BABY OF MINE

```
G                D                          G
if you've gotta run then run fast as you do
                      D                            G
and if you've gotta dance then dance the boogaloo
                      D                      G
and if you've gotta fly then fly up in the pines
                 D                           G
but no matter what you are the baby of mine
                      D                            G
and if you've gotta play then play and bounce a ball
                 D                             G
if youv'e gotta grow then grow till you are tall
                      D                           G
and if you've gotta cry then cry 'till you feel fine
                 D                          G
but no matter what you are the baby of mine

D   C                 G
        little baby of mine  (x4)

    G                 D                              G
and if you've gotta sing then sing doo bee doo bee
                      D                                 G
and if you've gotta dream then dream a dream for me
                      D                                  G
and if you've gotta sleep then sleep throughout the night
                 D                          G
but no matter what you are the baby of mine
                 D                          G
if you've gotta run then run fast as you do
                      D                            G
and if you've gotta dance then dance the boogaloo
                     D                      G
and if you've gotta fly then fly up in the pines
                 D                          G
but no matter what you are the baby of mine
```
