LAUSD mCLASS® Single Sign-On Quick Start Guide

Use this quick start guide to log in to Amplify Home and the mCLASS assessments using LAUSD’s Single Sign-on (SSO).

Amplify Online Help and LAUSD SSO

Amplify’s online help and printed documentation contain instructions for educators to log in to mclasshome.com for Amplify Home and mclasshome.com/assessment for the mCLASS app.

IMPORTANT: To use SSO you’ll need to use a different web address to log in to Amplify Home and to set up the mCLASS app to assess your students.

For LAUSD staff logging in via SSO, when you see “mclasshome.com” in an instruction, add “lausd.” at the beginning:

• Bookmark both of these web addresses for quick access.
• Use your LAUSD user name and password to log in.

Log in to Amplify Home with SSO

The first example below shows the instructions from the documentation for an educator with a generic mCLASS login. The second example is for LAUSD staff logging in via the SSO.

Amplify online help instructions:

1. Open your browser and go to www.mclasshome.com.
2. Type your mCLASS user name and password and click Log In.
   After successful sign in, the Amplify home page displays.
LAUSD Single Sign-on instructions:

2. Log in using your LAUSD user name and password. After successful sign in, the Amplify Home page displays. Continue with the instructions as written in the generic documentation.

Access mCLASS Assessments with SSO

2. Log in using your LAUSD user name and password. The mCLASS Application Selection screen displays.
Update the mCLASS App for SSO

If you previously used the mCLASS app without SSO to assess students and would like to use the mCLASS app with SSO, follow these steps to update the app:

1. Sync your mCLASS app.
2. After syncing, delete the mCLASS app from your device’s home screen or desktop.
3. Locate the directions for installing the mCLASS app on your operating system in the corresponding Best Practices guide on Amplify’s Support & Resource Center:
   - Windows 7
   - Windows 8 and 10
   - iOS
   - Chromebook
4. Follow the directions as written, but instead of using the mclasshome.com/assessment URL, use: https://lausd.mclasshome.com/assessment
6. Use your LAUSD user name and password to log in to the mCLASS app with SSO.
