

Summer Smarts is coming to OAK HILL!

School Answers [Summer Smarts](#) program is coming this summer to **Oak Hill!** Our academic program keeps students engaged as they gain valuable organizational and time management skills. Students will work at Oak Hill four days a week, 3 hours a day for 3 weeks. Parents buy a seat for the 3 weeks and utilize it any way it fits their schedule best. Students will work alongside a certified teacher to review academic skills learned from the previous school year, stay on track and get a head start on next year.

Studies show that students often lose ground academically during the summer months. Our [Summer Smarts](#) program keeps students moving forward and having fun. We combine the core subject instruction students need with the technology they love. [Summer Smarts](#) helps students strengthen their Math and Language Arts skills as they improve their Social Studies and Science skills.

[Summer Smarts](#) program gives your Kindergarten through 8th grade student a chance to review foundational skills to be prepared for the next grade level, accelerate, or catch up with his or her peers. [Summer Smarts](#) is a 3- week program. Register for one session or both for double the benefit. These programs start with a pre-test to see where your child needs to focus and then he or she is prescribed just the right lessons to grasp needed concepts.

Session 1: July 5th – July 26th 9:00-12:00pm

Session 2: July 30th – August 13th 9:00-12:00pm
