Bezzera Otto DE Auto-Foamer Espresso Machine - BZOTTOCDEAF2B

Quick Overview

- The OTTO model combines the practicality of a compact espresso machine with the production capacity of a two-group system, making it ideal for high-demand environments. Â
- Equipped with two manual steam wands, it ensures fast, efficient milk preparation. Its advanced heating system guarantees thermal stability, maintaining consistent coffee temperature even during peak use.
- Each group is thermostated with a 100W heating element for precision temperature control under heavy workloads. An 8-litre copper boiler, powered by a 2800W resistance, delivers exceptional steam and hot water productivity.
- The innovative AUTO-FOAMER steam wand allows you to create perfect milk foam at the desired temperature with the touch of a button â€” simply program your preferred settings once for consistent results.
- Automatic heating element shut-off in case of low water level
- Thermostated groups with 100W resistance for stable temperature
- 8L copper boiler with 2800W heating element for superior steam and hot water output
- AUTO-FOAMER steam wand for perfect milk foam at the press of a buttonÂ
