

# NEW ORLEANS ALUMNAE CHAPTER

## CALENDAR OF EVENTS & EFFORTS

AUGUST - DECEMBER, 2023

### *From the President's Pen*

Sisters, It is time for a new fiscal year, and our Leadership Team of volunteers has been busy planning more exciting events for a variety of interests. Being a group of ladies of many different ages, backgrounds, professions and services offers us the opportunity to try new things and ways for involvement and support. Please consider sharing your talents and connections as we greatly appreciate more input and ideas. Volunteer to make a difference in this meaningful endeavor to Do Good for our Sisterhood!

Just as important for our successes is for our members to pay their alumnae chapter dues, so please check your email from @MemberPlanet.net for a direct link. If you don't know your MemberPlanet log in, it is easy to create and is the same log in used for the Delta Gamma Fraternity website, where you can update your contact information and include an email to stay in the know with NOAC.

Generosity from members and nationwide EPhi alumnae through dues payments, monetary donations, contributions and fundraisers has strongly impacted what NOAC has been able to do for our collegiate chapters, local Service for Sight philanthropies and Delta Gamma Foundation. We can't thank all of you enough for whatever you have been able to share, and truly appreciate your generous support. We are working together to Do Good and can't wait to see what the future holds! ITB, Liz Ferguson, Alpha Psi-Mississippi

## 2023 Epsilon Phi Needs Your Generosity - Click here to Check out these Smiles sharing Recruitment Info!

The Epsilon Phi chapter is mighty, and these collegians are amazing! Like other Loyola chapters, their small group of around 50 members makes it challenging to have the budget needed for the required DG fees, expenses, and events. When collegians returned to campus post-pandemic, it became even more apparent of their financial need with even fewer members. A large expense is meals for the ladies as they are very busy day and night decorating, practicing, studying and more throughout the recruitment week.

### **Alumna near or afar can assist and support!**

[Click here to donate to our "Helping Hannahs" fundraiser](#), which can be designated specifically for EPhi.

[Click here to purchase items from their Amazon Wish List](#). Please ship to Savannah Chamblee as noted and include your name on a gift card. We all are very appreciative and want to acknowledge contributions.

### **YOU can be an Aunt Hannah for 2023-2024 EPhi Seniors!**

A new program was created to pair NOAC members volunteering as Aunt Hannahs for each collegian senior. We learned a few fun facts about each before announcing the pairs for friendship, mentoring or a listening ear for the senior's final semester. Pairings will be created this fall, and a group lead is needed as well as ideas for this group to stay connected and share!

# NOAC Information and Quick Links

Update your contact info and include an email to receive our communications!. How to do it?

**The same log in and password are used for Delta Gamma (DG) and MemberPlanet (MP).**

## Stay Connected

If you have trouble resetting your password, consider using your chapter name and year of initiation for your password for an easy option related to DG to remember, ie EpsilonPhi2000. If you still need assistance, email [addresschange@deltagamma.org](mailto:addresschange@deltagamma.org).

Members can also email to request to be included in an "Affiliated Alumnae Group", such as Gamma Zeta alumne members of NOAC to receive communications from Baton Rouge alumnae chapter.
