Hypo Tube Cement (TL 1202)

## **Beading Techniques needed to complete the bracelet:**

Opening and Closing a Jump Ring

*For step-by-step photos and instructions on these and other techniques, visit [FusionBeads.com](http://FusionBeads.com) and select Beading Techniques from the top navigation bar.*

## **Instructions to complete “Forgotten Garden” bracelet:**

### **Tip**

*The flower petals are sewn together into flowers with thread before assembling them with bead caps onto bead bars. Bead caps, charms and findings of various metals are used randomly in this design. Have fun mixing it up!*

### **Step 1**

Thread a needle with 4 feet of beading thread.

### **Step 2**

String five 11x12mm milky/transparent amethyst marble petal beads, bringing them to the end of the thread. Leaving a 3-inch tail, pass the needle back through the five beads again. Pull tightly, allowing enough slack for the petals to lay flat.

### **Step 3**

Cut the thread, leaving a 3-inch tail. Tie the tails together with a square knot. Apply a drop of Hypo Tube Cement to the knot and allow to dry. Trim the thread. One flower is complete.

### **Step 4**

Repeat Steps 1 – 3 four times, making the following flowers:

- 1 – amethyst flower
- 2 – peridot flowers
- 1 – cranberry flower

### **Step 5**

String the following onto one bead bar:

- 1 – Joy bead cap
- 1 – flower
- 1 – Spiral Dance bead cap

### **Step 6**

The chain is made of two small round links followed by a large oval link. Insert the bead bar through the first oval chain link, then string any one large hole spacer on the other side of the chain link.

### **Step 7**

Open one silver plated 5mm jump ring (see Opening and Closing a Jump Ring Technique). Place the jump ring through the hole in the bead bar. Close the jump ring. (The jump ring secures the bead bar assembly. See photo on next page.)

**Step 8**

Repeat Steps 5 – 7 with each of the remaining flowers.

**Step 9**

Open one brass 5mm jump ring, and use it to attach any one leaf charm to the first oval chain link (with the flower already attached to it). Close the jump ring.

**Step 10**

Repeat Step 9 with each of the remaining leaf charms, attaching them to the chain link shared with the middle flower and the flower at the opposite end of the chain.

**Step 11**

Open one 8mm jump ring, and use it to attach the loop on the ring side of the toggle clasp to one end link of chain. Close the jump ring.

**Step 12**

Open one brass 5mm jump ring, and attach it to the loop on the bar side of the clasp. Close the jump ring.

**Step 13**

Open one 8mm jump ring, and use it to attach the jump ring from the previous step to the other end chain link. Close the jump ring.
