

Middle School Spanish-language supports

Amplify Science is committed to providing support to meet the needs of all learners, and includes multiple access points for Spanish-speaking students. Developed in conjunction with Spanish-language experts and classroom teachers, multiple components are available in Spanish across the Amplify Science curriculum.

Student Investigation Notebook from the Ocean, Atmosphere, and Climate Unit

Science Article from the Harnessing Human Energy Unit

Spanish-language print materials

Amplify Science users can purchase Spanish-language resource packages which include one Student Investigation Notebook with Article Compilation, one unit materials notebook containing copy masters and assessments, video transcripts, and a simulation translation key, and the printed classroom materials. Additional Student Investigation Notebooks can be purchased.
