Theta Omicron • Arizona State University

Spring 2019

From the VPAR

Hello Sisters!

It has been a busy semester with Theta Omicron since taking over as VPAR in January. As an Executive Council we attended the Regional Leadership Conference in Los Angeles to meet with other executive councils. We were able to set goals for our chapter to maximize success and learn how to increase our leadership roles.

With Dad's Weekend this spring, the fall will be busy with the 30th Anniversary of Theta Omicron Celebration, Founder's Day and Family Weekend. I'm looking forward to hosting these wonderful events in Tempe!

LISK, Liesl Babicka

From the VPMNE

This semester has been wonderful as we have initiated 16 lovely new doves into our mystic bond. We started the semester with a Slumber Party Bid Day, filled with pancakes, dance parties, and pajamas!

From there I led the new members through the Promise Program and watched them grow into amazing active members. Together we participated in a Photoshoot, a Big-Little Event, and of course, Initiation.

To close off the year, I held a celebratory dinner to honor all of their accomplishments and of course, working on next year's Bid Day!

Chapter of the Year

We are so honored to be the 2018 Panhellenic Chapter of the Year as well as the winner of President's Cup!

Theta Omicron received four outstanding awards from Arizona State Fraternity and Sorority Life on April 5th, 2019. In addition to the 2018 Panhellenic Chapter of the Year, Theta Omicron won the President's Cup for 2018 as recognition for having the highest overall score out of Arizona State's councils.

In addition to these two awards, Theta Omicron received recognition with Gold Standard awards in both academic excellence and programming. These awards were assessed and awarded based on annual reports produced by the 2018 Executive Council for Fraternity and Sorority Life.

We are incredibly grateful to hold these titles going into the 2019-2020 school year!

Sig Kap n Cheese

The Theta Omicron chapter participated in three fraternal philanthropy events in the month of March, including Pi Kappa Phi's Bike-A-Thon, Pi Kappa Alpha's Firemen's Challenge, and Lambda Chi Alpha's Watermelon Bust.

Then we had our third annual Sig Kap n Cheese event on March 28th in our brand-new Greek Leadership Village house. Sisters helped make homemade mac n cheese (our secret recipe) and sold tickets! Using a new ticket sales technique online, we were also able to accept donations more easily, which helped us reach our fundraising goal of \$5,000.

In total, we raised \$5,297.54 for the Sigma Kappa Foundation PULSE fund this semester through our Sig Kap n Cheese event. We raised \$1,000 more than in previous years!

Sig Kap Sisterhood

It has been a very exciting semester for Sisterhood. We began by celebrating some sisterly love with a Galentine's dessert party where we wrote Valentines for each other and made sugar scrubs.

We had a very successful carnival themed spring retreat at Encanto park in Phoenix. Isha Jacks, a "Live With Heart" facilitator, joined us for retreat and assisted in programming on mental health and personal wellness. Theta Omicron had the privilege of being the second Sigma Kappa chapter to receive this service from nationals.

In March, we took a trip to the Sig Kappiest Place on Earth! Disneyland! We had a scrapbooking party to look back on all the memories made with our sisters this year. To finish off the semester, we put on a sisterhood brunch with an espresso bar to get us prepared for finals.

Upcoming Fall Events

**New Member Ceremony
September 9, 2019**

**Ultraviolet Campaign
October 22-26, 2019**

**Phoenix Walk to End
Alzheimer's
November 2, 2019**
