Models & Trims

Taos S

The Taos S provides an impressive collection of standard features, including LED headlights, alloy wheels, a digital instrument display, a heated steering wheel, and Volkswagen IQ.DRIVE® safety technology. Its comfortable interior, practical cargo space, and intuitive infotainment system make it a well-equipped option for everyday driving.

Taos SE

The Taos SE adds additional comfort, convenience, and technology features, including heated front seats, a power-adjustable driver's seat, remote engine start, keyless access, dual-zone automatic climate control, and an upgraded 8-inch infotainment touchscreen. Its combination of premium amenities and practical functionality makes it a particularly well-rounded trim.

Taos SE Black

The SE Black adds a more aggressive appearance to the SE through blacked-out exterior styling elements. Depending on configuration, the package includes black-painted alloy wheels, a contrasting black roof, black mirror caps, and additional dark exterior accents. The interior also features distinctive blue stitching for a sportier appearance.

Taos SEL

The Taos SEL represents the top of the lineup and comes standard with 4MOTION® all-wheel drive. It adds premium Vienna leather seating surfaces, ventilated front seats, a panoramic sunroof, adaptive front lighting, an illuminated front grille light bar, a larger configurable digital instrument display, integrated navigation, and a BeatsAudio™ premium sound system.

Technology

Digital Cockpit

The Volkswagen Digital Cockpit replaces traditional analog gauges with a digital instrument display that presents important vehicle information, including speed, driving data, and vehicle status.

- S: 8-inch Volkswagen Digital Cockpit.
- SE: 8-inch Volkswagen Digital Cockpit.
- SEL: 10.25-inch Volkswagen Digital Cockpit Pro with customizable display configurations.

Smartphone Connectivity

- Apple CarPlay® smartphone integration.
- Android Auto™ smartphone integration.
- Bluetooth® wireless connectivity.
- USB-C connectivity.
- Wireless smartphone charging on SE and SEL.
- Volkswagen App-Connect®.
- Volkswagen Car-Net® connected services capability.
- Available in-vehicle Wi-Fi capability with an appropriate data plan.

Audio and Entertainment

The S model includes a standard audio system, while SE upgrades to a six-speaker sound system. The SEL features a premium BeatsAudio™ sound system with a subwoofer, providing a more immersive listening experience.

Navigation and Connected Services

The SEL includes Volkswagen's Discover Media infotainment system with integrated navigation. Volkswagen Car-Net® services provide access to compatible connected vehicle functions, depending on enrollment, subscription, and service availability.

- Hill Hold Control.
- Hill Descent Control on 4MOTION® models.
- Tire Pressure Monitoring System.
- Electronic stability control.
- Anti-lock braking system.
- Front and side airbags.
- Side Curtain Protection® head-protection airbags.

IQ.Drive

Travel Assist

Combines available adaptive cruise control and lane-centering assistance to help with steering, acceleration, and braking under appropriate driving conditions.

Adaptive Cruise Control with Stop & Go

Helps maintain a selected following distance from traffic ahead and can bring the vehicle to a stop in certain conditions.

Lane Assist

Helps keep the vehicle within detected lane markings.

Emergency Assist

Can intervene when the driver becomes unresponsive under supported operating conditions.

Front Assist

Provides forward collision warnings and automatic emergency braking with pedestrian monitoring.

Active Blind Spot Monitor

Helps alert drivers to vehicles approaching in adjacent lanes.

Rear Traffic Alert

Helps detect approaching traffic when reversing out of a parking space.
