Excerpt from the Report of the October 5, 2010, Leadership Council Meeting,

2-e Application of NCAA Bylaw 20.9.7.4-(a). The Leadership Council considered a request from the NCAA Division I Administration Cabinet to provide feedback related to the application of the Football Bowl Subdivision (FBS) requirement set forth in Bylaw 20.9.7.4-(a) that requires an institution to award 90 percent of the permissible maximum number of overall football grants-in-aid per year over a rolling two-year period. Specifically, the Council discussed whether the 90-percent requirement should be based on the 85 permissible maximum number of overall football grants-in-aid that generally may be awarded or based on the overall number of football grants-in-aid that an FBS institution may be limited to awarding as a result of penalties imposed by an NCAA committee (e.g., NCAA Division I Committee on Academic Performance, Committee on Infractions). The Leadership Council recommended that the Administration Cabinet apply the 90-percent requirement based on the maximum number of overall football grants-in-aid an institution is permitted to award in an academic year following any reduction imposed by a governing committee action.

MEMORANDUM

January 11, 2011

TO: NCAA Administration Cabinet

FROM: Tim Fitzpatrick, Director of Athletics, Texas A&M University, Corpus Christi.

SUBJECT: Waiver Request of Men's Basketball Scheduling Requirement (NCAA Bylaw 20.2.5.3.1)

The purpose of this memorandum is to request a waiver under the provisions of NCAA Bylaw 20.2.5.3.1 as a result of a violation of NCAA Bylaw 20.9.6.1 in that during the 2010-11 academic year, Texas A&M University – Corpus Christi (TAMUCC) has participated in one more than the four permissible contests against non-Division I opponents in the sport of men's basketball. The institution understands that per Bylaw 20.2.5.1.3, the men's basketball program would move to the restricted membership category for the 2011-12 academic year, unless this waiver request is granted. The institution respectfully requests the waiver be granted due to: (i) the intent of Bylaw 20.9.6.1; (ii) extenuating circumstances; and (iii) precedent. Each of these will be discussed later in this memorandum.

Overview of Facts

On July 1, 2010, the University signed a contract with the University of Tennessee at Chattanooga (UTC) to be a participant in the Dr. Pepper Classic Basketball Tournament in Chattanooga on December 29 and 30, 2010. According to verbal representations by UTC personnel, participants in the tournament would be TAMUCC, UTC, Georgia State, and another Division I institution. Attachment #1 is a copy of that agreement. Of note is the fifth provision indicating that all players and contestants shall be eligible under NCAA and Southern Conference rules.

In late October 2010, the institution first became aware that Montreat, a NAIA institution from Asheville, North Carolina, was the fourth participant. At that time, the institution did not comprehend that a potential issue existed.

On December 29, 2010, the institution and Montreat were in opposite brackets of the tournament, but both lost its games, and on December 30, 2010, TAMUCC competed against Montreat. A few days later, I realized an issue had occurred because, as part of the institution's schedule for the 2010-11 academic year, the University had scheduled two games against non-Division I opponents in its exhibition season and two games against non-Division I opponents during its regular season, and all four had occurred prior to December 29, 2010.

Reasons for Granting the Waiver

The University believes the waiver should be granted for the following three general areas mentioned above. More specifically, regarding the intent of the legislation, the University believes:

i. The intent of the legislation was to limit the number of games, primarily during the regular season for Division I institutions to compete against non-Division I institutions, to reduce the probability of a

less competitive schedule resulting in a significant victory total. As noted above, the institution played two non-Division I opponents in the exhibition season, so its ability to utilize such results is limited. Also, the institution is changing its scheduling practices to move away from playing any non-Division I opponents. Effective for the 2011-12 academic year, the institution will not schedule any non-Division I opponents in men's basketball during the regular season, and this scheduling initiative will remain in affect indefinitely; and

ii. The institution did not utilize the allowance for non-Division I opponents to bolster its victory total during this academic year. In fact, the institution's non-conference schedule is currently ranked as the 10th most difficult of all Division I institutions. It includes contests against teams other than Southland Conference opponents such as the Kansas, Texas A&M – College Station, Oklahoma State, Marquette, Memphis, Houston, and Texas Tech.

Regarding extenuating circumstances, the University notes that:

i. UTC assured the men's basketball coaching staff that the fourth team would be a Division I opponent. The Dr. Pepper Classic has had only one non-Division I team in the tournament since 2001, and this is the first appearance by the University in this tournament;
ii. The contract did not indicate the teams that would participate;
iii. UTC did not inform the institution who the fourth participant would be. Further, the compliance staff position at TAMUCC that might have noticed the participation of Montreat was vacant for the majority of the first semester; and
iv. The institution previously has had no issues concerning the scheduling of non-Division I opponents and has never requested a waiver of Bylaw 20.9.6.1.

Regarding precedent, the institution believes that two cases previously reviewed by the ARS Committee or NCAA staff are applicable. Case #9981 in October 2007 is relevant because the NCAA staff recommended a waiver for schools from a specific conference due to the conference's encouragement for its members to schedule institutions that were reclassifying from Division II to Division I. The NCAA staff believed it was appropriate due to the "totality of the circumstances". In that case, the Committee granted a blanket waiver to provide relief from the requirement that exhibition contests against non-Division I opponents be included in the four-game limit primarily due to a lack of understanding by many members about this legislation. Case #11322 in October 2008 is relevant because the NCAA staff denied the waiver because there were not "extenuating circumstances". TAMUCC believes that this situation has "totality" in the number of and significant "extenuating" circumstances.

Remedial Actions

As noted above, TAMUCC is adopting a policy that it will not schedule any non-Division I opponents during the regular season, effective with the 2011-12 academic year. It also will revise its internal processes to require the stipulation in a contract that: (i) no non-Division I opponent would be a member of the tournament; (ii) the compliance staff and men's basketball staff review the basketball schedule prior to the beginning of the men's basketball season; and (iii) the director of athletics must approve a schedule that includes all teams in all tournaments in which the institution is a participant, and any changes also must be approved by the director of athletics – a means to enhance internal communication.

Conclusion

The institution acknowledges that it should have monitored this situation. However, it believes that it did not violate the intent of the legislation. In fact, its current schedule reflects an approach of scheduling Division I institutions from conferences with significant higher RPI ratings than the Southland Conference, and it will eliminate all games against non-Division I opponents during the regular season beginning next year. This scheduling shift, along with corrective actions noted above, prevent the likelihood of this violation occurring again. The University believes that the penalty provisions for a violation of the bylaw are very punitive and are not applicable to this situation due to the intent, extenuating circumstances, and precedent as detailed above.

I appreciate your service to the NCAA as a member of this Cabinet and your consideration of the University's request that this waiver be granted.

Proposed New Division I Reclassification Process.

The following information outlines the membership reclassification process for any Division II or non-NCAA institution seeking to reclassify its entire athletics program to Division I membership. It should be noted that multidivisional membership (i.e., classifying one men's and or one women's sport other than football and basketball in Division I) will be discontinued following the 2010-11 academic year for any additional Division II or III institutions.

General Requirements.

The following general requirements must be satisfied prior to an institution entering the reclassification process.

- The reclassifying institution must have been an active NCAA Division II member for the preceding five years.
- The institution must be meeting applicable Division I minimum financial aid and sports-sponsorship membership requirements.
- The institution must have been extended a bona fide offer of membership by an active DI multisport voting conference.
- The institution and conference must complete an application form accompanied by an application fee (based on a yet to be determined figure based on either the average or mean of the Division I revenue distributions and championship benefits in the year of application) no later than June 1 preceding entry into year one of the reclassification process that is approved by the Division I Administration Cabinet. The institution must provide notice if it is currently involved in an investigation, an infractions case or on probation with its current governing body.
- The institution must submit a skeletal strategic plan to the Administration Cabinet that addresses the Division I philosophy statement (see Bylaw 20.9) and athletics certification operating principles (see Bylaw 22.2) approved by the conference office no later than June 1 preceding entry into year one of the reclassification process.

[Note: The Administration Cabinet shall have oversight responsibilities and shall monitor each institution's progress through the reclassification process. The cabinet shall have the authority to decline moving an institution to the ensuing year of the process if it deems that deficiencies warrant that the institution repeat a year].

- Completion of a preliminary NCAA athletics certification orientation (conference representatives will also be required to be in attendance).
- Process institutional and individual student-athlete violations of Division I legislation through the Division I enforcement and student-athlete reinstatement processes. The institution shall be subject to any and all sanctions for violations of Division I legislation.
- Submit an annual report and an updated strategic plan by June 1 based on feedback from the previous year's plan. NCAA DIVISION I ADMINISTRATION CABINET
COMMITTEE APPOINTMENT GUIDING PRINCIPLES

The Division I Administration Cabinet shall:

1. Seek to identify and appoint the most qualified individual nominated for a committee based on the committee's legislated requirements.

2. Be committed to enhancing the level of diversity serving on Division I and Association-wide committees not only from a gender and ethnicity standpoint but also in terms of positional representation.

3. Be sensitive to the history of conference representation and seek to ensure a balanced approach to the appointment process so that each multisport conference is provided adequate opportunities to serve on the variety of committees that compose the Division I and Association-wide governance structures.

4. Strive to indentify and cultivate new professionals from the membership to serve within the governance structure.

5. Encourage conferences to nominate only one individual for a committee vacancy, except for those instances when a committee is seeking nominees with distinct backgrounds. (For example, when a committee is seeking one coach and one administrator.)

Excerpt from the Report of the Division I Championships/Sports Management Cabinet September 14-15, 2010, Meeting.

5. Report of the Administrative Committee.

a. Committee Appointment Eligibility Requirements. The NCAA Division I Championships/Sport Management Cabinet Administrative Committee received a summary of the committee appointment eligibility requirements that were used in the prior governance structure by the former NCAA Division I Championships/ Competition Cabinet to provide greater continuity for sport committee service, and to prevent potential conflicts of interest. It was noted that in the current governance structure the Championships/Sports Management Cabinet no longer has oversight of sport committee appointments and recommended that the NCAA Division I Administration Cabinet consider implementing the previous committee appointment eligibility requirements as part of their guiding principles.

The following committee appointment eligibility requirements have been identified for the Administration Cabinet's consideration.

(1) An individual may not serve on an NCAA sport or rules committee unless the individual's institution sponsors that sport on a varsity intercollegiate basis. Conference office personnel may not serve on an NCAA sport or rules committee unless the conference sponsors the sport.

(2) No more than one individual from the same institution may serve on the same committee.

(3) No more than one individual from the same conference may serve on the same committee unless special circumstances warrant.

(4) An individual may not serve concurrently on more than one committee that has championships-administration responsibilities; however, an individual may serve concurrently on a committee with championships-administration responsibilities and on a committee with only rules-making responsibility.

(5) Individuals currently serving on sports committees are not eligible for consideration for appointment to different sports committees unless their current term will expire prior to the beginning of the new committee appointment.

Furthermore, the Administrative Committee approved adding a requirement to the cabinet's current policies and procedures manual noting that a cabinet member may not serve on a sport or rules committee concurrent with his or her cabinet term. It was further noted that any current cabinet members affected by this policy shall be allowed to complete their current service commitments.

Together, with the academy diversity office, both programs ensure our staff/faculty and cadets recieve the proper training/education in embracing the strengths of diverse people in an inclusive environment. During our NCAA certification process ('07), I was instrumental in authoring the athletic department's gender equity, minority opportunities and student athlete well-being programs. I also serve on the Equity Sub-committee charged with monitoring and implementing the gender equity, minority opportunities and student-athlete well-being plans. Finally, in my 18+ years of service in the military as an officer/leader, I have dealt with a myriad of positive experiences and challenges in working with diverse organizations that represent all walks of life.

Ethnic Minority: Y
Meets 50% requirement: Y
Conference: America East Conference
Qualification Statement:
My collective experiences as a minority student-athlete, graduate student and athletic administrator have provided me the framework to appreciate and assist in carrying out the mission of the NCAA's Minority Opportunities and Interests Committee. As the only minority on a D-I baseball team, I have firsthand knowledge of the obstacles faced by student-athletes of color in college athletics. During my graduate work in Education Administration and Policy Studies, I completed a comparative study on "The Potential Effects of Mentoring Minority Administrators in Intercollegiate Athletics," comparing the military, fortune 500 companies and higher education. This paper was reviewed by Dr. Richard Lapchick. The MOIC would provide professional development for me as young minority athletic administrator, while granting me the ability to deliver opportunities to other ethnic minority student-athletes, women, coaches and administrators beyond my current institution and conference affiliation.

My graduate work, especially involving my thesis, revealed to me the social issues in sport and helped me better understand the challenges I faced as a woman in the coaching profession. As a coach I was conscientious of the diversiy of my team and staff. I ensured my ethnic miniority players were nominated/participated in programs available to them (i.e. So You Want to be a Coach WBCA program, Women's Leadership Symposium, etc). As I become more involved in the administration of sport I began to do more research on Title IX and gender equity. In 2006 I presented at the NAIA national convention addressing the importance of recruiting, hiring, and retaining women and minorities in the coaching ranks and in 2008 I spoke on Title IX. To this day I work closely with our athletic director regarding our gender equity plan, hiring practices, diversity issues, and student-athlete welfare. I was instrumental in making certain Brianne was allowed to realize this dream without jeopardizing her opportunity to finish her degree at RMU. Name: Jennifer Gibbs
Job Title: Assistant Commissioner

Institution: Ohio Valley Conference
Gender: F
Ethnic Minority: N
Meets 50% requirement: Y
Conference: Ohio Valley Conference
Qualification Statement:
As student-athletes excel, there is no greater showcase for their talents than through world competition. The United States prides itself on fielding successful national teams, making it vital there be open communication between the NCAA, the USOC, and the national governing bodies to ensure the best possible development of our elite athletes while maintaining the NCAA's commitment to educational and personal development for all student-athletes.
I do believe that the line between amateurism and professionalism in athletics has become more blurred in recent years and the importance of education and personal development of our student-athletes has become a moot point within the media realm. This committee must ensure that NCAA student-athletes are provided with the resources and knowledge needed to prepare them for life after athletics by educating the national governing bodies and the USOC on the most effective and appropriate means for working with student-athletes.

The Olympic Sports Liaison Committee serves a unique purpose within the NCAA governance structure by utilizing the functions of various governing bodies to have a positive impact on student-athletes and enhance our Olympic development. My administrative experience in athletics began by understanding the relationships between the USOC, our national governing bodies and the NCAA. The recognition of how these various organizations function along with my knowledge base has afforded me the opportunity to be an advocate for Olympic sports development and add value to the overall student-athlete experience. With many challenges facing our institutions, building awareness of athletic opportunities and encouraging consideration of the growth and development of emerging sports will be vital to our mission. To serve the membership and promote Olympic development through this committee would be an honor for me.

Gender: F
Ethnic Minority: Y
Meets 50% requirement: Y
Conference: Atlantic 10 Conference

Qualification Statement:
My interest in serving on the Olympic Sports Liaison Committee is twofold. First, in my current role as Director of Compliance with the A-10, I provide guidance and assistance to institution's working through issues and challenges that are unique to elite athletes. In addition, a significant component of my work relates to educating constituencies about NCAA rules and regulations, a role that would serve me well on this particular committee. I've been fortunate to work at institutions with broad-based athletic programs, so I'm familiar with a range of Olympic Sports, and the distinct cultures that present within those sports. My passion for intercollegiate athletics, fundamental compliance knowledge and interest to support the association's governance structure through committee service are the core reasons for both my interest in this committee, and also the belief that I'm qualified for service.

In addition, I coordinate and conduct 3 compliance reviews per year at our member institutions. Name: Robert Peterson
Job Title: Senior Associate AD/Internal Affairs
Institution: South Dakota State University
Gender: M
Ethnic Minority: N
Meets 50% requirement: Y
Conference: The Summit League

Qualification Statement:
My interest in serving on this committee began from my experience of working with the USOEC staff during my time at Northern Michigan University. During my time at Fresno I continued my interest in Olympic Sports through a friendship with Laura Berg a member of the USA Olympic Softball Team and through my working closely with several Olympic sports at Fresno State. During my time here at South Dakota State University I have had the opportunity to work closely with our Olympic sports teams specifically Equestrian, Track & Field and Swimming. Our Director of Track and Field is former Olympic athlete (Marathoner) Rod DeHaven. I have the utmost respect for Olympic sport athletes as they do not receive the notoriety or financial benefits that the higher profile sports do but yet they pursue their goals and aspirations with the same intensity as any football player. Maybe more so given the challenges they face from facilities, university support, etc.

Past Committee Service:
Division II Regional Chair in the sport of Baseball in 2003/04. Had to step down due to our institutions reclassification from Division II to Division I. I also on the Varsity Equestrian National Championships Committee and on two local community boards in the city of Brookings.

Then I was selected to be the Assistant Athletic Director for Internal Affairs at South Dakota State University with oversight of all Internal Operations of the athletic department and sport supervisor for Baseball, Swimming, and Track/CC. Over my time here I've continually been promoted up to my current position as Sr. Associate AD for Internal Affairs with continued oversight of the department but adding the sports of Football and Women's Equestrian.

Education:
I have a BS degree from Northern Michigan University in Physical Education and Health conferred in 1992 and a MA from Central Michigan University in Sports Administration conferred in 1995

Institution: Syracuse University
Gender: M
Ethnic Minority: N
Meets 50% requirement: Y
Conference: Big East Conference

Qualification Statement:
As an economist, I have a background in public economics and statistics. I also have good knowledge of the literature on the factors that contribute to students' academic achievement at various levels of schooling.

In addition, I have a keen interest in college achievement for students who may arrive at post-secondary institutions less well prepared than their peers and especally in the success of student athletes and of HEOP and SAY YES students. Syracuse University has successful students in both HEOP and Say Yes. Syracuse also has students who face academic challenges and who play on its revenue sports teams.

The NCAA's research on academic success can be applied to other student populations, such as in HEOP and Say Yes. I feel that I could contribute to the research as well as benefit from a better understanding of the underlying modeling and data. That would help me contribute to conversations on my campus about the success of less college-ready students.

Qualification Statement:
I have been conducting research since 1980 on understanding ways to increase young people's competencies, promote healthy lifestyles, and reduce risky behavior. These research interests and experiences will contribute to NCAA research efforts regarding student-athletes from a number of perspectives, including substance use,stress/coping/mental health issues,and health promotion. I have been the Principal Investigator on a number of large scale studies and have experience with a variety of research designs. My research agenda is motivated by the notion that the experiences, challenges and opportunities young people face are life shaping. With the right supports, they can learn to navigate their way and make many contributions to society in various ways. The Research Committee is important as increasingly, decisions are being based on data. This entails not only asking the right questions, but making sure decisions are made on sound, thoughtful data collected systematically.

Designation: FAR
Institution: Kent State University
Gender: F
Ethnic Minority: N
Meets 50% requirement: Y
Conference: Mid-American Conference

Qualification Statement:
As an Economics Professor who conducts quantitative research, my academic background is well suited for service on the Research Committee. A primary area of my research is related to educational attainment, education financing, and education inequalities (an abbreviated list of relevant publications/grants are including in nomination). However, my interest in the research committee is not simply a result of my academic background. My early work experience includes working as an Associate Director of Admissions, which provided me a more comprehensive understanding of higher education, including financial aid, transfers, and the duties of the registrar's office. Finally, my experience includes being a three-sport athlete as an undergraduate and a couple years collegiate coaching experience prior to going to graduate school. There is a reason my entire life has been spent in education; I believe in higher education and am committed to seeing the success of students.

Institution: Sun Belt Conference
Gender: M
Ethnic Minority: N
Meets 50% requirement: Y
Conference: Sun Belt Conference

Qualification Statement:
I am extremely intersted in serving on the NCAA Committee on Sportsmanship and Ethical Conduct. As intercollegiate athletics administrators, we owe it to our student-athletes to surround them with a culture that allows them to prosper both on and off the sites of competition. At the Sun Belt Conference, we have done more than preach this issue.
In 2009, we implemented an interactive online sportsmanship intitiative. We began by requiring all conference championship participants to complete a 30-45 minute survey on sportsmanship. This year, we have increased the reach of the program to require all coaches and student-athletes complete the survey prior to first competition.
The Sun Belt's Sportsmanship Initiative has been recognized in multiple publications including the NCAA news for its innovative approach and early signs of succeess.
I believe that my experience implementing the Sun Belt's program would be extremely beneficial to this committee.
Thank you for the consideration.

Qualification Statement:
First and foremost, it would be an honor to serve with fellow collegiate athletic administrators and coaching colleagues as a member of the NCAA Committee on Sportsmanship and Ethical Conduct. As a former collegiate student-athlete I took great pride in how I competed on and away from the competitive venue. As a college athletic administrator for seventeen years I have carried my positive experiences as a student-athlete and worked to implement them into the lessons I now pass along to the student-athletes and coaches who I interact with on a daily basis.

Committee on Sportsmanship and Ethical Conduct Nominee Information

Name: Rick Byrd
Job Title: Head Men's Basketball Coach
Institution: Belmont University
Gender: M
Ethnic Minority: N
Meets 50% requirement: Y
Conference: Atlantic Sun Conference

Qualification Statement:
The area of sportsmanship and ethical conduct is, in my opinion, sorely lacking in college athletics today, particularly in the high profile sports. We need coaches who demand sportsmanship from their players as wellas athletic directors and presidents who will make such qualities a very important part of who they hire to run their teams. Let's not forget that college basketball and all other sports are, or should be, simply a PART of a collegiate experience and education, and let's be teachers of proper and acceptable behavior. I would certainly take such an appointment seriously and would be honored to serve.

Name: Brandon James Longmeier
Job Title: Marketing Director
Institution: University of Detroit Mercy
Gender: M
Ethnic Minority: N
Meets 50% requirement: Y
Conference: Horizon League

Qualification Statement:
I believe that the commitment the NCAA holds toward sportsmanship and ethical conduct is essential to the holistic development of our student-athletes. With a background in educational leadership and intercollegiate athletics, I am aware of how the positive side as well as the negative side can carry over with individuals long after their participation in intercollegiate athletics has ended. Our institution is a member of the Horizon League where one of our four platforms is personal accountability (sportsmanship/ethical conduct). This platform is embraced not only by the student-athletes, but also by the coaches, administrators, staff and officials in the League. If afforded the opportunity to serve on the Committee on Sportsmanship and Ethical Conduct, I would do so with a commitment and energy to support and develop ways of promoting good sportsmanship and ethical conduct for NCAA institutions.

Committee on Sportsmanship and Ethical Conduct Nominee Information

Name: John W. Stanley
Job Title: Director of Athletics
Institution: University of Evansville
Gender: M
Ethnic Minority: N
Meets 50% requirement: Y
Conference: Missouri Valley Conference

Qualification Statement:
My career in banking was primarily business lending and management. The responsibility of guiding and developing leaders allowed me work with the corporate equivalent of sportsmanship in teaching teamwork and expected behaviors among other things. During my college career at Hanover, I was a four year letter winner in tennis and played the one position for much of my career. My enjoyment of teaching and coaching allowed me to serve as Assistant Coach for a local high school team and subsequently as Assistant Coach of the University of Evansville Women's tennis team. This provided me first hand experience in teaching and observing sportsmanship at the collegiate level which has been valuable to me as Director of Athletics. My belief is that University of Evansville Athletics should be recognized for strong athletics, academics, community support, as well as for having athletes of high character.
Serving on the NCAA Committee for Sportsmanship and Ethics would be an honor.

Past Committee Service:
My professional career in Athletics began in May of 2007 and this would be my first NCAA role. I have served committees for our conference, the MVC.
During my corporate career, I currently am or have been involved in numerous leadership roles. A sampling of involvement is noted here.
---Campaign Chair of United Way of Southwestern Indiana and current Vice-Chair.
---President of the St.Mary's Hospital Foundation
---Current Member of the Community Board of Directors for Old National Bank-Evansville
---Current Trustee at Hanover College
---Prior to this AD position, I served as member of the University of Evansville Board of Advisors
I have been involved in numerous other organizations, but suffice to say that leading and giving back to the community has been important to me in the past as well as currently in my role as Director of Athletics.

Employment History:
I was employed at Old National Bancorp for 32 years ending with early retirement in May, 2007 in order to accept the position of AD at the University of Evansville. I held numerous management positions throughout my career but the final position was as President and CEO for the Southern Region of the corporation which comprised over 500 employees and 3 billion in assets. This position also had responsibility for serving on the Corporate Management team for Old National Bancorp, a NYSE exchange company.

Selected as Director of Athletics, University of Evansville in May, 2007 and currently hold the same position. In addition to the accountability for athletics, the role includes serving on the Executive Management Committee (Budget Committee) for the University.

Education:
Degree in Psychology from Hanover College 1972.
Masters Degree in Business Adminstration from the University of Evansville, 1983

I would like to serve on this committee to help promote opportunities for female student athletes, administrators, and coaches. In my current role as past president on the NACMA board, I have worked to help female administrators by creating the NACMA/NACDA Female mentoring program. This program has been successful in pairing female administrators across the country and providing support. The program has increased by 35% participation since its inception last year with 135 women invovled. In addition, it is important to provide equitable opportunities to all women in intercollegiate athletics. With my strong marketing background, I could aid the committee in increasing marketing, licensing, and promotional opportunities for women.

Name: Jill Bodensteiner
Job Title: Associate AD/Compliance
Institution: University of Notre Dame
Gender: F
Ethnic Minority: N
Meets 50% requirement: Y
Conference: Big East Conference
Qualification Statement:
This committee is a perfect fit because of my professional background in various aspects of women's athletics, including my comprehensive involvement with Title IX. I have coached youth girls' basketball for several years, and spent 5 years as an assistant coach for the Division III Saint Mary's College basketball team. Because of my interest in women's athletics, I developed an expertise in Title IX once I became an attorney. I have spoken at numerous conferences on various aspects of Title IX, and have written scholarly articles on gender issues in higher education. I have been responsible for Title IX compliance at Notre Dame for over 10 years, and was primarily responsible for the gender and minority issues self-report during our 2004 NCAA certification. I had the unfortunate experience of defending Notre Dame in two Title IX lawsuits related to alleged sexual assaults by student-athletes, and am passionate about addressing these issues as they relate to college athletics.

Past Committee Service:
I am relatively new to intercollegiate athletics administration, so this would be my first NCAA committee. I have been trained to be an NCAA certification peer reviewer, but have not yet served in that capacity. Outside of NCAA service, I have served on numerous Boards of Directors for non-profit agencies over the years, including the YWCA, YMCA, Jumpball Jamaica, and Urban Youth Services.

This statement is to express my interest and qualifications for the Committee on Women's Athletics. With this committee, I want to discuss issues surrounding women's athletics and help address those issues through communication and planning with other collegiate athletic administrators. I have enjoyed competing in a variety of sports at different levels throughout my life, and I want to be part of a committee that helps support women playing sports and encourage others to do so as well. My personal and professional background has allowed me to build knowledge and skills that I feel would be beneficial for this committee.

Past Committee Service:

Employment History:
In August 2009, I moved to the Pacific Northwest to work in the Washington State Athletic Department as the Assistant Director of Marketing. My responsibilities include planning, developing and implementing the marketing campaigns for all WSU's sports programs, including managing local radio and print advertisements as well as creating and executing promotions schedules for each sports season. I also collaborate with our communications director to strategize and execute messages through our social media sites.

Prior to my position at WSU, I worked in the Tennessee Athletic Department while attending graduate school. My graduate assistantship in the Tennessee Athletic Department offered me many new experiences and opportunities. As the Lady Vols Marketing Assistant, I dealt with budgets, conducted market research and organized game-day presentations for events that involved more than 20,000 people and coordinated hospitality needs for SEC and NCAA Championships while handling many administrative duties. My work experience allowed me to learn important skills and to develop the confidence to succeed in a competitive environment.

Education:
I attended Linfield College, a small, liberal arts school, where I earned a Bachelor of Arts in mass communication and international business with a minor in Spanish. At Linfield, I played three intercollegiate sports, worked for the college athletic department, participated in several college organizations and studied abroad in Seville, Spain. These experiences helped me develop many skills, such as creativity, communication, resourcefulness and cooperation, which would be valuable to your organization.

From the University of Tennessee, I earned my MBA and Master of Science in sports studies. I chose to further my education in these two areas because I knew courses in communications, business and sports studies would give me a solid foundation on which to build my career.

Conference: Southeastern Conference

Qualification Statement:
I am honored to be nominated for this committee. Having worked in athletics for most of my life, it is very important to me to be able to give back to the student-athletes who've made my life so fulfilling. To date I've worked as a student and professional in college athletics for over 14 years. This has afforded me the opportunity to collaborate with a diverse group of athletic professionals and student-athletes. I've been fortunate to be able to assist both institutions and students directly in working through issues that affect them in both their careers and personal lives. Student-athletes must have someone willing to speak up for them and take to task anything that is not in their best interest. By becoming a member of this committee I feel my experiences in dealing with various issues they face will benefit me and the committee greatly. Further, as the sport administrator for several women's sports I understand many of the issues female athletes encounter.

Past Committee Service:
2005-Present Member of Persons with Disabilities Committee, Auburn University
2006 Member of NCAA Certification Committee for Auburn University
In addition to the above, I've also been part of the following organizations:

I then took a position at the Birmingham City School System as Executive Director for Athletics. In this capacity, I was responsible for assisting the athletic director in managing the sports programs for over 70 public middle and high schools within the city of Birmingham. I later took a position with the Ohio Valley Conference in Nashville as Director of Championships. I am now a senior staff member as associate athletic director for internal operations at Auburn University. In this capacity, I am directly responsible for the sports of volleyball, gymnastics, men's golf, and baseball. In addition to these duties, I am also the department's human resources liaison to the university, tasked with monitoring the department’s diversity initiatives and policies, and I supervise the recruiting office and its employees and services.

Conference: Mid-Eastern Athletic Conf.

Qualification Statement:
I believe I can assist The Committee on Women's Athletics in promoting its mission to advance awareness of leadership and equal opportunity of women in intercollegiate athletics. I have passion for the advancement of women in sport, in particular, I have a personal goal to make sure that women are provided equitable opportunities and fair treatment.

I have been exposed and involved in a variety of sports, from a very young age; and I have also had the privilege of playing collegiate volleyball on the Division I level for four years. One of my mentors is an active advocate for women in intercollegiate athletics, and she has shared historic perspective on the struggles women have gone through and continue to go through to be seen and treated as equal to their male counterparts in the world of athletics.

Past Committee Service:
Minorities Opportunities Athletics Association (MOAA), 2008 and presently I became a member and had the opportunity to go to their convention this past June 2009 in Orlando, FL. I got a chance to see a different group of diverse people who are interested in the increase of minorities, including women, in the sports culture.
National Association for Athletics Compliance (NAAC) I first became a member in 2007, when I first got into compliance on the Division II level. This organization has allowed me to network with other compliance staff members and exchange the everyday processes that we go through to enhance the effectiveness of the compliance department as a whole.
American Volleyball Coaches Association (AVCA), I was a member from 2005 until Fall of 2008. My participation with AVCA provided me with the opportunity to develop my knowledge of the sport on a different level. I was able to go to the Minorities clinic they hold every year and meet a new diverse group of coaches.

Employment History:
Assistant Director of Compliance at Bethune-Cookman University: September 2008 - Present

Administrative Assistant at the Central Intercollegiate Athletic Association (CIAA):
January 2005 – August 2006
Intern at the Central Intercollegiate Athletic Association (CIAA): Summer of 2004 – Fall 2004

Education:
I graduated from Hampton University in 2005 with my Bachelor of Science Degree in Sport Management. I obtained opportunities in my field early enough to know what I didn't want to focus on. In 2005, my supervisor sent me to the American Volleyball Coaches Association minority's clinic. This opportunity gave me the networking skills and education that I needed when I got my first coaching opportunity on a collegiate level. Collegiate volleyball was very different than the club level where I coached before I was an Assistant Coach. I continued my education with a Masters degree at old Dominion University in their Sport Management program. I completed one year of the program and decided to gain hands-on work experience. Now I plan to continue my Masters degree at the University of Central Florida starting Fall of 2009 in their Sports Leadership program. I am passionate about my work and studies in this field.

Job Title: Associate Athletic Director
Institution: Eastern Kentucky University
Gender: M
Ethnic Minority: N
Meets 50% requirement: Y
Conference: Ohio Valley Conference

Qualification Statement:
As an intercollegiate athletics administrator, providing a positive experience for all student-athletes is my long-and short-term goal. Serving on this committee would provide an opportunity to expand my sphere of influence beyond campus & help make a significant impact on the national landscape. It would be an honor to learn from colleagues & contribute to the improvement of women's athletics. An emphasis on strengthening & promotion of inclusion, fairness, & accessible opportunities for women is an integral part of a well-balanced athletics dept. Serving as EKU's sport administrator for women's basketball as directly integrated me into the day-to-day operations of this program. During my tenure at EKU, I have also worked closely with pioneering women Dr. Geri Polvino & Dr. Martha Mullins on different projects. These two icons have helped incorporate me into the present & the future of women's athletics.

Past Committee Service:
Although I have not had the opportunity to serve on an NCAA committee, I have been a member of several university and community committees. I currently serve on EKU's Strategic Marketing and Communications Council as well as the Richmond Chamber of Commerce's Committee. In the past, I have served on the Chamber's Public Relations Committee(2005-07) & the EKU/Community Committee (2005-07). Recently, I have worked closely with the Ohio Valley Conference on broadcast arrangements that include the publicity of women's basketball. I have a desire to work with administrators, coaches and student athletes from around the country in order to advance women's athletics. I would cherish the opportunity to learn different perspectives while offering my own.

Employment History:
Upon graduation from Richmond, I embarked on what is now more than one decade of a professional life in intercollegiate athletics. An internship with Boston College (98-99) & two years at East Tenn. State Univ. (99-01), working in media relations, prepared me for a return to my alma mater where I served as the Dir. of Athletic Public Relations for four years (01-05). The seven years of my career helped me understand the intricacies of many sports from different perspectives. In 2005, I transitioned into a senior-level mgmt. position with EKU. Working under my mentor, Mark Sandy, benefitted my career from all facets of the profession. As AAD for Advancement, I am the primary contact for development & corporate sales, two areas of revenue generation directly linked to community engagement. While supervising PR, marketing & promotions, as well as ticket operations, I have the capability of leading a talented group of professionals while stamping my influence on the public persona of our department. In addition to my external relations duties, I served as the sport administrator for the women's & men's basketball programs. I had the pleasure of working closely with our AD in hiring athletics Hall of Fame member Chrissy Roberts as the first African American to lead our women's basketball program. I am constantly involved in the positives & negatives of intercollegiate athletics and I am always monitoring current practice in order to strive for improvement and streamline efficiency.

Education:
Bachelor of Arts in Journalism; University of Richmond (1994-1998)
Master's Degree in Sports Administration; Eastern Kentucky University (2009-2010)

The State of RI, as well as the nation, is experiencing very difficult economic times, since we are the state university; the economic difficulties are pushed down to URI. One of my main goals is to continue to make sure that equity is being maintained as the funding is being reduced. I am the lead person on our staff for diversity and equity issues and work very hard to ensure that we address these issues for our student-athletes, administrators and coaches. I have served on the Division I Management Council and the Division I Leadership Council, so I have a national as well as campus perspective on issues. I am an attorney by training and served as ex officio legal counsel for the NACWAA Board of Directors several years ago. I believe strongly that there is still work to be done to address issues of access and equity for female student-athletes, administrators and coaches and would like the opportunity to serve in that capacity on the Committee on Women's Athletics.

Job Title: Director of Athletics
Institution: Villanova University
Gender: M
Ethnic Minority: N
Meets 50% requirement: Y
Conference: Big East Conference

Qualification Statement:
My primary interest in participating on the Division I Committee on Academic Performance is that I am strongly committed to the primacy of acadmic achievement in intercollegiate athletics. I have had the privilege of working at 2 institutions which have a strong commitment to academic excellence. In my 10th year as AD at Villanova University, we have worked very hard to establish a culture that supports the notion that student-athletes can excel both academically and athletically - they are not mutually exclusive concepts. At Vilanova, we have been fortunate to achieve both goals (more often than not). I am confident that my experience in this environment would be of value to the work of the committee.

Institution: University of Texas at El Paso
Gender: M
Ethnic Minority: N
Meets 50% requirement: Y
Conference: Conference USA

Qualification Statement:
I have had the privilege of working in college athletics at five different Division-I institutions. In those roles I have worked with Compliance, Admissions, and have supervised the head coach and basketball staffs, overseen scheduling, ticketing, promotions and been involved of every phase of the on-campus recruiting experience. My own experience as an intercollegiate student-athlete helped establish a foundation of self-confidence, teamwork and achievement that continues to positively influence my career and life while serving as a team player, leader, and listener. I observed, first hand, that the degree of impact coaches, program administrators, and professors have on the lives of their students is a product of the dedication and passion they have for assuring the best student experience. My commitment to provide the same positive experience for today's student-athletes has continued to grow as I have undertaken different responsibilities within college athletics.

Division I Committee on Academic Performance Nominee Information

Name: Dominick Giambrone
Job Title: Compliance Coordinator
Institution: Sun Belt Conference
Gender: M
Ethnic Minority: N
Meets 50% requirement: Y
Conference: Sun Belt Conference

Qualification Statement:
As the Assistant Commissioner for Compliance and Educational Services, I have responsibility over monitoring and improving the academic success of all twelve of our member institutions. It is very important to educate each campus on what is expected of the institution and the student-athletes to ensure improvement in the classroom and increase the likelihood of reaching the ultimate goal of graduation.
My time on campus was valuable in that it allowed me to get hands-on experience working with APR and implement programs on campus to not only improve scores, but improve the academic culture.
From the 2006-07 APR cohort to the 2008-09 cohort, the Sun Belt Conference has improved it's APR scores rather significantly (Following scores are averages from all members: MFB-916 to 932, MBK-901 to 925, MBA-926 to 939, WBK-950 to 954, WTO-944 to 955, WSO-956 to 963)
I also feel as if my legal education will be beneficial in the drafting, interpreting, and revising of policies and legislation.

Past Committee Service:
I do not have any prior experience on NCAA committees.

Employment History:
I began in a voluntary capacity within the Louisiana State University Athletics Department.
I was hired as the Compliance Assistant at the Sun Belt Conference in April of 2008 while still in law school. After graduating, I remained with the conference office through December of 2008. In January of 2009, I began at The University of New Orleans as the Senior Compliance Administrator. I was responsible for all compliance duties within the Athletic Department of the, at the time, Division I institution. Here, along with Academic Support Services, I was able to form a committee that was responsible for conducting academic risk assessments on all prospective student-athletes before approving official visits or offering athletic grants-in-aid. I strongly believe that monitoring academic risk before a prospect ever reaches campus is the most important step. Institutions know what they can provide in academic support and have a duty to the PSAs and SAs to only bring in those students that have an ability to succeed in the classroom.
In October of 2009, I returned to the Sun Belt Conference office as the Director of Compliance and Championship Administration. I have since been promoted to Assistant Commissioner of Compliance and Educational Services, and have taken over as the Senior Compliance Administrator of the Sun Belt Conference. In this position I am able to reach all twelve member institutions and provide guidance to assist each of them in bettering the academic support and academic success on campus.

Education:
I received my Law Degree from Tulane University along with a Sports Law Certificate in 2008.

I was awarded a certificate in Alternative Dispute Resolution from Humboldt University in Berlin, Germany (Summer 2007).

I earned my Bachelor's Degree in Business Administration from Louisiana State University in 2005.

Division I Committee on Academic Performance Nominee Information

Name: Bill Macriss
Job Title: Deputy Athletic Director
Institution: California State University, Sacramento
Gender: M
Ethnic Minority: N
Meets 50% requirement: Y
Conference: Big Sky Conference
Qualification Statement:
I feel uniquely qualified to serve as a member of the committee due to the experience I have in working to improve the APR at our institution. When APR scores were first made public, Sacramento State had three programs score below 800 as well as eight teams below 900 in 2004-05. We were asked to present our Academic Improvement Plan at the NCAA Regional Rules Seminar in the spring of 2007 but declined due, in part, to the fact that we still had several teams facing penalties. through extensive research of our point losses, we devised an improvement plan that raised the bar in areas of recruiting, oversight prior to arrival and enhancements in our monitoring once the students arrived on campus.
Our efforts have been featured in the NCAA Champion Magazine ("Conditional APR Waivers Pay Off", Summer 2009), and have helped eight teams post perfect 1000 APR scores in 08-09 (and nine post 1000 scores in 07-08). We have seen significant growth and have done so with limited resources.

Job Title: AD
Institution: Weber State University
Gender: M
Ethnic Minority: N
Meets 50% requirement: Y
Conference: Big Sky Conference

Qualification Statement:
I am one who endorses the work of the CAP with regard to the academic performance for student athletes. While working at WSU as an Assistant VP, it was my charge to work with the athletics staff, in particular, the sport coaches, to create policy and procedures enacted to improve the academic standing of the university's APR scores. Working with a team of dedicated campus leaders, I have assisted in changing the culture and tenor of academic focus within athletics. As athletics director, it has become even more important as I see it now my responsibility to do all within my influence to see that student-athletes leave WSU with an academic degree. I believe in the initiatives of the NCAA as it relates to academic reform and have witnessed firsthand the benefits that come when university administrators and coaches take serious their responsibility to assist student-athletes to attain academic degrees. It would be honor to serve in furthering this initiative.

Job Title: Director of Athletics
Institution: Murray State University
Gender: M
Ethnic Minority: N
Meets 50% requirement: Y
Conference: Ohio Valley Conference

Qualification Statement:
As Director of Athletics at Murray State University, I have developed and implemented comprehensive plans and policies directly related to APR. The academic recovery plan developed, coupled with the strong education initiatives, brought the football program out from under any penalities in aggressive fashion. The three most recent scores for the football program, of which I inherited scores in the low 800's, were all above 960. The plan has also provided across the board best practices to ensure all sports meet the benchmarks established. I have been asked to share the key(s) to our successes with my colleagues at the conference level. I am confident my experiences and knowledge would translate to effective and impactful service on the committee, providing insight from practical experience in APR related matters. My work with APR, and developing common sense approaches to any deficiency, would prove valuable to my service on this committee.

Name: Christine Copper
Job Title: Faculty Athletic Representative
Designation: FAR
Institution: U.S. Naval Academy
Gender: F
Ethnic Minority: N
Meets 50% requirement: Y
Conference: Patriot League

Qualification Statement:
I would like to serve on the CAP because I believe that the success of the APP is essential to DI athletics. I feel that my work as the FAR at the Naval Academy and as a member of the Patriot League Policy Committee (PLPC) make me sensitive to the importance of academics to the college athletes' experience as very few of our athletes "go pro" in their sport. I believe that I can serve the committee well due to my unique background of being an All-American tennis player at a school that was very academically focused, being a scientist that collects and interprets data, being on the PLPC that deals with academic data in the admission process for our athletes, and being a former college-level club tennis coach who worked with student athletes every day for 13.5 years. I also feel that my aggressive search for knowledge beyond our league through attendance at all of the DI FAR, FARA, and NCAA Regional Rules/National Conventions that have occurred since I became a FAR will serve me well.

Division I Committee on Academic Performance Nominee Information

Name: Bradley Teague
Job Title: AD
Institution: University of Central Arkansas
Gender: M
Ethnic Minority: N
Meets 50% requirement: Y
Conference: Southland Conference

Qualification Statement:
Having just completed the reclassification process from DII to DI FCS, I have been keenly attuned to the Academic Performance Program and the issues associated with its performance. At the University of Central Arkansas, we have performed well with the APR. Despite having some very low scores in our first transitional year, our staff and coaches made sure we understood and were aware of what was at the core of great scores. We figured out quickly, that recruiting great academic talent was as important as recruiting great academic talent. Now that we have four years reported, all of our 17 sports are above the threshold and continuing to climb. We have developed an APR best practices report and department wide improvement plan which all coaches are required to utilize. As we move forward, we are excited to know our FGR cohort scores will markedly improve as the results of our improved APR scores show through. The Progress Toward Degree and APR are the best parts of DI.

Past Committee Service:
As a reclassifying institution, we have not been eligible for committee service in DI. However, as a DII AD, I served on the Regional Women's Basketball Selection Committee from 2004 to 2006. I also was elected in 2010 to serve as VP for the Southland Conference Advisory Committee which is made up of all the FAR's, SWA's, and AD's in our twelve member conference. This service is an automatic move to the Presidency. Having the opportunity to serve on the Committee on Academic Performance would be a privilege and great educational experience.

Qualification Statement:
My experience with the the most current NCAA Academic Reform Initiative is one of the main reasons why I feel drawn to the CAP. At Cleveland State University, I am responsible for managing all aspects of the Academic Performance Program. We created many new academic committees, policies and procedures to help us foster the best academic support services for our student-athletes and help us improve our APR and GSR rates. The success of our work is reflected in the APR rating of every one of our teams being above 925. My work experience has been with diverse populations in the areas of academic and economic backgrounds, gender and ethnicity which can be challenging at times but also rewarding. I am aware that CAP has embarked on doing an extensive review of APR and I believe that a review of any program is necessary to insure that it is and will remain effective. I would be honored to have the opportunity to serve on CAP and play a part in programs that aid student-athletes.

Gender: M
Ethnic Minority: N
Meets 50% requirement: Y
Conference: Metro Atlantic Athletic Conference

Qualification Statement:
As a president beginning my second year, I am interested in doing my part to assist in the important work of the NCAA. I am particularly interested in this committee because I believe strongly in the model of the true student-athlete, and think that it is very much worth our while as educators to provide the guidance and structures that will assist member schools in upholding that model. In my last job, as Dean of a College, I oversaw the Office of Academic Advising for Student Athlets. That work gave me first-hand insight into the challenges that face Division I student athletes, and confirmed my belief that excellence in athletics and in the classroom are not necessarily competing goals.

Meets 50% requirement: Y
Conference: West Coast Conference

Qualification Statement:
I am interested in contributing to policy issues within the NCAA. As a faculty member, I particularly am interested in academic issues that have broad impacts. The APR and GSR numbers are the best examples of this so the CAP is the best fit for my interests. I have had a long-standing interest in student achievement and success and this includes retention issues, a topic on which I have published. I spent five years as the Associate Dean of the College where I had to deeply consider issues associated with student learning, attrition, graduate rates and retention as I was making decisions about disqualifying students and what the best course of action was for each student. I also am committed to holistic education for all students including student athletes so I am always looking for ways to enhance their collegiate experiences. On a personal level, when I make a commitment to serve in some capacity, I am a worker who can be counted on to contribute at all times.

Division I Amateurism Fact-Finding Committee Nominee Information

Name: Anita Hazelwood
Job Title: FAR
Institution: University of Louisiana at Lafayette
Gender: F
Ethnic Minority: N
Meets 50% requirement: Y
Conference: Sun Belt Conference
Qualification Statement:
I am very excited about the opportunity to serve on the NCAA Division I Amateurism Fact-Finding Committee. Although this would be my first committee appointment, I feel confident that I am equal to the task. I have attended the last two NCAA annual meetings and know that I am learning more and more about the NCAA each day. I have served on the University Athletic Committee for the past 10 or more years and have been the chair for the last two years. I am also currently serving as the Faculty Athletic Representative at UL Lafayette and have found this to be very rewarding. I have attended several Sun Belt Conference compliance and general events and, again, feel that this is a tremendous learning experience for me. I understand the importance of the amateurism certification process and have a rudimentary understanding of that process. However, I am ready to learn much more and become well prepared to contribute to the mission of the Committee.

Past Committee Service:
I have not had the opportunity to serve on NCAA committees at this point in my involvement but I am very anxious to step up to the next level. I have attended 2 NCAA conventions and found them fascinating. Perhaps because I am relatively new to athletics I am very interested in learning as much about the proces as I possible can. I have a history of very active involvement in organizations in my field of Health Information Management. I have served on several committees of the American Health Information Management Association as well as served on several committees and all officer positions of the Louisiana Health Information Management Association. My track record of accomplishments is very solid. I am also an active member of several other professional associations.

Division I Amateurism Fact-Finding Committee Nominee Information

Name: Bill Campsey
Job Title: FAR
Institution: San Jose State University
Gender: M
Ethnic Minority: N
Meets 50% requirement: Y
Conference: Western Athletic Conference

Qualification Statement:
I doubt that, short of a law enforcement or legal career, many persons applying to this committee have had experience with fact-finding on a professional basis. I certainly do not have formal legal or law enforcement training. On the other hand, my academic career has been centered on research and discerning fact from fiction. Another attribute that I would submit as a qualification is my ability to work with others in a collegial manner, achieving decisions through consensus rather than mandate. I have served on many committees in the College of Business, and on University wide committees and on the Academic Senate at San Jose State University. Thus I am well versed in working with others when decisions, sometimes even difficult decisions need to be made. I am also experienced in serving in positions of responsibility. In addition to my position as a faculty member and the University's FAR, I have served as an elected senator from my college in our Academic Senate.

Past Committee Service:
I have not served on any NCAA committees during the four years I have been a faculty athletic representative for the University. This is one reason that I would like to expand my service in this area.

Employment History:
I was an Assistant Professor at McIntire School of Commerce at the University of Virginia from 1975 to 1982. I have been a Professor in the College of Business at San Jose State University from 1982 to the present. Additionally, I was also an Associate Dean in the College of Business at San Jose State from 1987 to 1992.

Education:
BBA – The University of Texas - Austin
BBA – The University of Texas - Austin
MBA – University of Houston
PhD – The University of Texas - Austin

Division I Amateurism Fact-Finding Committee Nominee Information

Name: Jake Garlock
Job Title: Assistant Athletic Director - Compliance
Institution: Utah State University
Gender: M
Ethnic Minority: N
Meets 50% requirement: Y
Conference: Western Athletic Conference

Qualification Statement:
This nomination is a great chance to serve the NCAA membership, gain perspective on amateurism issues, and interact with colleagues from various points of view. I oversee tennis, and have helped determine the amateurism status of international PSAs. As the sole compliance administrator at Utah State I have an opportunity to work with dept. & campus units giving a global perspective. In addition, my legal education also provided a foundation of experience in applying various situations to rules. As a prosecutor, I had a duty to the community to decide how to move forward on cases. This required consideration of many interests including laws, victims, community, judges, justice and fairness. This committee must also weigh the heavy interest of the NCAA amateurism rules among many other concerns in order to come to decisions that are fair. Finally, as a side note, I lived two years in Russia, which gives at least a small understanding of issues and a language in a place outside the U.S.

Ethnic Minority: N
Meets 50% requirement: Y
Conference: Atlantic 10 Conference

Qualification Statement:
I have a very strong interest to be a member of this committee, and as an experienced and motivated professional in this field, I believe I would be a positive contributor. My extensive compliance background, in addition to the regular dealings with our 400+ student-athletes in 16 sports each year at Duquesne University, has exposed me to numerous situations involving amateurism issues that potentially affect eligibility. I am confident that the coaches and student-athletes trust and respect my judgment when consulting with me on a variety of eligibility scenarios and possible outcomes. Over ten years of experience as a Division I compliance officer has made me well-versed in the process of certifying and accounting for a student-athlete's amateur status. Division I Committee on Athletics Certification Nominee Information

Name: Meredith Eaker
Job Title: SWA
Institution: Liberty University
Gender: F
Ethnic Minority: N
Meets 50% requirement: Y
Conference: Big South Conference

Qualification Statement:
I have a strong desire to serve on the Division I committee on Athletics Certification Qualification. In my role of Associate AD/SWA at Liberty University one of my main responsibilities includes the monitoring and updating of our NCAA self-study. I oversee our Gender Equity Athletics Committee and our Minority Issues Athletics Committee as well as serving as our institution's Title IX Coordinator. While being employed at Liberty University, I have had the priviledge of serving on the steering committee for our interim/5 year review as well as our 2nd cycle certification. Many of our conferences are going through their 3rd cycle certification in the next few years and I believe that by serving on this committee I would be able to bring valuable insight on the certification process to the committee as well as to our conference institutions. I would consider it a great privilege to serve as a member of this Commmittee on Athletics Certification.

Past Committee Service:
I am presently serving my 3rd year of a four year term on the NCAA Division I Legislative Council and am also a member of its Administrative Subcommittee. In the spring of 2010 I completed a 2 year term as Chair of the Big South Conference Senior Woman Administrators. I am presently serving as Chair of the Big South Conference Women's Softball Committee and am also serving my third year on the Big South Conference Strategic Planning Committee.

Employment History:
I began my career in intercollegiate athletics in 2001 as a Graduate Assistant on the Women's Softball team at Liberty University. After serving only 6 months in this role, I was offered the position of the Director Compliance at Liberty University. I was the sole individual serving in the compliance office with oversight of 17 sports. My responsiblities included athletics certification of eligibility, violation reporting, rules education, monitoring of recruiting, etc. I served in this role for 6 years. During my time in this role, I was able to greatly grow the staff and function of the compliance office. One full-time compliance staff member and 3 full-time athletics liaisons in financial aid, admissions and the registar were added throughout this timeframe. In 2007, I was designated as Associate AD/SWA at Liberty University. During the past 3 years, I have been responsible for the oversight of the compliance office as well as 5 of our women's sports programs (women's basketball, women's softball, women's soccer, women's volleyball, women's tennis) and and one of our men's programs - tennis. In addition to sport oversight, one of my main responsibilities include TitleIX compliance. During the last three years, we have done extensive research that has resulted in the addition of 3 more women's programs (women's lacrosse in 2009, women's swimming in 2010 and women's field hockey in 2011). I have headed the search committee for each of these programs head coaches and also have them within my sport oversight. Outside of these day to day responsibilities, I also have the privilege of serving as our SAAC advisor. Meeting with this group monthly, as well as assisting them with our community outreach helps to definitely remind me what the value is in athletics administration.

Education:
Bachelor of Science in Exercise Science and Fitness Programming - Liberty University, May 2001
Master of Arts in Professional Counseling - Liberty University, May 2005
Ph.D. in Professional Counseling - Liberty University - 9hrs. completed
Sports Management Insitution - Graduate January 2010

Qualification Statement:
I would like to serve on the CAC as my institution just completed the certification process during which time I served as the Vice Chair of the Steering Committee. Further, when we underwent certification 10 years ago, I was a member of the Academic Integrity Sub-Committee. These experiences taught me how important the self-study and peer review processes are to honestly evaluating and enhancing an institution's athletic program. I believe that I can serve this committee well due to my unique background of being an All-American college tennis player, a scientist that collects and interprets data, a member of the Patriot League Policy Committee, and a former college-level club tennis coach who worked with student athletes every day for 13.5 years. I also feel that my aggressive search for knowledge beyond our league through attending DI FAR and FARA meetings and NCAA Regional Rules/National Conventions will serve me well as a member of CAC.

Job Title: Associate AD
Institution: University of Hartford
Gender: M
Ethnic Minority: N
Meets 50% requirement: Y
Conference: America East Conference

Qualification Statement:
My interest in being involved with this committee was prompted by my involvement as a Peer Reviewer this past fall at Canisius. It was one of my most gratifying professional experiences. While I had been involved with the Certification process numerous times here at the University of Hartford, it was very insightful to see the it from another institution's point of view. What I discovered was that my 25 years of college athletics administrative experience was a real asset. It also showed me how much I believed in the process. It not only allowed me an opportunity to provide meaningful insight to Canisius, but will make me better as a professional at my own institution. During the Canisius visit, I was charged with issues surrounding Student-Athlete Well Being. I found it particulary meaningful since student-athletes are our core buiness. I also think the Certification process is a very important way for the NCAA to maintain integrity among its membership.

I have been actively involved in Men's Basketball administration at three Universities as well as conference-wide basketball issues in two conferences. I have served on two ad hoc conference committees focused on Men's Basketball championships, issues, and improvements. While the primary focus of these committees was competitive success, the nature of the challenges also dictated the need to explore larger issues facing basketball programs, including academics, recruiting, and external influences on student-athletes. As Chair of the Men's Basketball Improvement Committee in the Big Sky Conference, I drafted an improvement plan that addressed many of these issues and provided best practice suggestions for our members. These experiences have given me the opportunity to study and address many of the issues that are likely to be discussed and explored by the Men's Basketball Issues Committee.

Having played, recruited, coached and been an administrator, I am confident that I have the knowledge of all issues pertaining to DI college basketball. The highlights of my professional career have dealt directly with DI College Basketball. Since 2007, I've served as A.D. A Radford University, where we work diligently to enhance our DI Basketball program, which is the institution's athletic flagship sport. Prior to my current role, I coached men's basketball for 15 years, 13 at the DI level. My experiences have taken from a DIII assistant and GA to an assistant and interim head coach in the WAC. In addition to coaching, I played at the DI and DIII levels. There are a number of issues foreign to individuals that haven't experienced college basketball from the front lines. Recruiting, academics, amateurism, agents, and a plethora of other issues must be examined and given thoughful legilsation in order to ensure that college basketball remains a centerpiece of American sports.

My interest in service on the Men's Basketball Issues Committee stems from my nearly 40 years of involvement with the game as a college, professional and international player, college coach and athletic director. Since starting college in 1971, I have had the opportunity to both observe and experience the dramatic changes in the men's game. The game of basketball has become so much a part of the fabric of our respective institutions, while at the same time it is being tested by challenging outside factors. The issues facing men's basketball require thought consideration and discussion from a variety of perspectives. Based on my history and experience with the game from a variety of viewpoints, I feel I can offer a unique outlook on the current state of men's basketball in Division I and would work well with other committee members to further the game.

Qualification Statement:
I feel that Division I basketball is one of the premier sports in the nation at this time and that it has a lot to offer student-athletes and fans alike. I would be very interested in serving on the men's basketball issues committee and believe that I have both the time and energy to be a great resource for the group. In my six years at the Atlantic Sun Conference, I have a broad range of responsibilities related to our basketball programs. I have served as a championship administrator, helped establish a new online video exchange program, developed conference schedules and now serve as oversight for the coaches group. Additionally, this year, I have worked with three other conferences in an effort to create a scheduling consortium to help directly address one of the biggest issues for our membership: securing quality Division I non-conference home contests without the benefit/use of a substantial guarantee. I am excited to be nominated for the position.

Job Title: AD
Institution: Duquesne University
Gender: M
Ethnic Minority: N
Institution Sponsors sport: Y
Meets 50% requirement: Y
Conference: Atlantic 10 Conference
Playing conference: Atlantic 10 Conference

Qualification Statement:
Qualifications for service on the Division I Women's Basketball issues committee includes:
- Active in Atlantic 10 Conference committee service representing Duquesne on the television, conference standards, men's basketball scheduling and women's basketball committees.
- While working at Xavier University (prior to becoming director of athletics at Duquesne), which hosted the Women's Final Four in Cincinnati back in the late 90's, was in charge of directing the NCAA YES Clinics at the Cincinnati Convention Center.
- Hired Suzie McConnell-Serio (Women's Basketball Hall of Fame inductee) to lead Duquesne's women's basketball program that resulted in the program's first postseason appearance (2009 WNIT).

Past Committee Service:
No prior NCAA committee service.

Employment History:
Amadio was named Duquesne University director of athletics on August 4, 2005, and has made significant strides in moving DU's 20-team department forward in the first 3 years on the job. Academically, athletics teams have posted a cumulative GPA of better than 3.0 over the past three years, with over one-third of all student-athletes achieving a GPA of 3.5 or higher. The athletics department has experienced unprecedented growth including the completion of a $2 million renovation of the Palumbo Center (spring 06) and an extensive upgrade of Rooney Field this summer. In addition, renovation work on the Rooney Field fieldhouse is planned to be completed prior to the 09-10 school year.
On the personnel front, Amodio's tenure has been highlighted by the hiring of men's basketball coach Ron Everhart and women's basketball coach Suzie McConnell-Serio. Everhart guided the Dukes to their first winning season in 14 years in 2007-08 and McConnell-Serio saw the women's team improve from seven to 15 wins in her first season. In addition, Amodio has added full-time assistant coaches for six other sports. While at Xavier, he moved from assistant director of marketing and promotions, to assistant AD and finally to associate AD. As associate AD, he managed a strategic, integrated program focused on increasing attendance, enhancing alumni participation in athletics and increasing fund-raising. In his last 7 seasons at XU, men's basketball attendance reached 97% capacity and women's basketball attendance increased 150%. Amodio directed the corporate partner programs, season and group ticket sales strategy, advertising campaign, fund-raising initiatives and game operations. He served as administrator for the men's soccer program and participated in the A-10 Men's Soccer Committee and the NACMA. Prior to Xavier, he served as the promotions manager for the Professional Golfers' Association of America, with a focus on national fund-raising programs and junior golf initiatives.

Education:
Amodio earned his master's degree in exercise physiology from the City University of New York, Queens College. While at Queens College, he served as a research assistant in the Department of Health & Physical Education. Amodio received his bachelor's degree in education in 1984 from Davis & Elkins College.

Qualification Statement:
The main reason I would like to serve on the Issues Committee is because I want to give back to a sport that I directly benefitted from at the collegiate level. My experience of playing both soccer and basketball at Ohio State shaped the person I am today in so many ways. I chose to pursue a career in athletic administration at the intercollegiate level because of my experiences as a student-athlete, both the good ones and the challenging ones, because I want to contribute to young people in the same way my coaches and administrators contributed to my education and athletic experience. I believe this profession and serving on committees is just one link in a chain that affords student-athletes a great opportunity for an education in the classroom and in the playing arena. I also believe that my experience as a basketball student-athlete, and now as an administrator, will allow me to understand and contribute to effective solutions to issues that women's basketball faces.

Job Title: Senior Admissions Assistant/ Internation
Institution: Mississippi State University
Gender: F
Ethnic Minority: N
Meets 50% requirement: Y
Conference: Southeastern Conference

Qualification Statement:
After working with international students for the past 20 years, I find that the experience is still unique and always changing. When asked do describe how I handle the challenges of international transcripts,the phrase detail oriented always comes to mind. We at Mississippi State University do not send transcripts out to evaluation services. So for the past 20 years, I have been evaluating freshmen, transfer, and graduate transcripts in-house. Because countries have different systems within the same nation, a person must have the understanding and details of the country they are working with. My knowledge and experience has come from my international network of friends, the NASFA conferences, and my library of the different education systems.

I think that my overall experience working with international students and athletes, my resources, and knowledge of NCAA academic eligibility requirements would be a benefit to the Initial-Eligibility Waiver Committe

Division I Initial-Eligibility Waivers Committee Nominee Information

Name: Dominick Giambrone
Job Title: Assistant Commissioner for Compliance
Institution: Sun Belt Conference
Gender: M
Ethnic Minority: N
Meets 50% requirement: Y
Conference: Sun Belt Conference

Qualification Statement:
I feel as if my experience on campus as the sole compliance person for a Division I program, as well as my current role of Assistant Commissioner for Compliance and Educational Services at the Sun Belt Conference where I assist our twelve member institutions, makes me a qualified candidate for the current vacancy on the Initial-Eligibility Waivers Committee. Having been both successful and unsuccessful in my previous Initial-Eligibility Waiver attempts, I feel as if I have a grasp of what the committee looks for in its processing of waiver requests. I am excited at the idea of being on an NCAA committee and feel as though I possess the necessary experience, intelligence, work ethic, and attitude to be a valuable asset to the already well-respected Initial-Eligibility Waiver Committee.

Past Committee Service:
While I have not previously served on an NCAA committee, I very much look forward to the opportunity to serve the NCAA and its membership in this capacity. I have participated with CCACA, NAAC, NACDA, and the Sports Lawyers Association.

Employment History:
I began my career by volunteering at LSU under Senior Associate AD, Verge Ausberry, where I got my first experience in intercollegiate athletics. While in law school, I started my first paid position as the Compliance Assistant at the Sun Belt Conference. In this role was when I first dealt with Initial-Eligibility Waivers -- through assisting our member institutions. I subsequently took the Director of Compliance position at the University of New Orleans where I handled all compliance duties, including quite a few Initial-Eligibility Waivers. After working at UNO, I returned to the Sun Belt Conference as the Director of Compliance and Championships where I remained involved with Initial-Eligibility Waivers through our institutions. Since that time, I have taken over the compliance duties at the Sun Belt Conference as Assistant Commissioner of Compliance and Educational Services. Working with all twelve of our member institutions allows me to gain exposure to more Initial-Eligibility Waivers than one may experience while on campus. It is for these reasons that I feel I possess the requisite experience to excel as a member of the Initial-Eligibility Waiver Committee.

Education:
I received my Bachelor's of Science degree in Business with a concentration in Business Administration from Louisiana State University in 2005. I also graduated from Tulane Law School in 2008. In addition to my law degree, I received my Sports Law Certificate from Tulane. The Sports Law Certificate program at Tulane is a concentration of elective courses around those subjects one may experience during a career in athletics. I was also a Managing Editor on the Sports Lawyers Journal, and participated in many different organizations including the Sports Law Society, the Business Law Society, and the Entertainment Law Society.

Qualification Statement:
My desire to serve as an Initial Eligibility Waivers Committee member is based on the Committee's mission to ensure consistent application of the initial eligibility legislation throughout the waiver process, by reinforcing the spirit of the legislation while striving to establish a strong foundation dedicated to the academic well being of all incoming student-athletes. During my time at Georgetown University, I was directly responsible for all aspects of the initial eligibility process. In my current role at the University of Delaware, I remain involved in various aspects of our initial eligibility procedures. Additionally, I continue to work tirelessly to educate myself on various aspects of initial eligibility, both to know the legislation better and to stay on top of any current issues. I believe I exhibit the kind of work ethic and professionalism that one wishes as ideal characteristics of all committee members.

Division I Initial-Eligibility Waivers Committee Nominee Information

Name: Christoper Hoppe
Job Title: Assistant Athletic Director, Compliance
Institution: Robert Morris University
Gender: M
Ethnic Minority: N
Meets 50% requirement: Y
Conference: Northeast Conference

Qualification Statement:
The 2010-11 academic year is my sixth working in both college administration and compliance/student-services. In this time I have progressed from drafting both PTD and initial eligibility waivers as an eligibility coordinator at San Diego State University, to actually taking these waivers from start to finish with the student-athlete and team for the last three academic years at Robert Morris.

Based on the above, I believe I have sufficient experience with the process to hit the ground running with this committee. Moreover, I believe the broad based experience I have with three entirely different geographic areas of the country and three entirely different sized and organized universities will afford me the breadth of experience that would be of compelling use to the committee. Specifically, my experience with vastly different high school recruiting bases and internal university structures will allow me to bring a truly unique perspective.

Initial Eligibility is an intrical part of NCAA Division I eligibility that needs to be monitored and there are extenuating circumstances at times that need to be evaluated in order to keep the student-athlete in mind. I have worked in the compliance field for 10 years with increasing responsibilities each year. I have been running a Division I compliance office, by myself, for 6+ years and have extensive knowledge in Division I eligibility. I am responsible for the Initial Eligibility of about 50-60 student-athletes each year and feel I have the knowledge and background to serve this committee well. The NCAA, specifically D-I, is the highest level of amateur athletics and enables student-athletes to obtain a college education and that begins with initial eligibility and it would be an honor to serve on this committee.

I am extremely interested in serving on the Division I Legislative Review and Interpretations Committee. I believe I am sufficiently qualified and able to perform the duties of the committee. My career in compliance includes over five years as an institution's senior compliance administrator. This challenge required me to quickly and thoroughly grasp the intent of the majority of the legislation. I welcome an opportunity to provide my objective perspective at the national level.

Qualification Statement:
As the Sr. Adminstrator responsible for the Baseball program at Oregon State Univ. I am very aware of the unique challenges that intercollegiate baseball faces because of the nature of the sport and the influence of the MLB draft. This creates unique challenges for coaches in recruiting, SA welfare, and effects the academic success of the student athlete especially for those programs playing at the highest level. I have been the administrator in charge of baseball at both semester and quarter schools as well as schools in different parts of the country so I understand how length of season and number of games can affect schools differently. OSU has reached the CWS 3 times and won 2 Nat'l Champs while I have been its administrator so I appreciate the incredible experience baseball can be for the students that play it, however I also recognize the problems of academic underachievement associated with the sport. I believe my background gives me insight on how to tackle these challenges.

Qualification Statement: Appointment to the DI Women's Basketball Committee would be a prestigious honor. Having been a basketball student-athlete, an assistant coach at the Division I level, and now an administrator at the Division I level, I have experienced intercollegiate basketball from many points of view. My experience as Asst Director for the 2007 & 2008 NCAA Greensboro Regional allowed me the opportunity to work closely with the NCAA staff and Women's Basketball Committee. Qualification Statement:
I am extremely interested in serving on the WBB Committee. Women's basketball is very important to me, our program, our region and our state. I am very proud that I have helped foster the growth of women's basketball at MTSU and that it has become a fan favorite. When I named Athletic Director, I inherited a program that had on court success but only averaged 400 people per game. Two days after I was announced, our coach left for a more high profile job. Women's basketball was my first hire as an AD, and together Coach Insell and I have built this program to greater heights competitively and commercially. We now sell over 3,000 tickets and average 4,000 per game.
I would like to contribute to this wonderful sport on a national level and feel it is important the AD's are an integral part of the selection process and serve as stewards of the game. I believe I would be an exceptional replacement for Wood Selig.

Qualification Statement:
Growing up in Connecticut as well as going to school at UConn during Coach Auriemma's first two years in Storrs, made it extremely easy to become involved in women's basketball. Since that time, I have worked in and/or followed the sport very closely. Over the past seven years working at Baylor where I was a part of the 2005 national championship experience and now as an AD at EWU, I have taken a keen interest in the sport and feel that I would be a tremendous asset to the committee. At EWU, our women's team has gone from worst (in 2007) to first in the Big Sky (2010). The ability to serve the NCAA in this role would be very exciting. My cabinet term on the Administration Cabinet is coming to an end in June 2011 so this appointment would coincide with that nicely.

I would be honored to serve on the NCAA Women's Bowling Committee. I believe that my experience working behind the scenes in sports information and the media in addition to being an active head coach would add a unique perspective to the committee's work of representing our student-athletes and coaches. Since our team competes in the NEC in addition to our school's membership in the MAAC, my selection would also provide representation to both organizations. As an active member of the USBC as well as an official scorer for Major League Baseball, I have an understanding of the importance of rules and interpretations. Through my daily interaction with Tara Wuorinen at Saint Peter's I have also gained an understanding of what I should expect as a member of the committee. I believe that I have the time and the energy to devote to the committee for the benefit of our growing and emerging sport. I am thankful for the opportunity of being nominated and look forward to serving if chosen.

As an administrator at a Division I institution for the previous six years, I have had to opportunity to witness and travel with all of Winthrop's 17 sports programs. I believe that serving on the Division I Men's Golf Committee would allow me to serve both college golf and the NCAA in a positive way. The fact that I am a coach at a mid level program that has had a bit of success on the National level I am aware of the concerns of both the larger or established universities and the smaller or upcoming universities when it relates to college golf. I think with this experience I might be able to help in the development of policies that will bridge the gap between the two. More importantly looking at what is best for college golf and especially what is best for the student athletes!

I possess a lifelong commitment and passion for the preservation of Intercollegiate Golf. As a collegiate athlete, I had the opportunity to participate in the game of golf, where I learned more about its rich history, integrity, and the principles which the sport taught. The aforementioned life lessons lead me to pursue a professional career as a collegiate golf coach. My interest in pursuit of this committee assignment is to depart my experiences and passion for golf, to today's student-athletes participating in this great game. The service on this committee would assist the organization and member institutions in weaving into the fabric of today's intercollegiate golf those same values I gained as a student-athlete, coach and administrator. Adding to this passion, would be the wisdon and knowledge of years of experience, as well as an understanding and interpretation of the rules of golf and the NCAA Principles.

Golf has been my life since age 13, but the path has not always been my own. During my college career at Alabama, I suffered a wrist injury which resulted in the end of my playing days. After several club professional positions, I was encouraged to apply for the Director of Junior Golf position with the Tennessee Golf Foundation. In 1998 I was recognized by my peers and was awarded the middle TN Chapter, Tennessee Section and National PGA Junior Golf Leader Award. Nine years ago, I was approached by my supervisor to add college coaching position to my job description. This was not a step I would have taken on my own, but once offered, I embraced the experience and never looked back. During the 2010 National Golf Coaches Association Convention, I was awarded their most prestigious award- the Gladys Palmer Meritorious Service Award. 21 Year Member of the PGA. Qualification Statement:
As the Women's Golf Coach at the University of Denver I have a sincere interest in serving on the NCAA Women's Golf Committee. I believe I have the passion and the qualifications to be a positive addition to the committee.
At Denver I had the opportunity to start the women's golf program in 1998. Over the past 12 years our program has grown from the top 75 into a top 25 program, finishing 6th and 5th at the national championships. During this time, I have seen collegiate women's golf from both sides of the top 25 fence. I truly believe this experience has given me a strong perspective regarding the entire body of collegiate women's golf and what is best for our sport.
Also, I have served on the Regional Advisory Committee and I am currently on the NCGA Awards Committee. I believe these experiences have prepared me well for the opportunity to serve on the NCAA Women's Golf Committee and work to continue to grow women's golf in a positive direction. Thank you for consideration.

Job Title: Head Rifle Coach
Institution: Murray State University
Gender: M
Ethnic Minority: N
Institution Sponsors sport: Y
Meets 50% requirement: Y
Conference: Ohio Valley Conference

Qualification Statement:
I have been involved in NCAA Rifle since 1993. I have served as NCAA Championship Tournament Director for the Rifle Championships whenever held at Murray State since that time. I was named Head Rifle Coach in July 2008 after one year as interim. I have an understanding of the sport and it's history in the NCAA. The sport of rifle has been good for me personally and my career in general. I look forward to the opportunity to give back to the sport. I have come to appreciate the exceptional student athletes that are able to participate at a high level in rifle. I want to work with the NCAA in building the best student athlete experience that the NCAA can offer.

Past Committee Service:
As NCAA Rifle Championship Tournament Director I have worked closely with the Rifle Committee over the years, in the conduct of the championships. This has involved discussions on rules and the format of competition, always geared toward giving the athletes a fair and enjoyable experience.

I have also held the position of Head Athletic Trainer at MSU since promoted from Assistant Athletic Trainer in July 1993. In that position I am also very involved with several areas of student athlete welfare. I think this gives me unique perspective in some areas.
In 1993 I began working with our rifle coach, Elvis Green, on the mental and physical aspects of rifle training and that is how I became involved with rifle.
Prior to MSU I was the assistant athletic trainer at the University of Mississippi from 1987 - 1992 and the University of Richmond 1984 - 1987.

MEMORANDUM

January 19, 2011

TO: NCAA Division I Administration Cabinet.

FROM: D'Ann Keller
Associate Director of Championships.

SUBJECT: Waiver of NCAA Division I Men's Soccer Committee Composition Requirement.

I am writing to request a waiver of the committee composition requirement for the NCAA Division I Men's Soccer Committee for the 2011 and 2012 appointments. NCAA Bylaw 21.7.5.5.5.3.19 states that the Men's Soccer Committee shall consist of 10 members, including one member from each of the eight Division I men's soccer regions and two members selected at large. Six members shall be representatives from Football Bowl Subdivision (FBS) institutions, and four members shall be representatives from Football Championship Subdivision (FCS) and Division I institutions.

Of the 23 conferences that sponsor the sport of men's soccer, six represent FBS institutions and the remaining 17 represent either FCS or Division I institutions. The chart below details the conferences and their regional alignment:

Northeast	North Atlantic	Mid-Atlantic	South Atlantic	South	Great Lakes	Midwest	Far West
America East	Northeast	A-10	Big South	**ACC**	*Big East*	**C-USA**	**Pac-10**
Big East	MAAC	Patriot	CAA	Atlantic Sun	**Big 10**	Missouri Valley	Big West
Ivy	Atlantic Soccer			*C-USA*	Horizon	Summit	Mountain Pacific
				Southland	**MAC**		West Coast

Effective September 1, 2011, there will be three vacancies that must be filled by FBS institutions. Effective September 1, 2012, there will be three vacancies, two of which must be filled by either a FCS or Division I institution and by a FBS institution.

Year	Current Conf	Represent	Region	Year	Current Conf	Represent	Region
2011	Big East	FBS	Northeast	2012	Mountain Pacific (Mountain West)	FBS	Far West
2011	ACC	FBS	South	2012	Colonial	FCS/Div I	South Atlantic
2011	C-USA	FBS	Midwest	2012	Big West	FCS/Div I	Far West

Based on those conferences that submitted nominations for 2011 appointments, the same conferences will maintain representation in their regions for another four-year cycle. These same conferences have held positions on the committee for the past 12 years. After reviewing various options, I would like to request a waiver of the subdivisional requirements for the 2011 appointments and appoint two individuals from FBS institutions and one from a FCS/Division I institution. In 2012, to bring the committee back into compliance with the existing bylaw requirement of six members from FBS and four members from FCS/Division I, the cabinet would appoint two individuals from FBS institutions and one from a FCS/Division I institution. Please note that in 2012, one member will be selected at large, therefore, no one conference is being singled out or penalized.

This change will provide for increased opportunities and representation for all conferences in the long term since this rotation among FBS and FCS/Division I conferences will be in effect for future appointments.

Thank you in advance for your consideration. Please let me know if you have any questions or need additional information.

I am extremely interested in serving on the Division I Men's Soccer NCAA Selection Committee. I have been a collegiate Head Coach for 22 years. My first 8 years were as a Head Coach at Division II Southern Connecticut State University and my past 14 years have been at the University of Connecticut. I have a deep passion for the sport, especially at the collegiate level. I am a US Soccer Federation A License coach.
I think I could be an asset to the present committee as I know how important the NCAA tournament selection is and how difficult the process is to pick the correct teams.
I have had my teams participate in 20 NCAA tournaments, 8 final fours and we have won 4 National Championships. I think my experience both coaching and competing in the NCAA tournament has provided me with a good foundation to help in the selection process. I look forward to the challenge of being able to help the Division I Men's Soccer Committee select the teams for the College Cup.

Qualification Statement:
As a former NCAA student-athlete and college coach in the sport of soccer and now as a sport administrator, I have experienced the benefits of participating at the championship level. I have found that the impact on the student-athletes is different for every participant, but regardless of what the impact is, the people behind the scenes, i.e. committee members work very hard to provide a collegial experience for all. Having served on a Regional Ranking Committee and DII Women's Soccer Committee, I would take those experiences to help me serve on the DI Women's Soccer Committee if selected. Currently I supervise both men and women's soccer at Butler University. I gained additional experience with Butler hosted both League championships and the NCAA second round in men's soccer. As the administrator for all of them, I gained a greater appreciation for how championships are administered at the League and NCAA level and noting the championship experiences for the athlete.

I have been involved with soccer at every level beginning with being a former athlete, to coach at the club level, and now administrator. The game has been in my blood since birth and the opportunity to be a part of this committee will afford me the chance to give back to the game that has given so much to me. In addition, since coming to the Missouri Valley Conference, I have been the primary liaison for men's and women's soccer. This has allowed me to deal with the game in many facets such as officiating, games management, sportsmanship, etc. As an administrator, I look towards what is necessary to make the game a great experience for the student-athlete and fans involved. When we conduct a championship there are a lot of moving parts behind the scenes and if the student-athletes simply arrive, play ball and have a memorable experience, I consider it a great event. Hopefully my experience thus far permits me the chance to continue to serve the membership through soccer.

I would be very interested to be a member fo the women's soccer committee. Over the last five years I have been on either the central rankings committee or the southeast rankings committee. Over that time I have had the opportunity to meet many wonderful people and also learn a great deal about the process. I took great pride in what our region was able to accomplish. In addition I believe each year I became much better and recognizing the qualifications for teams to be in the NCAA tournament. I believe I approached the selection process in what I believed was in the best interest of each of our teams in the region. I also understand what it is like to get one of the bids to the tournament but also to be left out as one of the last teams. In both cases I believe the committee got it right. It is more than the rpi or quality wins etc. One must take into consideration all the factors and then make a very honest decision.

I believe that my competitive, educational and employment experiences make me well suited to serve on this committee. I competed on the 1976 U.S. Olympic Swim Team in the 200m free (6th) and 400m free relay (1st). I was a U.S. National Team member (1976-79), held two American and U.S. Open records, was a two-time U.S. National champion in the 500y and 1650y free, and swam on many national champion relay teams for Mission Viejo. I attended IU on a full athletics scholarship and helped IU to win the Big Ten's in 1981, after placing a close second in 1980. I also won seven individual Big Ten titles and was captain of IU's team for two years. While attending the NCAA Championships at Minnesota in 1993, I was encouraged to get into college athletics administration by Kathie Wickstrand (NW) and Jim Montrella (OSU). They and other coaches, such as Mark Schubert and Bob Groseth (who also encouraged me), wanted the Olympic sports to have more representation in college athletics.

I have been a collegiate coach for the past 16 years. I am passionate about college tennis. I was fortunate to be able to play four years of college tennis. In those four years I became a two time All American and an Academic All American. I am who I am because of the oportunity I had to be a student athlete. I learnt discipline, dedication and developed a strong work ethic. Very few people have the opportunity to make a living doing some thing that is their passion. I am one of those few individuals. I am able to mentor young people and guide them to become productive citizens of this world.
I believe I can be an asset to the committee because I was a former student athelte. I have also had a unique opportuntiy to work with three collegiate teams of different size, stature and conferences. I have see it from the mountain top when I was in Florida and I have seen it when we were rock bottom when I first started coaching at North Texas.

Qualification Statement:
We have made a priority commitment to volleyball as a premier fall sport. This decision is demonstrated by a number of steps we have taken. We play in the 4000 seat Al McGuire Center on a volleyball only sport court surface, all grants in aid are funded , we employ on a full-time with benefits basis all coaching positions and we video stream all home matches. Two years ago, we aggressively sought and hired Coach Bond Shymansky as our head coach, among the top 20 active head coaches in terms of winning percentage. Volleyball is one of only five sports that I discuss with our Board of Trustees athletics committee under the heading of "principal sports". I am personally involved with Coach Shymansky and our sport administrator in the operations of our volleyball program in all respects. Volleyball is a tremendous sport, particularly for young women, and I want to see it grow and prosper as a sport as well as at Marquette.

In my role as sport supervisor for volleyball, I feel I can now have additional impact on the development and growth of the sport in our region and at the conference level. I have been involved with college athletics for over 30 years, first as a volleyball student-athlete and letter winner at the University of Idaho, then as an assistant and head volleyball coach at Idaho, and now as a senior level administrator at Washington State University. I was fortunate in my senior year at the University of Idaho to serve as co-captain and have the opportunity to compete in the national volleyball tournament, hosted by Cal State-Northridge. In my most successful year as a head coach at Idaho we won 26 matches, competed in our conference championship match hosted by Portland State University, and I was named conference coach of year. After leaving coaching, I began working at Washington State University and have had the opportunity to serve in several different administrative capacities over the past 20 years. As the Director of Event Operations for five years, I managed all aspects of event management for each WSU sport. I also had the opportunity to serve as the meet director for a Pac 10 Conference track and field championship, and served as the event manager for a NCAA tournament first round volleyball match. Currently as Senior Associate Director of Athletics, I serve as sport supervisor for the volleyball and swimming programs, as well as oversee academic support services, strength and conditioning, nutrition, and athletic training services. Qualification Statement:
As the Director of Student-Athlete Development at the University of Hawaii, I have had the opportunity to work with amazing NCAA staff members who inspired me to be more involved at the NCAA level. As a former student-athlete and women's water polo coach I bring a vast amount of experience to be able to serve on the NCAA Women's Water Polo Committee. I am passionate in providing developmental opportunities for all student-athletes and would make a positive contribution to the committee. Winning a National Championship, being an All-American and representing our nation, were all part of my student-athlete experience. I double majored and always knew academics came first. As a coach, success came in classroom, the community and the pool. Memorable moments always seemed to occur outside of water when least expected. My water polo experience combined with my desire to help student-athletes succeed would make me a valuable committee member. Thank you for your consideration.

Qualification Statement:
I have been fortunate to have already served on a NCAA sports committee and it was an extraordinary experience. When I was approached by my conference office about the opening on the Women's Water Polo Committee, I was excited about the possible opportunity to contribute to the selection and management of the championship of experience. The east coast is not the traditional stronghold for Water Polo. It is still a relatively young sport in the northeast, however, schools like Wagner and conferences like the MAAC have embraced the sport. We have enjoyed the growth and want to ensure the growth potential continues. On the best ways for growth is a positive & competitive student-athlete championship experience. Although I did not play water polo, I hope the selection committee will view my previous sport committee background as well as my varied intercollegiate experience as an asset.

It would be a great honor to represent the Southern conference on the NCAA Division I Wrestling Committee. I am currently in my seventh year as head wrestling coach at Davidson College. I have a total of 10 years Division I wrestling coaching experience. While at Davidson College I have helped turn the program around. This past season we crowned our first Southern Conference champion in 41 years. Currently we are ranked fifth amongst all Division I wrestling teams academically. Qualification Statement:
Please accept my application for the vacant NCAA Wrestling Committee position. Upon careful examination of my resume and getting to know me personally, I believe that you will determine that I am a great fit for this position. Intercollegiate athletics, more specifically the sport of collegiate wrestling, has been a part of my entire child, adult and professional life and I would bring a plethora of ideas and viewpoints to the committee. A few additional characteristics that cannot be identified through my resume alone are my abilities to affectively communicate, think creatively, and advocate for the sport of wrestling. If given the opportunity to serve on the NCAA Wrestling Committee I would graciously accept and focus a great amount of time and energy toward helping grow the sport (wrestling) and governing body (NCAA) that has played such a pivotal role in shaping the person that I am today. Thank you for your time and consideration.

My qualifications for service on the Men's Basketball Rules Committee include extensive years of experience as a student-athlete, professional athlete, teacher, coach, author, and a fan of the game of basketball. I have studied and taught the game of basketball from its history, including the 13 original rules developed by Dr. Naismith to modern day styles. Further, my experiences include mentorship by legendary Coach John McClendon, who was the last surviving pupil of Dr. Naismith. In addition, my insight and understanding of the intent of the rules and the order that they provide to preserve the game extends my value. Learning and teaching the history of basketball as an enrichment activity has afforded me a deeper understanding of how the game of basketball has evolved especially during periods when talent over runs or out pass the rules. In conclusion, my background, professional coaching experience, and knowledge of the game and rules qualify me for service in this capacity.

Very little is more important than the writing of the rules of a game and the proper enforcement of those rules. I'll admit to being more of a traditionalist, and I think that before we change a great game, that we take great care to ensure that we do not fix something that is not broken. As a coach, I am a strong supporter of the hard work that officials do as well as those who guide those officials. I take a great interest in the way the game is officiated and the direction those officials are give and fully realize that it is a challenging task. I think officials deserve greater support from the coaching community as well as television commentators who don't know the rules and make false statements that hurt the image of officials and the game.

I would very much appreciate the opportunity to have an impact on the future of the game I care about very much.

Qualification Statement:
My practical experience is two-fold; competing scholastically and career involvement. My work at the National Basketball Association afforded me the opportunity to interact daily with the basketball and referee operations groups managed by Stu Jackson. It was there my appreciation for the rules was heightened, as well as for the men and women who enforce the rules. My role at Marquette University is unlike most administrators. Chiefly responsible for our men's basketball program, I spend an inordinate amount of time talking with our coaching staff and student-athletes, conference staff and industry peers about the game, its governance and rules. I watch practice daily; study video to better understand the dynamics of the game; and watch as much basketball as possible. The game should accentuate the talents of those who participate. It is important rules and regulations evolve accordingly but not at the expense of the game's integrity. I will work tirelessly to protect the game.

Past Committee Service: This would be my first NCAA committee appointment.

Throughout my career in collegiate athletics I have always been a part of athletic programs that included basketball. I was fortunate enough to be a collegiate student-athlete and am forever grateful for the opportunity athletics gave me to attend the college of my choosing and earn an outstanding education. As I have progressed throughout my career and now more than ever as an Associate Vice President and Director of Athletics, I realize the investment that universities make in the sport of basketball and how crucial it is to have rules that preserve the college game and continue to protect the student-athletes who play the game. It is important that the rules changes or modifications balance the use of technology and media coverage with the growing popularity of the game. As a former basketball sport administrator who has worked with teams and coaches, I understand the importance of communicating the rationale of the rules changes to preserve the integrity of the game.

Qualification Statement:
Being at a Division I institution for my entire career, it has given me a unique perspective on the importance of men's basketball at an institution that does not sponsor football. The impact that the rules of the game have on our student-athletes and coaches has made the game competitive for all NCAA divisions, continues to draw fan interest and is evident in the media coverage institutions receive throughout the year and not just during basketball season. The Men's Basketball Rules Committee is the driving force behind what occurs on the floor. If I am fortunate to be selected to serve on this prestigious committee, I feel that my experiences as a long time administrator on the campus of Wright State and my involvement with basketball at the League level has afforded me an opportunity to engage and voice opinions regarding the growth of Men's Basketball as the rules have changed and developed over the years. I would welcome the opportunity to serve student-athletes nationally.

Qualification Statement:
I am interested in serving on the Women's Basketball Rules Committee for numerous reasons. First, the integrity of Women's Basketball has always separated itself from other sports. The Women's game has always prided itself on standing independent and strong to its beliefs. Secondly, as the Women's game grows in support, popularity and revenue we as a body will see the demands and expectations increase. With these additional responsibilities and pressures it is imperative that we do not lose the focus on the purity and integrity we have always believed in.
I have been involved with legislation relating to officials, play-offs, recruiting and more within California Community College Women's Basketball for over 10 years and see the importance of serving the needs of many, instead of few. I feel this experience qualifies me to serve on the Women's Basketball Rules Committee.

I take great pride in having extensive knowledge of the rules of the game of lacrosse. I possess a great passion for the integrity of the rules of the game that I love. I am extremely interested in serving on the Men's Lacrosse Rules Committee; it's an extremely important role and one that I would be fully committed.
At a time when television coverage is expanding and the pressure to increase ticket sales increases, administrators & individuals outside the coaching community seem to have an expanding influence on the rules of our game. As a result, I know it is a delicate time to be a member of the rules committee, & it is a challenge I am more than willing and able to embark. I have examined every rule change proposal through on-field evaluation in fall ball as well as comprehensive discussions with my coaching peers about the various rule change scenarios. I know I can objectively consider the pros and cons of each rule change, as well as the ramifications to the game.

Qualification Statement:
The game of Women's Lacrosse has always been and will always be something that I have a great passion for. Not only is it a game that I fell in love with as a kid, but one that I continue to coach, play and watch to this day. Having the opportunity to play four years at James Madison University as well as the opportunity to play with the U.S. Women's National Senior Team has allowed me to see the game from all levels and gain an appreciation for it in so many ways. Now in my fourth year of coaching, I believe the combination of all of my lacrosse experiences has allowed me to respect and see the game in a different light.
I want to be involved in this committee because I believe its focus and objectives are significalty important to our sport. It allows our sport to constantly evolve while at the same time keeping the game safe, fair and challeneging. I understand that the game comes first and without this committee our game would not be experiencing the exponential growth it has.

Qualification Statement:
Since joining the Atlantic Sun Conference, I have worked closely with our men's soccer program. The duties have ranged from sport oversight to championship administration to liaison with our officiating coordinator. In my first year, the A-Sun took a strong stand in support of improving sporting conduct by spectators, developing a series of policies aimed at abusive language, taunting, etc. The policies have helped lower our number of cards for such infractions in the last five years. I'm very interested in serving on the rules committee due to my interest in soccer and close work with various officiating agencies across all our sports. I believe that I have the time and energy to serve on the committee and am excited about the opportunity.

Past Committee Service:
I have served as a liaison for several conference committees and coaches groups. Worked with three other conferences on a men's basketball scheduling consortium.

Employment History:
The past six years I have been employed by the Atlantic Sun Conference and have had a broad range of duties. I have worked in championship administration, sport oversight, marketing fulfillment, television package, schedule development and officiating programs. I am a member of NACMA. Prior to joining the A-Sun, I spent six years at Belmont University, starting as an Assistant SID and rising to Assistant Athletics Director before moving to the conference office.

As a sophomore, she helped lead the Utes to the 1987 High Country Athletic Conference title and secure a trip to the NCAA tournament. Jackson was voted team captain as a senior and also was named to the all-region first team.

Qualification Statement:
I have spent the last 25 years involved with Division 1 softball as a coach and have a strong passion for the sport. The playing rules have evolved during those years and we have gone through some positive changes and have also experienced some changes to our sport that have not worked. Previously the rules in our sport were governed by the Amateur Softball Association and the move the to the NCAA rules committee has been a positive change that I would be honored to be apart of. My background in pitching and my vast experience with ASA, International and Olympic softball in addition to my NCAA coaching experience provides me with great insight and perspective on the sport of softball. The rules that govern our sport are paramount to the stability as well as the progress that can be made in our sport. Qualification Statement:
My entire working life has been in the sport of softball. After completing my playing career, I started as a manager at the University of Massachusetts and have made stops as an assistant at the University of Maryland, and as a head coach at Western Kentucky University until landing as the head coach in Lexington, Kentucky with the Wildcats. During my entire adult life span, I have dedicated the majority of both my working and free time trying to make the sport of Softball better. While I have always been passionate about the law, about debate and improving the sport, I have come to realize that if I truly want to effect change and keep the sport of Softball moving towards one that both embodies all the ideals that encompass intercollegiate athletics and grows the sport to one that is both marketable on the campus level and is TV ready for our biggest event the NCAA tournament, I must be willing and able to effect change at the Rules Committee Level.

Past Committee Service:
I currently serve on the HCC (Head Coaches Committee) for the sport of softball as the representative from the SEC. My appointments started in January of 2009 and will run until 2011.

Qualification Statement:
I have a passion for the integrity of our sport and the desire to ensure the quality of the game. Over my past 11 years as the softball coach at University of Louisiana - Lafayette, I have experienced firsthand the tremendous advancement of our sport and in my opinion, the influence of the RULES COMMITTEE lies directly at the core. As a former umpire and an attorney and a life-long coach for 31 years, I appreciate the significance of the RULES and will always respect the RULES of the game. There is a seriousness that must accompany service on this committee -- my legal training (L.S.U. Law School 1988) requires me to approach this opportunity with an analytical thought process that balances all the relevant issues. I have spent countless hours in studying and discussing rules topics (i.e. bat standards, illegal pitches, game management) from all different perspectives. I have a passion for our sport and I am willing to invest my time and efforts to make college softball the best!

As an avid coach of softball for the past 30 years, softball rules have always been a passion of mine. From the review of rules to the possible revision of rules, the rulebook is something that needs simple clarity to function as a tool for all of us involved in our sport.

Qualification Statement:
From the time I first started in this great sport as an undergraduate student manager at Louisiana State University, helping re-start the program back in 1996, I have been addicted to Softball and have made it my life. I have a great passion for coaching young women at this level and have dedicated a large portion of my life over the last 15 years to better myself and climb up the ladder to the position I am currently in as the head coach at Belmont University. The changes that I have seen in Softball have been tremendous in these 15 years, and have seen it grown from a minor NCAA sport, to one that is followed and played by millions and grown in popularity as an NCAA sport. I want to continue to help grow our great game and it would be an honor to represent my fellow coaches and the Atlantic Sun Conference by serving in this capacity. This would be a position I would take very seriously and would be someone to count on to help get the job done. Thank you for your consideration.

I have a great passion for the sport of volleyball and I would like to help by being a guardian of the rules that protect and govern the game. I would like represent the voices of the collegiate coaches and athletes while still having the ability to see the game from an official's point of view. My view of the rules committee is not a radical one. I don't believe that the game should be altered in significant ways, nor should it be altered to benefit a certain level or division of collegiate play. I feel that we should look at the FIVB and other volleyball organizations only for guidance and suggestions. NCAA Volleyball continues to be the most organized, the most prolific, and the most successful volleyball league in the world. We must continue to chart our own course when it pertains to rules changes that will enhance our games and benefit the teams that play in our leagues.

The game of volleyball has evolved throughout the years because of the rule changes. As a USAVolleyball certified official for the last nine years while coaching at the various collegiate levels I have had the pleasure of getting to understand both sides of the "whistle". Knowing and understanding the rules has allowed me to become a better collegiate coach, official, and student of the game.
I strive to educate my fellow college coaches so they will gain a better understanding of new rules and how their formation has affected the game in a positive way. To be on the volleyball rules committee would be a great honor and would allow me to help both the officials and the coaches gain an appreciation for each other's duties, but more importantly, it would also allow me to stay at the forefront of the new legislation.

It would be an honor to serve on such a prestigious committe within the sport that has been my chosen profession and life for the past 35 years. The important decisions that this committee is involved with, impact the game in such a dramatic, and hopefully positive way, that I can not think of a more influencial body in determining the direction of the sport. All decisions must be thought out, debated, vetted through the professional side, and then enacted in a way as to keep the sport of volleyball moving forward. I would relish the opportunity to be one of the entities that helps explore and examine the direction of the sport for the tenure of the appointment. My varied experiences as a professional in the sport have prepared me for such an appointment.
