

UNITY of Monterey Bay
2008 Sustainability Campaign

**“We open our hearts and minds to receive and express
the fullness of God’s Good in our lives,
in our commUnity, and in our world.”**

SEPTEMBER 2008

“The *law of attraction* means living in the love vibration. If we want good to manifest for us, we must commit ourselves to feeling good, being good, doing good. Good is God expressing through us.” (*Sacred Secrets* p. 132)

Though living in the *love vibration* may be a simple concept to understand, it can be a difficult challenge to live. It requires keeping our ego/personality in check as we relate to people and circumstances from the *high watch* of our *soul-self*. Our egos easily indulge in the dramas of life, whereas our soul-self is the wise, detached participant-observer that experiences life but is not consumed by it.

When we live in the *love vibration*, our energy resonates at a high frequency and we express the God-qualities of compassion, forgiveness, tolerance, respect, generosity, joy, peace—all that inspires, empowers and enhances life. Living at this vibration frees us of the thoughts, feelings and actions that minimize and victimize us. We willingly release our neurotic fear, guilt, judgment, greed, envy, arrogance and the ego’s stubborn need to be right.

In short, the soul-self trusts that all things work together for good—or, in other words, that GOD IS GOOD, ALL THE TIME! Choosing to align my life with God’s Good... I now affirm:

**“Heart-centered in thought, word and deed,
I project love and light into the world,
and it returns to me.”**
