

UNITY of Monterey Bay
2008 Sustainability Campaign

**“We open our hearts and minds to express and receive
the fullness of God’s Good in our lives,
in our commUnity, and in our world.”**

MARCH 2008

“Quantum physicists believe the foundational substance of the universe is the quantum field. The physical world quite literally emerges from this invisible energy field. Physicists define this field as infinite, omnipresent and omnipotent. It sounds like a description of God. Perhaps this infinite energy source is synonymous with the infinite, omnipresent and omnipotent power of God Mind.” (*Sacred Secrets* p.16-17)

God is infinite energy, and we are energy beings, connected at the quantum level to the infinite energy Source—which means we have amazing potential. Through *mastery* of the law of mind-action (what *The Secret* calls the “Law of Attraction”), we can access infinite power and create our lives according to our will. *When we align our will with God’s will, we co-create our highest good—which blesses us and the world.*

Write out and post this affirmation on your refrigerator, your computer, your door—somewhere you will see it multiple times a day (or in multiple locations) as a reminder to pause and affirm:

**“I am connected to God’s infinite power;
As I align my thoughts with divine mind,
I co-create a life of infinite Good!”**

“Awakening to our potential (the creative power of mind-action) is the first step. Learning to transcend our human egos and make decisions that are good for the whole is a much more difficult step. In order to do so, we must commit to a path of spiritual transformation.” (*Sacred Secrets* p. 18)
