EXPERIENCE

Equipment Designer, The North Face. Alameda, California
Design of outdoor equipment featuring technical packs, tents, sleeping bags.

Industrial Design + Soft Goods Design Consultant, nordhauser.co. San Francisco, California
Design professional with experience bringing successful products to market in the action sports + outdoor industry. Work has included concept ideation, seasonal trending, prototyping, packaging, design + development. Clients include BXCLVR, Endless Ammo, Most Modest and various independents.

Industrial Designer, Rofu Design / Chrome Industries + Keen Footwear. San Francisco, California
Design and development of utility-focused consumer products for brands such as Chrome Industries and Keen Footwear from ideation, sketching, prototyping, construction and pattern-making through spec creation and bill of materials for domestic and overseas production. Management of Chrome + Keen domestic production and sample-making in Chico, California.

Industrial Design Intern, Rickshaw Bagworks. San Francisco, California
Conducted analyses exploring product concepts' commercial viability, marketing, final cost and pricing, and package design. Used prototyping to refine design for marketability and in-house manufacturability.

Assistant Instructor, Wizbots. Redwood City, California
Helped develop products to inspire creativity, critical thinking, and problem-solving in children through the use of robotics.
