Kara's Staff Snapshot

My name is Kara, and I attend the West Bend site. I've been a part of the KBC family since the start and have officially been on staff for about 15 years.

I am the Director of Reach Global and my primary responsibilities are to connect the family of Kettlebrook with God's heart for the world. My team and I do this by:

- Finding, partnering with, and maintaining strong supportive relationships with global partners who work among the unreached.
- Helping the family of Kettlebrook stay connected to those partners.
- Expose the family of Kettlebrook to God's heart for the world through things like: the Perspectives Class, various seminars and trainings, short term trips, visits with our partners, etc.
- Help walk alongside those from our Kettlebrook family who may sense God lead them to be involved with taking the Gospel to the unreached.

I really enjoy working with my team (Reach Global) to think through, pray through, and make decisions of how best to do the above mentioned. In addition, I love walking along side people as they discover God's heart for the unreached and explore how He may be leading them.

I would ask for wisdom to best lead and guide our young people who are following God's heart into this great endeavor!
