Re: Prescott Street fire lane

Dear Commissioner Weisman,

I respectfully request that a fire lane be established in front of 3 Prescott Street running for a length of 32 feet between both driveways. The installation of recent streetscape infrastructure at this location makes it extremely difficult for fire apparatus to make this turn from Summer Street. I submit this request in the interest of public safety.

Thank you for your consideration in this matter.

Respectfully,

Charles J. Breen Jr.
Chief Engineer
