

# UV/VIS/IR CUSTOM COATINGS

**Newport Thin Film Laboratory, Inc. (NTFL)** is a leading manufacturer of high performance thin film coatings. For more than four decades, custom optical coatings produced by NTFL have contributed to engineering progress worldwide. NTFL is looking for full-time, motivated and hardworking person to join our Optical Coating Department.

## Ideal candidate will have the following qualifications:

- Minimum high school diploma with some College Coursework.
- Good work ethic, attention to detail, initiative, adaptability, integrity.
- Operate High Vacuum chambers and components.
- Be mechanically inclined.
- Have manufacturing Experience (Machine Operating).
- All applicants must be proficient in MS Office and Internet Explorer.
- Read and follow work instruction and routers.
- Ability to read and understand technical drawings.
- Must be able to sit unsupervised for long periods.
- Work requires precision and detail.
- Heavy lifting is required.

Hands-on training provided in all aspects of the job. Candidate must be competent in using machinery and computers. Needs to be self-motivated and be able to work independently as well as a team member. Typical training period is approximately 2 to 3 months. Coating runs vary in length and can require flexibility in schedule. Saturdays may be needed for runs or cleaning the chamber in order to keep on production schedule.

NTFL offers full time employees medical, dental, vision, disability and life insurance benefits after 60 days of employment. Also offers a generous 401(K) / Profit sharing plan after 1 year of employment.

**Job Type:** Full-time
