It is a collaboration with community related services in Philadelphia and 14 Special Education seniors from Achievement House will participate in this program through August. This program will allow students to participate in paid work experience over the new few months and help them to transition into the workforce.
- VIII. Discussion Enrollment/Marketing Video Report
  - A. D. Fraatz asked if there were any questions or comments about the Enrollment/Marketing Video Report.
    1. R. Maranto asked about our number of students increasing by 8-9% from this time last year and whether it was related to recruitment or retention. Alane Butler stated it is from both, and credits this to the academic and attendance staff engaging students and maintaining our current students. Families and students are having their needs met and getting the help they need. A. Butler also stated that enrollment is strong through December and then begins to vary in the middle of the school year. The number of students currently enrolled is 530.

2. Don Asplen stated that the web visibility goes up about 10 out of the 12 months in a year and the cost has lowered, saving about \$7,500-\$8,000 per month. We are getting better visibility, more hits, and spending less per month, which is a result of the search engine optimization and other marketing tools.

XI. Finance/Business Report

- A. Ryan Schumm stated there is some frustration with the Dept. of Education as they are not releasing tuition rates until mid-March. We are currently using the PDE published rates from last year for the 60% of districts that did not submit the rate calculation form to the PDE. The rate recalculation will impact the current year tuition revenue and will trigger a budget revision. Among the 40% of the districts that did complete a rate calculation for this year, the average change was an increase of over 4% in both regular and special education rates. Because Achievement House is below the budgeted ADM and there is a higher ratio of Special Education students, the budget balances out.
