CHAMP®

Panel Pro Paint Stand

SKU: 1500686

A smarter way to hold, position and paint automotive panels.

The ***CHAMP***® **Panel Pro Paint Stand** saves time, money and increases productivity. The paint stand safely holds hoods, tailgates, doors, lift gates, deck lids and fenders plus features infinite possibilities for adjustment of the panel position for a perfect match!

- **Handle Multiple Panel Types**
  Safely supports hoods, tailgates, doors, lift gates, deck lids and fenders, giving one stand the versatility to handle a variety of repair jobs.
- **Full 90° Panel Rotation**
  Rotate panels a full 90° to improve access and achieve more complete, consistent paint coverage.
- **Easily Move Around the Shop**
  Large 10” rubber tires make it easy to reposition the stand across a variety of shop surfaces.
- **Improve Workflow & Productivity**
  Keep panels securely positioned at a comfortable working angle, helping reduce unnecessary repositioning and wasted motion.

Available carrier accessory and tailgate holder sold separately.
