MISSIONS SPOTLIGHT

Baptist Missionaries all around the world have common goals. Their first and primary goal is to lift the name of our Lord and Savior, Jesus Christ and to follow His commandment found in Matthew 28:19-20. The first part of that commandment in verse 19 tells us we are to "go into all the world" and verse 20 states that we are to "teach them to observe all things whatsoever I have commanded you".

I was reminded of this while reading the most recent newsletter from Mike Fluech and his family, our missionaries to South Africa. Mike was scheduled to be with us last November but became very ill and spent the first few months of 2026 seeing specialist here in the U.S. before returning to SA.

He opens his September 2026 newsletter by talking about the success of their Missions Conference. The best Missions Conferences are those where-in the church members are active participants in all aspects of the conference. The truth about any conference is you receive in direct proportion to what you gave. He reports on how their members had saved up all year so that they might have a significant gift to be shared with missionaries all around the world to assist with special projects they had going on. Mike reported that all weekend he had member after member expressing how overwhelmed they were in all that they were receiving from the conference.

This newsletter reads like the cycle of life. The had prayed, save up and prepared for the event and then heard from God. Mountain top experience. After the conference there was a wedding that Mike was able to conduct and his young associate and wife got to celebrate the birth of their first child. And Frikkie, a missionary from their church who had returned home to attend the conference, stayed for two weeks to help Mike while the young Assistant got to spend time with his new family. Mike reported that man's passion for the Lord Jesus Christ and lost souls has been inspirational. During his two weeks there several of their members were able to accompany Frikkie on canvassing the neighborhoods for souls, while learning firsthand how to lead someone to the Lord.

Finally, the first church Mike started in Malawi, SA celebrated its 24th anniversary but Mike's health would not allow him to attend. After several good months in which his health had shown signs of returning to normal, he has suffered some setbacks. Valley experience.

Please go to faithlagrange.com to read Missionary Mike Fluech's September 2026 newsletter and rejoice in all God has done in their ministry, for the souls saved and the lives changed and pray for God's guidance in helping Mike seek out further medical help. Together we serve a great God!
