Instructions to complete Split Pea bracelet:

Step 1

Thread a needle with 5 feet of beading thread (add new thread as needed), leaving a 12-inch tail. Using flat peyote stitch (see Flat, Even Count Peyote Stitch Technique), weave the pattern by following the graph below (see next page for enlarged chart), stopping 1 inch from the desired length.

Graph made with Beader's Canvas software (BK2597)

Step 2

Make the buttonhole slit (see Flat Peyote Clasp – Option 4 [Button and Slit] Technique), continuing to follow the pattern. Weave back through a few rows of the bracelet, and use a thread burner to burn the end of the thread (see Perfect End Thread Burner Technique).

Step 3

Thread the needle onto the tail you left behind at the other end of the bracelet, and weave through beads to the middle bead in the sixth row. String one galvanized tarnished silver Delica bead, one hole of the button (from the back to the front), three galvanized tarnished silver Delica beads, the second hole of the button, and one galvanized tarnished silver Delica bead.

Step 4

Pass down through the bead in the middle of the ninth row. Weave through beads to exit the bead passed through at the beginning of Step 3.

Step 5

Reinforce the attachment twice. Weave back through a few rows of the bracelet, and use a thread burner to burn the end of the thread.
