Biology	50						
History	50						
Mathematics	50						
Economics	100						
Chemistry	100						
	100						
	100						

## WORK HABITS

For best results, it is recommended that pupils listen well and follow instructions. Those who carefully attend the daily work, by treating it with earnestness and pride, are developing dependability as well as aiming for success.

## HEALTH AND SOCIAL HABITS

It is desirable that our pupils conduct themselves in a courteous manner, that they observe safety rules and respect school and public property. It is also of paramount importance that they develop ability to get along with one another.
