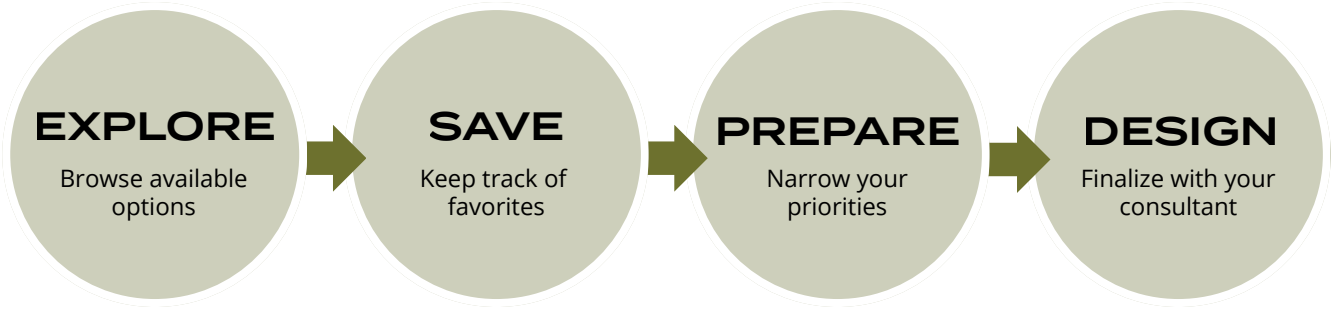
GARMAN BUILDERS

ONLINE DESIGN CENTER

GETTING STARTED

A quick guide to exploring options and preparing for your Design Studio appointment.

Use the Online Design Center to get familiar with the choices available for your home before your appointment. You do not need to make every decision online - the goal is to explore, save ideas, and arrive with a sense of what you love most.



INSTRUCTIONS

1

OPEN THE DESIGN CENTER

Access the site using the link provided by Garman Builders. If prompted, register or sign in so your favorites can be saved.

2

START WITH THE DESIGN CHECKLIST

Browse selections by Rooms or Categories. Work through the areas that matter most to you - kitchen, flooring, bathrooms, exterior, lighting and more.

3

OPEN OPTIONS FOR DETAILS

Select an item to review available styles, finishes, photos and product information. Some options may include notes or additional choices.

4

SAVE WHAT YOU LOVE

Use the Wishlist to keep track of favorite options. Think of it as your shortlist - not your final selections.

TIP

Focus first on the choices that have the biggest visual impact or are most important to your lifestyle. Your Design Consultant will help you coordinate the details.

GARMAN BUILDERS

ONLINE DESIGN CENTER

MAKE THE MOST OF YOUR TIME ONLINE

USE YOUR WISHLIST

- Save favorite options as you browse.
- Compare a few choices instead of trying to pick one immediately.
- Use your saved items to show your Design Consultant the look and priorities you are drawn to.

EXPLORE THE DESIGN LIBRARY

The Design Library includes helpful Garman resources and guides that can give you more context as you browse selections.

- Review inspiration and color-selection resources.
- Use included-feature guides to better understand your starting point.
- Return to the library anytime you need a little more direction.

BEFORE YOUR APPOINTMENT

- Browse each major room or category at least once.
- Save a few favorites - especially for high-priority spaces.
- Identify your must-haves versus your nice-to-haves.
- Think about where you would most like to invest your design budget.
- Bring questions, inspiration photos, or examples of the overall look you love.

KEEP IN MIND

- The Online Design Center is a planning and inspiration tool. Product availability, features and options may change, and photos or renderings may not exactly represent the finished product. Your Design Consultant will review compatibility, availability and final choices with you during the design process.
- **You do not have to have it all figured out!**
  Come to your Design Studio appointment with ideas, favorites and questions.
  We will help you bring it all together.
