Time of Match: 2:50

POST-MATCH COMMENTS
Texas head coach Michael Center
On the win
"I thought we played well in the doubles. We got some early breaks at Nos. 1 and 2 though we got behind at 3, we fought back. Our energy was good in the doubles, and it was big for us to

get that point. We won three first sets in the bottom half of our singles lineup, but a couple of our guys at the top fought back and split sets at Nos. 1 and 3. I give the guys in the bottom part of our lineup a lot of credit for finishing their matches and not letting Tech get any momentum."

On advancing to the Big 12 title match for a fifth straight year
"We had to beat a top-15 team to advance today, and Texas Tech is an extremely talented team. For us to be playing in the (Big 12) title match for a fifth year in a row is quite an accomplishment. I think we'll be excited and ready to go tomorrow."

Texas Tech head coach Tim Siegel
On the match
"Texas was too good today. I thought that we played pretty good doubles, but they were just much better than we were in the doubles. At singles Nos. 1, 2, and 3, we had chances to win them all. I thought that we played very well at Nos. 5 and 6 in the second sets. We gave ourselves a chance. If we could have pulled out one of those sets at the end, we would have had a chance to keep the match going, but Texas was just too good. They proved why they are No. 3 in the country."
