THE UNITED METHODIST CHURCH

SCREEN, TRAIN, & MOBILIZE YOUR TEAM!

Having a sound background screening program is the first step to providing a safe place for your church members. An educated and attentive core of volunteers and staff is necessary to maintain that environment. Proper screening and training of your staff and volunteers to recognize the first sign of a problem is often the most effective tool in protecting your congregation from those who may do harm to its people and mission.

With TRAK-1 background screening and Smart-Trak, you have an all-in-one online system that answers the question of how you will manage, screen, and train your volunteers and staff members. Easily upload photographs of your team, store information about them, organize your training sessions and track completion, background screen your team members, and use our online event scheduling tool to get your volunteers to your events.

PROTECT YOUR PEOPLE FROM:

- Sexual Molestation
- Dangerous Drivers
- Employee Dishonesty

PROTECT YOUR MINISTRY FROM:

- Emotional and spiritual attacks on your congregation
- Stress arising from claims, investigation and litigation
- Monetary loss and financial strain

SAFE, SECURE & STRESS-FREE.

TRAK-1 is an accredited background screening company with the National Association of Professional Background Screeners (NAPBS). It is no small accomplishment to be accredited as fewer than 2% of background screening firms have achieved this honor. TRAK-1 adheres to the highest standards of safety, security, and service, and delivers the best products and services available.

We deliver:

- Accurate results in a timely manner
- Peace of mind
- Risk mitigation for you, your members, and guests.

YOU WANT IT WHEN? YES, WE CAN!

TRAK-1 offers no hassle contracts, no monthly minimums, and no “locked in” contracts. You simply pay for what you use when you use it and get the results when you need them. Give us a try! We can have you up and running in no time.
