# Theta Deltas Abroad

Senior Jessie Keller, senior Kristen Coffey, and sophomore Kelly Coffey decided to spend their summers studying abroad. We also welcome back senior Marisa Foreman from her semester abroad!

## Jessie's Adventure to Spain

"Deciding to go abroad was the one of the best decisions of my life. I studied for a month and a half in Spain and also got to visit England, France and Greece. Traveling was a wonderful, eye-opening experience and I loved seeing the different cultures of European countries. I will never forget my summer abroad and I now have a better appreciation for other countries, as well as my home in America. I did miss my family and my sisters though!" -Jessie

## Marisa's Semester in Florence

"My abroad experience was absolutely life-changing and indescribable. Every city, culture, and country that I encountered shaped me into the new person that I am today. Florence will always hold a special place in my heart and I cannot wait to return and relive every moment. With that being said, I am now back and ready for my last chapter at Towson University with my beautiful sisters! Ciao!" -Marisa

## The Coffey Sisters in Ireland

"Spending seven weeks in Dublin, Ireland was amazing! Interning in a different country really opened my eyes to the opportunities in my field and exposed me to new things. I had a marketing internship with The Helix, a theatre on the Dublin City University Campus. Although I worked full time Monday to Friday, I spent every weekend sightseeing in the country and seeing as much of Ireland as possible. Being there with my little sister was amazing because we got to experience it together. I definitely want to go back!" -Kristen

"Being able to study abroad in Ireland provided me with the opportunity to experience the country's professional and cultural aspects. While interning at Willis, a global insurance broker, I gained firsthand experience in my profession and saw how the American profession differs from the Irish. Every weekend, Kristen and I traveled around Ireland to see all of its natural beauty." -Kelly
