At TWO Months in the Womb:

In week five, your arm and leg buds began to form. By week six, your heart beat about 105 times each minute and your teeth were developing! Your nose, mouth, fingers, toes, and ears began forming. Your major organs were developing and continued to grow during the next seven months you were in the womb.

Child Connection Activity:

Walk in place for 100 steps

Do 20 jumping jacks.

Can you feel your heartbeat?

Family Activity Ideas:

Play head, shoulders, knees, and toes.

Make dinner as a family, and talk about the smell, look, and texture of the food. Talk also about the ingredients that you are using and how they help you stay healthy

Y4L120-2

I Am Created 4 LIFE

2 Months

Psalm 139:13-16

The Spirit of God has made me, and the breath of the Almighty gives me life.

Job 33:4

I use my lungs to . . .
