Dear Maurice

OML! I can't even begin to tell you how much we enjoyed you and the band. I am in tears writing this letter as you really helped make my daughter's wedding amazing and unforgettable and I can't thank you enough. All of you are professionals from the beautiful vocals to the excellent instrumentals.

I have received so many compliments for Phase 4. They all say we could not have picked a better band. You played music that appealed to EVERY ONE. And Maurice, I mean every one.

I can't wait for someone to ask me if I know of a band as the words that will be spoken from my lips is Phase 4 without a doubt.

Thank you so very much you helped make a very special day in Abbe and Justin's life very memorable.

You guys are
AWSOME!!!
