API Gateway Implementation experience

- **Experienced implementing Apigiee API Gateway in 2017-18.**
  While a Staff member of an inter-departmental advisory working group. Where I helped to direct implementation of **Apigee API Gateway** for the **Enterprise Technology Group**, **Student Services** and **The Library** at the **University of California Santa Barbara**. Along with Apigee, I also researched and explored additional open source API Gateway solutions like **Tyk.io**, **Spring Cloud Gateway**, **Kong** Gateway and plain old vanilla **NGINX** as a gateway.

√ **Currently available in Albuquerque NM**

+ experience working remotely
+ experience with offshore teams / resources
+ experience with limited regional travel working on premises
