus updated the committee on the APR and the future directions of these academic research efforts in Division I, as well as the FLAG and GROW programs that are derivatives of this research.

c. **Division II Updates.** Mr. Summers updated the committee on the ATS and the future directions of these academic research efforts in Division II.

d. **Division III Updates.** Dr. Hartung updated the committee on the financial aid report process and findings over the past three years of data collection.

9. **Graduate Student Research Grant Program Presentations.** The committee received presentations from the three grant winners of the 2009 Research Committee Graduate Student Research Grant program.

a. *The College Adjustment of African American Student-Athletes at Predominately White Institutions and Historically Black College and Universities*, Sheriece Sadberry, University of Missouri, Columbia.

b. *Physical Self-Concept and Athletic Identity Among Former Collegiate Athletes: Examining the Influence on Self*, Jennifer Shannon, University of Missouri, Columbia.

c. *Faculty Senates Perceptions of College Athletics*, Amber Fallucca, University of South Carolina.

10. **Future Meetings.** The next meeting will be held November 10-11, 2010 in Baltimore, Maryland.

Committee Chair: Kurt Beron, University of Texas at Dallas
Staff Liaison: Nicole Bracken, Research
