

What’s New with JSI & Community – October 2018 Install

You’ll find 3 significant changes on the October Install set:

- 1) We’ve combined into 1 Manufacturer!
- 2) We’ve had a price increase
- 3) We’re using Price Zones

In response to requests from the market, and to ensure clarity, we will now be bringing all of our JSI and Community products under the **JSI** manufacturing code. We have also changed the sub-catalog code, so that like catalogs are grouped together and the flow is more conducive to work. Please see below an overview of the new order and catalog codes, along with a cross reference to the old catalog code.

JSI	JSI		JSI	JSI & Community
	JSI	Casegoods: Contemporary & Transitional	J11	JSI Casegoods: Contemporary & Transitional

	JSX	Seating 2016		
JCG	Community 2016			
	JSX	Community 2016		

Effective November 1st, 2018 JSI and Community products will reflect a 3.5% increase. The October install set will display this new pricing in Price Zone 1. Price Zone 2 will display the recent previous pricing for registered projects and some approved contracts. Please ensure that you are using Price Zone 1 for your projects, unless otherwise authorized.

Additional information and help sheets for converting previously created projects can be found under **Latest News** on our home page, or by following the URL: www.jsifurniture.com/pdf/jsi_comm_2020_catalog_restructure.pdf.
