Welcome, New Members!

On Sunday, January 28th, the Epsilon Lambda chapter of Alpha Xi Delta happily welcomed 19 New Members into our home. After an exhilarating recruitment process, our sisters were elated to see these wonderful young women run into the arms of their new sisters in the Alumni Gym after accepting their bids. Our new members have already begun showing their passion for Alpha Xi Delta by committing themselves to learning about our chapter's history and traditions while growing closer to all the women in the house. We cannot wait to help them achieve their potential as sisters in our fraternity.
