
While many of my peers view a product, identity, or service as an project unto itself, I see a cog in a complex machine. I strive to build the parts that allow this machine to run like a work of art.

EMPLOYMENT

MODERN INDUSTRY

Founder, September 2011 - Present
What started as my master's thesis became a successful Kickstarter project, an invaluable learning experience, and a growing brand.

SOL REPUBLIC

Contract Designer, May 2013 - August 2013
In addition to supporting the SOL Republic design team in any way I could, I played an integral role in the development of the design language and concepts for 2 future products.

SENDA SPORTS

Contract Designer, Fall 2011 - Spring 2012
Working directly with CEO Santiago Halty, I developed packaging solutions that showcased Senda's values while helping the product stand out from the crowd.

PETER STATHIS & VIRTUAL STUDIO

Design Intern, Spring 2011
I supported the studio's efforts through ideation, concept development, 3D modelling and rendering, and creating client presentations and of brand strategies that helped shape our clients' future visions.

TARADEL

Graphic Designer, 2008-2009
I helped clients achieve their marketing goals through beautiful, informative graphics..

EXCEL GRAPHICS

Production + Design Manager, 2007-2008
Graphic Designer, 2006-2007
I helped improve both quality and efficiency of the design and production teams by increasing structure, organization, and creating employee incentives for better, faster work.
