FIRST SIX MONTHS OF 2014 INCOME AND EXPENSES

Income less than expenses during the first six months of a new ministry year is normal. During this time State Ministers are in their most active times of ministry and most fundraising activities take place in the fall. However, most of our men are well below their needed income and they could all be helped via your generosity.

CAPITOL COMMISSION

MID-YEAR UPDATE

75% of the population of the United States is represented by the twenty-four states in which Capitol Commission now has a State Minister presence.

We are six months into 2014. Here is an update on how we are doing.

Speaking for the leaders of Capitol Commission, we have been called to be faithful stewards of all that God entrusts to us (1 Corinthians 4:1-2). Therefore, as you consider what God has been

doing with Capitol Commission, please give glory to God. All that makes up this ministry, it's people and it's resources belong to Him. We are committed to being His faithful steward.

Although expanding this ministry is of utmost importance, our success in the eyes of God will be measured by our obedience and faithfulness. *Jim Young, President*

Colossians 1:3 - We give thanks to God and the Father of our Lord Jesus Christ, praying always for you.

In the ideologically divided country we live, it is refreshing to associate with followers of Jesus at the legislative level without regard to their political affiliation. Capitol Commission does a great job through their Bible Studies and Prayer Breakfasts of providing a forum for these associations. These gatherings also provide reminders that in this political environment, we as legislators have a great responsibility to represent not only our constituents but also the Lord Jesus.

-NC Senator Neal Hunt

I think that your ministry is a very critical ministry providing a divine "saline solution" to those in state leadership. I have seen first hand how the ministry works in Texas.

-Scott Moody

I have regularly attended the Illinois Bible Studies for the past two years, and in our times together I keep learning more about the Bible. Being away from my family while under pressure as a legislator makes me all the more thankful for these times. I am glad Capitol Commission exists in our Statehouse—the ministry means so much to me.

-IL Representative Linda Chapa-Lavia

The anchor of a Christ centered Bible study led by an unassuming but committed and discerning servant of Christ has been a blessing to me and my colleagues in this sea of man

-CA Senator Jean Fuller

I'm blessed to be part of the Capitol Commission Bible studies! I appreciate Paul for his dedication in not only preparing the lessons each week, but his commitment to ministering throughout the capitol as well. During our Bible study time, the legislators put aside political affiliation, gender, race and philosophical differences; uniting simply as brothers and sisters in Christ studying God's Word. The bond we develop through Bible study carries over into our relationships as it pertains to the political process; it's win – win for Missourians.

-MO State representative Don Phillips

Thanks for the daily prayer reminders for our government leaders! We need to pray as much as they need our prayers!

-Sandra Spinning-Wilson

I look forward to the Capitol Commission Bible Studies. Ron is an outstanding teacher and the lesson plans are always well prepared and focused on timely topics. For this relatively new elected official, the opportunity to gather with like-minded Christians for study and prayer at the Capitol is in unexpected blessing!

-GA Representative Bruce Williamson

I have watched Capitol Commission's ministry and am impressed with their approach and attitude. This is a true mission field and they approach it with the respect it deserves. My wife and I have become supporters of this important ministry.
