2. Segment 0 members get the normal functionality – click on a thumbnail and you get the pop up:

The screenshot shows a 'Photo Album' interface. At the top, there is a 'West Pac 80' label. Below it, a 'Display: All Photos' dropdown menu is visible. The main area contains a grid of photo thumbnails. Each thumbnail includes a small image, a star rating (e.g., 5 stars), and a title (e.g., 'West Pac 80', 'Untitled', 'Sea and Anchor', 'Hanging Out'). A large pop-up window is overlaid on the grid, displaying a full-size photo of two women in tennis attire holding trophies. The pop-up has a close button (X) in the top right corner and a 'Full Size' label in the bottom right corner. The photo caption reads 'Winnies Olongapo February 1980'. In the background, other thumbnails are visible, including one titled 'Port of Call Kodiak Alaska' and another 'Port of Call Alcapulco'.

- As a Segment 1 member I visit someones gallery, but am immediately redirected to the Payment Page

Continue your Full Membership today for all these benefits!

All these other photos belong to someone else, so when I click on the thumbnail I go to the payment page.

This photo belongs to me, so when I click it I still get the image pop up.
