

SIGMA KAPPA

Live with Heart

Gamma Phi • North Carolina State University

Hello all! I'm wishing everyone a very happy 2017 and hope you all have had a great New Year so far. My name is Mary Goughnour and I am the new Vice President of Alumnae Relations for the Gamma Phi Chapter of Sigma Kappa!

I am a Sophomore studying Communications with a concentration in Media and double minoring in Journalism and Spanish. Last year I served on our Junior Executive Council as Spirit Chair and am excited to take on what this new position has to offer!

In this Newsletter you will find updates from our Chapter, upcoming events, and a special look at some of our current members.

Please feel free to contact me at the following email and I look forward to this year to come!

Senior Spotlight

Meet Claire! Claire is a Human Biology major with minors in both Nutrition and Sociology. Claire is currently a nursing assistant at a local rehabilitation center and has previously served as our executive Vice President! Some things she enjoys for fun is Yoga and traveling as pictured in her previous trip to Colorado. We love you Claire!

"Sigma Kappa has made me really believe in myself and grow into the person I am today."

Dance Marathon - For The Kids

This year we had the opportunity to form a group and participate in Dance Marathon. Miracle Network Dance Marathon is a movement benefitting Children's Miracle Network Hospitals, a non-profit organization that raise funds and awareness for more than 170 pediatric hospitals across North America. We are so proud of our girl's who decided to participate and helped raise over 100 dollars to benefit the organization!

The Girls of Gamma Phi danced the night away at a great Semi Formal that took place at Market Hall downtown! With Liquid Pleasure playing it was hard not to get out there and do a little dance!

Gamma Phi's members of the Executive Council attended the Southeastern Regional Leadership Conference on January 27-29 in Atlanta, Georgia. We had a great time learning about our new roles and getting to know members from other Chapters of Sigma Kappa! RLC allowed for us to learn new ideas and break off into groups based on our individual positions. Overall we had a great trip and were able to do a bit of exploring on Friday before the conference in Downtown Atlanta.

Thanks for reading our
