

Teak Isle

Boat Outfitters

Adds 45,000 square feet
and two CNC routers

Ocoee, FL – January 19, 2021 - Teak Isle is excited to announce the purchase of an additional 45,000 square foot production facility. The building will be used for manufacturing and warehouse space for our rapidly growing **Boat Outfitters** retail and wholesale divisions, as well to support our OEM boat builder production needs.

Along with the addition of the new building, Teak Isle has purchased two additional CNC routers bringing our count to 11 machines. This dedication to new production capacity and technology will continue to let us serve our customers with new and innovative products and on-time delivery. We look forward to serving you.

###

Teak Isle Mfg. is the trusted source for CNC-cut OEM plastic and wood component parts for over 200 boat builders. With an engineering staff of 18 and over 280 team members running 11 CNC routers, Teak Isle works with builders from design concept to on-time delivery of high-quality custom parts. Products include cabin entry doors, laminated cabinetry, Corian countertops, access doors, bent acrylic sliding doors, and King StarBoard HDPE parts.

###

Boat Outfitters was started as the retail division of Teak Isle Mfg. to give boat owners access to hard-to-find replacement hardware and component parts. Using Teak Isle's 40-year library of OEM prints, the Boat Outfitters team helps owners source exact replacement parts and difficult to find hardware from the original manufacturer. Boat Outfitters also offers custom design and fabrication for anyone looking to upgrade their boat. We pride ourselves in being solution oriented and employ an engineering-minded sales team that can help to navigate through complex projects when a custom solution is needed. With the recent addition of a **wholesale division**, products are now available with special trade discounts to boat dealers, marinas, and mobile mechanics. **www.boatoutfitters.com**
