Ed Fest Project Information

Teacher Name _____ School _____ Year _____

Because the teacher often knows the student's abilities/strengths/weaknesses best, please provide any information you think would be important for the judges to know about your students' projects below. Teachers do not need to complete this information for all students – only those students with special needs/circumstances. Hopefully the information listed below will assist the judges in the scoring/judging process. Please turn this sheet in when you arrive in Bozeman and register with Bette.

Student Name	Brief description of project	List any special needs of the student	Any comments about student/outside involvement	Other things you think the judges should know
