

## Anchor Splash is Back!

Anchor Splash is our annual philanthropy event, and we were so excited to have it back this year. Our foundation, Aarin Leavitt went above and beyond to create a successful event! Members were coaches for teams that were made up of University of Oregon students who performed a synchronized water routine. Each team also raised money and participated in fun events such as a banner competition, an all-you-can-eat spaghetti dinner, profit shares, and a canned food drive. These lead-in events kicked off on May 9th and concluded after the big Anchor Splash showdown on May 14th. The winner of Anchor Splash was Pi Kappa Phi and they received \$500 dollars for a charity of their choice, and a year's worth of bragging rights.

We raised over \$11,000 dollars for Delta Gamma's Service for Sight and can not wait for next year!

## Mom's Weekend Fun

We welcomed our lovely moms in early May for a weekend of relaxation, fun, and laughter. Mom's weekend chair, Grace Schoen planned an action-packed weekend including an Open House, house tours and charcuterie boards on Friday. Saturday included brunch at the house along with bouquet making, yoga and shopping opportunities. Sunday found everyone at Delta Gamma Founders Day brunch where the Recommitment Ceremony was performed for the graduating seniors and we celebrated the founding of Delta Gamma almost 150 years ago.

Our members are so thankful for all of our moms and the impact they have on our lives.

## Chapter Members Recognized

In celebration of Delta Gamma-Alpha Delta Founders Day, the following individual chapter members were recognized for their contributions:

**Outstanding New Members:** Molly Miller and Niamh Oflarehty

**Pink Award for dedication to the Foundation:** Aarin Leavitt

**Blue award for scholarship:** Molly Levitt

**Bronze Award for scholarship:** Anna Giroux, Audrey Charters, Taitlynn Colosimo and Julia Lo

**Stellar Award:** Chloe Stone and Harlow Sayers

This event hasn't been held since the pandemic and thanks to our chapter management team, directors, and advisors it was all able to happen this year.

## Member Spotlight

Chloe Stone got awarded this year's stellar award at the Founder's day event. This award goes to a member who has shown outstanding work in their office and has achieved many goals for our chapter. As past Vice President Membership, she was able to plan successful fall recruitment after coming back from a year full of zooms. Now, serving as current Honor Board Junior Member Chloe has gone above and beyond for the women of our chapter. She created a new sister of the week portion of our weekly chapters where members get awarded smartest sister, supportive sister, and top sister of the week. Furthermore, she has spent an immense amount of time focusing on how to better our chapter.

She never fails to make those around her smile and brings such a positive light to Delta Gamma.

## Eugene Marathon

The Eugene Marathon took place on May 1st where several of our members ran the half or full marathon. Other members went out to support their sisters on the sidelines. Sisters Lily and Natalie Chrisman both ran the half marathon together and had the best time. Lily says, "Running my first half marathon was not only a great challenge but a special moment I was lucky enough to share with my sister. I am so proud of Natalie".

Lily Chrisman is also the Director of Scholarship at our chapter. She was able to host a scholarship dinner for the first time to recognize the 26 members who achieved a 4.0+.

## Panhellenic Chapter Awards

Members Megan Imbach and Julia Lo received the following Panhellenic Awards: Emerging Leader of the Year and Sorority Woman of the Year. We are so proud of their accomplishments both in Delta Gamma and the University of Oregon community.

Our VP: Membership, Megan Imbach and her team are busy planning for recruitment this fall. The team would love to get as many sponsor forms as possible. If you know an incoming Oregon freshman who will be participating in recruitment. Please fill out a Recommendation Form form on the Delta Gamma website:
