ANALYSIS

The proposed lot line adjustment does not cause impacts requiring mitigation.

The adjustment will result in a split-zoned parcel at 430 McGrath Highway, with portions zoned Urban Residential (UR) and Mid-Rise 4 (MR4).

Redevelopment will be subject to the zoning district applicable to each portion of the property unless a Zoning Map Amendment petition is filed with the City Clerk and approved by City Council to rezone the property to a single zoning district (either UR or MR4).

FINDINGS

In accordance with the Somerville Zoning Ordinance and the Planning Board's Rules of Procedure & Policy for Minor Site Plan Approvals, the Director of Planning may approve or deny a Minor Site Plan Approval upon making findings considering, at least, each of the following:

1. *The comprehensive plan and existing policy plans and standards established by the City.*

The Director finds that this proposal is consistent with the goals laid out in SomerVision 2040, the City's Comprehensive Master Plan, including supporting the production of new housing.

2. *The intent of the zoning district where the property is located.*

The Director finds that this proposal meets the intent of the Mid Rise (MR4) zoning district "[t]o create, maintain, and enhance areas appropriate for smaller scale, multi-use and mixed-use buildings, and neighborhood serving uses".

3. *Mitigation proposed to alleviate any impacts attributable to the proposed development.*

The proposed lot line adjustment does not cause impacts requiring mitigation.

DECISION

Following review of the submitted application materials and the statutorily required considerations, the Director of Planning **APPROVED** the Minor Site Plan Approval for a lot line adjustment on behalf of the Planning Board.
