Culinary herbs and spices pdf

Wikimedia article Spice Market at istanbul night spice market in Casablanca. This is a list of culinary herbs and spices. In particular, these are dietary or drinking supplements mainly of botanical origin, which are used in nutritionally insignificant quantities for flavoring or staining. This list does not contain fictional plants such as aglaophotis, or recreational drugs such as tobacco. This list is not for plants that are used mainly for herbal teas, nor for purely medicinal herbal products such as valerian.
