# Week 10 – Identifying the Gifts of the Spirit

- The Gift of Faith: It is a special faith which is imparted supernaturally through the working of the Holy Spirit which enables and allows the believer to achieve what is impossible through human instruments. God, through the power of the Holy Spirit, performs supernatural exploits that cannot be humanly explained. When the gift of faith is in operation the believer operates well above his or her normal level of faith.

# Week 11 – Identifying the Gifts of the Holy Spirit

- There are different kinds of faith.
  - Natural faith – Reliance upon natural principles and processes. One example would be the farmer who sows his seed in the field with expectation that the seed will germinate and produce a crop. He relies on observable natural law to consistently perform. Another example would be the fisherman who puts his or her hook or net in the water at the right place and time and relies on the natural inclination of the fish to allow him to catch his fish. There are many instances in life when we use natural faith; sitting down in a chair, driving a vehicle, getting on a plane, etc.

# Week 12 – Identifying the Gifts of the Holy Spirit

- Different kinds of faith continued...
  - Saving Faith – Saving faith is found in the declaration of the gospel. Romans 1: 16 says, “For I am not ashamed of the gospel of Christ: for it is the power of God unto salvation to every one that believeth; to the Jew first, and also to the Greek.” When a person hears the gospel of Christ they may receive the faith in that gospel personally and be born again. Ephesians 2: 8-9 says, “For by grace are ye saved through faith; and that not of yourselves: it is the gift of God: Not of works, lest any man should boast.”
