CANCELLATION POLICY

Weiss Orthopaedics aims to deliver personalized care. In order to do so, we have found it necessary to implement a cancellation policy for all appointments and scheduled surgeries.

We are requiring notice of the cancelling or rescheduling of an appointment 24 hours in advance. This will permit us the opportunity to use that time to assist our other patients. If a call is made on a Saturday or Sunday, this will not be considered a 24-hour cancellation, as our office is not open during that period of time. The following will be the charges:

LATE CANCELLATION CHARGE:	**$ 75.00**
NO SHOW CHARGE:	**$ 75.00**

Unless added to our surgery schedule emergently, **all surgeries will require a two-week cancellation notice. The following is the charge for a surgery not cancelled within that two-week period.**

SURGERY CHARGE:	**$ 500.00**

The above charges are not billable to the insurance company.

Our office will be requesting credit card information to use for any cancellations, no shows, or surgery cancellation fees. All patients will also be required to sign a copy of this cancellation policy acknowledging that they understand our new policy. Obviously exceptions will be gladly made for an emergency, but documentation will be required.

I have read the Cancellation Policy for Weiss Orthopaedics and by signing and dating below, acknowledge my understanding and acceptance of this policy.
